## NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED AUGUST 31, 2008

### 1. Organization and Summary of Significant Accounting Principles

#### Organization:

Harvestons Securities, Inc. ("Harvestons") was incorporated in the State of Colorado on January 15, 1993, for the purpose of conducting business as a registered broker/dealer in securities.

Harvestons has claimed an exemption from rule 15c3-3 of the Securities and Exchange Commission. The Firm does not hold cash or securities for the account of customers. A summary of Harvestons' significant accounting policies is as follows:

#### Depreciation and Amortization:

Depreciation is provided on a straight-line basis using estimated useful lives of three to five years for all assets.

#### Marketable Securities:

Securities transactions are recorded on a settlement date basis. Marketable securities are valued at market value and securities not readily marketable are valued at fair value as determined by the Board of Directors. The resulting difference between cost and market is treated as unrealized gain or loss at the year end. Net unrealized loss for the year ended August 31, 2008 is \$362,967.

#### Income Taxes:

Income taxes are provided at the statutory rate, and are based on earnings reported in the financial statements. Deferred income taxes are provided using a liability approach based upon enacted tax laws and rates applicable to the periods in which the taxes become payable.

#### Cash Equivalents:

For purposes of the statement of cash flow, Harvestons considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

### 2. Net Capital Requirements

Harvestons is subject to the Securities and Exchange Commission Uniform Net Capital Rule for fully disclosed broker/dealers (rule 15c3-1) which requires the maintenance of minimum net capital of \$100,000 and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At August 31, 2008 Harvestons had net capital of \$488,982 which \$388,982 was in excess of its required net capital of \$100,000. Harvestons had aggregate indebtedness in the amount of \$75,590 therefore, its net capital ratio was .2 to 1 at August 31, 2008.

# HARVESTONS SECURITIES, INC.

## NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED AUGUST 31, 2008

**INDEPENDENT AUDITORS' REPORT ON INTERNAL  
ACCOUNTING CONTROL REQUIRED BY SEC RULE 17a-5**

October 24, 2008

The Stockholder and Directors of  
Harvestons Securities, Inc.

In planning and performing our audit of the financial statements of **Harvestons Securities, Inc.** for the year ended August 31, 2008, we considered its internal control structure including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by rule 17a-5(g) (1) of the Securities and Exchange Commission, we have made a study of the practices and procedures (including tests of compliance with such practices and procedures) followed by **Harvestons Securities, Inc.** that we considered relevant to the objectives stated in rule 17a-5(g), in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a) (11) and the procedures for determining compliance with the exemptive provisions of rule 15c 3-3.

The management of **Harvestons** is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which **Harvestons** has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

The Stockholder and Directors  
Harvestons Securities, Inc.  
October 24, 2008  
Page Two

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the *American Institute of Certified Public Accountants*. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure, including procedures for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that **Harveston's** practices and procedures were adequate at August 31, 2008, to meet the Commission's objectives.

This report is intended solely for the use of management, the Securities and Exchange Commission and other regulatory agencies which rely on rule 17a-5(g) under the Securities Exchange Act of 1934 and should not be used for any other purposes.
