INDEPENDENT AUDITOR'S REPORT

We have audited the accompanying statement of financial condition of FMG Distributors, Inc. as of December 31, 2007 and the related statements of income, changes in stockholder's equity, and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We have conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of FMG Distributors, Inc. as of December 31, 2007, and the results of its operations and its cash flows for the year then ended in conformity with generally accepted accounting principles.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in the accompanying schedule, Computation Of Net Capital Under Rule 15c3-1, is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2007

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies applied in the preparation of the accompanying financial statements is as follows:

Description of business - FMG Distributors, Inc. is a registered broker/dealer engaged in selling mutual funds and variable annuities to other broker/dealers.

Accounts receivable - accounts receivable are shown net of a reserve for bad debts.

Estimates - the preparation of financial statements in conformity with generally accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 2 - CAPITAL REQUIREMENTS

The Company is subject to the Uniform Net Capital Rule (Rule 15c3-1) under the Securities Exchange Act of 1934, which requires that aggregate indebtedness (as defined) shall not exceed fifteen times net capital (as defined).

The following is a summary of the Company's net capital position at December 31, 2007.

Net capital	<u>\$8,989</u>
Excess of net capital over requirements	<u>\$3,989</u>
Aggregate indebtedness to net capital	<u>.19-1.00</u>

NOTE 3 - CUSTOMER SECURITIES - POSSESSION AND CONTROL REQUIREMENTS

The Company is exempt from certain provisions of rule 15c3-3 of the Securities Exchange Act of 1934 since it carries no customer accounts, and does not otherwise hold funds or securities of customers.

No difference exists between Net Capital, as reported in Company's Part IIA (unaudited) Focus Report and Net Capital as reported in this audit report.

To the Stockholder
FMG Distributors, Inc.
Norwalk, CT 06851

In planning and performing our audit of the financial statements of FMG Distributors, Inc. for the year ended December 31, 2007, we considered its internal control structure, including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission, we have made a study of the practices and procedures (including tests of compliance with such practices and procedures) followed by FMG Distributors, Inc. that we considered relevant to the objectives stated in rule 17a-5(g)(1), in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and the procedures for determining compliance with the exemptive provision of rule 15c3-3. We did not review the practices and procedures followed by the Company (1) in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by rule 17a-13; (2) in complying with the requirements for prompt payment of securities under section 8 of Regulation T of the Board of Governors of the Federal Reserve System; and (3) in obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by rule 15c3-3 because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities.

The management of FMG Distributors, Inc. is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

To the Stockholder
FMG Distributors, Inc.
Page 2

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they might become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure, including procedures for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2007 to meet the Commission's objectives. In addition, the Company was in compliance with the exemption provisions of rule 15c3-3 at December 31, 2007 and, further, no facts came to our attention indicating that the Company was not in compliance with such conditions during the year ended December 31, 2007.

This report is intended solely for the use of management, the Securities and Exchange Commission, the National Association of Securities Dealers, Inc. and other regulatory agencies which rely on rule 17a5(g) under the Securities Exchange Act of 1934 and should not be used for any other purposes.
