REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

**Board of Directors
Saturna Brokerage Services, Inc.
Bellingham, Washington**

We have audited the accompanying statement of financial condition of Saturna Brokerage Services, Inc. as of June 30, 2008 and the related statements of income (loss), changes in ownership equity, and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Saturna Brokerage Services, Inc. as of June 30, 2008, and the results of its operations and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audit was made for the purpose of forming an opinion on the basic financial statements, taken as a whole. The information contained in Pages 9, 10 and 11 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

SATURNA BROKERAGE SERVICES, INC.
(A wholly owned subsidiary of Saturna Capital Corporation)

NOTES TO FINANCIAL STATEMENTS
June 30, 2008 and 2007

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Organization

Saturna Brokerage Services, Inc. (SBS) was organized under the laws of the state of Washington on September 2, 1986 as a broker/dealer. The company is a wholly owned subsidiary of Saturna Capital Corporation (Saturna).

Basis of presentation

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment in affiliated mutual funds

SBS's sole investments are in affiliated mutual funds, consisting of short-term taxable bonds, long-term taxable bonds and equities. The mutual fund investments are carried at market value.

Cash and cash equivalents

For purposes of the statements of financial condition and cash flows, SBS considers all short-term investments with an original maturity of three months or less to be cash equivalents.

SBS maintains cash balances at one financial institution. Accounts at the institution are secured by the Federal Deposit Insurance Corporation up to \$100,000. At certain times, SBS's bank balance may exceed \$100,000.

Income taxes

SBS files a consolidated income tax return with Saturna. For financial statement purposes, income tax expense is calculated as if SBS filed a separate return.

SBS accounts for income taxes on an asset and liability approach which requires the recognition of deferred tax liabilities and assets for the expected future tax consequences of temporary differences between the carrying amounts and tax bases of other assets and liabilities.

Management has analyzed the Company's position taken on Federal, state and local income tax returns for all open tax years (2005-2008) and has concluded no additional adjustments are required in the Company's financial statements.

Advertising costs

SBS expenses advertising and marketing costs when incurred.

12b-1 Plan Distribution

SBS, as underwriter for the Amana funds and at no profit to itself, receives up to 0.25% of Amana's daily net assets annually for various marketing and distribution expenses. For the year from July 1, 2007 through June 30, 2008, SBS was paid \$2,504,062 by Amana Mutual Funds Trust, and made \$3,435,071 in payments for Amana's distribution. For the year from July 1, 2006 through June 30, 2007, SBS was paid \$1,222,272 by Amana Mutual Funds Trust, and made \$1,561,041 payments for Amana's distribution. Distribution expenses exceed revenues primarily

because mutual fund distribution platforms used by Amana charge up to 0.40% of Amana's daily net assets, and Amana assets from these distribution platforms continued to increase dramatically in the last two fiscal years.

SBS also acts as the underwriter for the five Sextant funds in the Saturna Investment Trust. As underwriter of the Sextant funds, SBS receives up to 0.25% of the funds' daily net assets annually for various marketing and distribution expenses. For the year from July 1, 2007 through June 30, 2008, SBS was paid \$98,138 by Saturna Investment Trust, and made \$117,630 in payments for Sextant fund distribution and marketing. For the year from July 1, 2006 through June 30, 2007, SBS was paid \$58,150 by Saturna Investment Trust, and made \$21,192 in payments for Sextant fund distribution and marketing.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Fair value of financial Instruments

The carrying amount of cash, investments, receivables and accrued expenses approximate fair value.

Note 2 - NET CAPITAL REQUIREMENTS

SBS is subject to the Securities and Exchange Commission uniform net capital rule (Rule 15c3-1), which requires the maintenance of minimum net capital, so that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At June 30, 2008 and 2007, SBS's net capital of \$310,053 and \$261,702 was \$260,053 and \$211,702 in excess of its required net capital, respectively. The ratio of SBS's aggregate indebtedness to net capital was 1.467 to 1 and 1.083 to 1 at June 30, 2008 and 2007, respectively.

Note 3 - TRANSACTIONS WITH AFFILIATED PERSONS

SBS is a wholly owned subsidiary of Saturna. Due to his common stock ownership, the president of Saturna is deemed to be Saturna's controlling person. The president of Saturna is also president of SBS, and is president, a trustee and a shareowner of both Amana Mutual Funds Trust and Saturna Investment Trust (the Trusts).

Among other customers, SBS provides brokerage execution services to private accounts and mutual funds managed by its parent, Saturna Capital Corporation. Effective January 1, 2005, SBS executes transactions for these managed accounts for no commission. This negatively impacts SBS, since it still must pay its clearing and other charges for these transactions.

SBS shares its principal executive offices with Saturna, and all employees of SBS are employees of Saturna. The companies maintain an expense sharing agreement. For the years ended June 30, 2008 and 2007, Saturna waived payment for services provided by Saturna personnel on behalf of SBS.

Note 4 - PROVISION FOR INCOME TAXES

No deferred tax assets or liabilities were recorded at June 30, 2008 and 2007 as there were no temporary differences between the carrying amounts and tax bases of other assets and liabilities.

SBS records a receivable from Saturna for the tax benefit of the taxable loss that SBS generates. For the year ended June 30, 2008, SBS recorded a current Federal tax benefit for \$374,000.

REPORT ON INTERNAL CONTROL REQUIRED BY SEC RULE 17a-5

Board of Directors
Saturna Brokerage Services, Inc.
Bellingham, Washington

In planning and performing our audit of the financial statements of Saturna Brokerage Services, Inc. (the "Company"), as of and for the year ended June 30, 2008, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company, including consideration of control activities for safeguarding securities. This study included tests of compliance with such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g), in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and the procedures for determining compliance with the exemptive provisions of Rule 15c3-3. We did not review the practices and procedures followed by the Company in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by Rule 17a-13, or in complying with the requirements for prompt payment for securities under Section 8 of Regulation T of the Board of Governors of the Federal Reserve System, because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining effective internal control over financial reporting and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls. A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of a company's assets that could have a material effect on the financial statements. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Board of Directors
Saturna Brokerage Services, Inc.
Page Two

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A deficiency in internal control over financial reporting exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at June 30, 2008, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
