The Board of Directors
Rensselaer Securities Corp.

In planning and performing our audit of the financial statements of Rensselaer Securities Corp. (the Company), as of June 30, 2008 and for the year then ended we considered its internal control structure, including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

We also made a study of the practices and procedures followed by the Company in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and the procedures for determining compliance with the exemptive provisions of rule 15c3-3. We did not review the practices and procedures followed by the Company in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by rule 17a-13 or in complying with the requirements for prompt payment for securities under § 8 of Regulation T of the Board of Governors of the Federal Reserve System, because the Company does not carry security accounts for customers or perform custodial functions related to customer securities.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the objectives stated in Securities and Exchange Commission rule 17a-5(g). Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure, including procedures for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the third paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and our study, we believe that the Company's practices and procedures were adequate at June 30, 2008 to meet the Commission's objectives.

This report is intended solely for the use of management, the Securities and Exchange Commission, the New York Stock Exchange and other regulatory agencies which rely on rule 17a-5(g) under the Securities Exchange Act of 1934 and should not be used for any other purpose.

A handwritten signature in black ink that reads "Cusack & Company, CPA's LLC". The signature is written in a cursive, flowing style.

INDEPENDENT AUDITOR'S REPORT

The Board of Directors
Rensselaer Securities Corp.

We have audited the accompanying statements of financial condition of Rensselaer Securities Corp. as of June 30, 2008 and 2007 and the related statements of income, changes in stockholders' equity, and cash flows for the years then ended. These financial statements are the responsibility of the Corporation's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Rensselaer Securities Corp. as of June 30, 2008 and 2007, and the results of its operations and changes in its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules 1, 2 and 3 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in our audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

1. SIGNIFICANT ACCOUNTING POLICIES

Organization

The Company was formed in July 1993, for the purpose of providing brokerage services to retail and institutional investors on a fully-disclosed basis. The Company began operations as a broker/dealer in December 1993 and derives a majority of its revenue from trading profits on unlisted fixed income securities.

Revenue Recognition

The Company records security transactions and related expense on a trade date basis.

Income Taxes

Income tax expense is provided on income as reported in the statements of income regardless of when such taxes are payable. Deferred taxes result from the recognition of certain income and expense items in different time periods for financial statement and tax return purposes.

Under the asset and liability method of SFAS N^o 109, deferred tax assets would be recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. These timing differences are not considered to be material, therefore no deferred tax provision has been recorded.

Property, Plant and Equipment

Capital expenditures consisting of office furniture and equipment are depreciated over the estimated useful lives of the related assets ranging from three to ten years using the straight line method.

Advertising

Advertising and promotional costs are expensed as incurred.

Cash and Cash Equivalents

Cash of \$9,766 and \$9,834 at June 30, 2008 and 2007, respectively, consists of cash in banks and financial institutions and cash on hand. For purposes of the statement of cash flows, the Corporation also considers cash deposited with the clearing organization to be cash equivalents.

1. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Securities and Exchange Commission Rule 15c3-3 Exemption

The Corporation was not required to maintain a reserve account under Rule 15c3-3 of the Securities and Exchange Commission at June 30, 2008 or June 30, 2007. Customer transactions are not handled by the Corporation, rather transactions are processed through a carrying broker, on a fully disclosed basis. The Corporation does not maintain margin accounts for their customers. The Corporation has no liabilities subordinated to the claims of general creditors. The Corporation is not a member of any securities exchange.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect reported amounts and disclosures. Actual results could differ from these estimates.

2. OTHER DEPOSITS

In December 1993, the Corporation made an initial required interest bearing deposit with its clearing agent. This account is subject to withdrawal restrictions and is not used for clearing security transactions. The funds are invested in either cash, U.S. Treasury Bills or a money market fund. The fair value of the good faith deposit was \$100,422 and \$101,597 at June 30, 2008 and 2007, respectively.

3. INVESTMENTS

Investments for trading purposes, including those securities held by the clearing organization, are marked to the market price. Realized and unrealized gains or losses are therefore recognized as revenue during the current period.

4. OTHER OPERATING EXPENSES

Other operating expenses consisted of the following for the period ended June 30:

	<u>2008</u>	<u>2007</u>
Consulting and Temporary Help	\$ 800	\$ 1,445
Professional Fees	25,440	27,076
Occupancy	13,800	13,600
Regulatory Dues and Fees	2,468	1,467
Dues and Subscriptions	460	335
Office Expenses	6,611	5,205
Communications	7,451	7,312
Insurance and Bonding	1,703	6,045
Depreciation and Amortization	2,632	3,236
Margin Interest	43,440	15,460
Meals, Travel and Entertainment	9,533	10,160
	<u>\$ 114,338</u>	<u>\$ 91,341</u>

5. PENSION BENEFITS

The Corporation maintains two qualified retirement plans. Both plans are defined contribution plans that cover employees 21 years or older that have provided 1,000 hours of service per year. One plan allows a discretionary contribution up to 15% of compensation while the other plan requires a contribution of 5% of each participants compensation for the plan year. The amounts contributed annually to each plan are allocated to the qualifying participants in the ratio that each qualifying participant's compensation for the plan year bears to the total compensation of all qualifying participants for the plan year. In each plan participants vest 20% per year after their first year and are fully vested after five years of participation. The normal retirement age under each Plan is 59½ years old. The total contributed to all plans was \$45,000 for the year ended June 30, 2008 and \$42,000 for June 30, 2007.

6. INCOME TAXES

Income tax expense consisted of the following for the years ended June 30:

	<u>2008</u>	<u>2007</u>
Current Income Tax:		
State	<u>\$ 100</u>	<u>\$ 100</u>

The Corporation elected to be treated as a Sub-Chapter S-Corporation beginning January 1, 1999 and accordingly changed its tax reporting year-end to December 31. Under these provisions, the Corporation will generally not pay Federal income taxes and will be only subject to State income taxes based on the required minimum franchise tax.

7. NET CAPITAL REQUIREMENTS

The Corporation is subject to the Securities and Exchange Commission Uniform Net Capital Rule (rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 8 to 1 in the first year of operation and shall not exceed 15 to 1 in subsequent years (and the rule of "applicable" exchange also provides the equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1). At June 30, 2008, the Corporation had net capital, as defined, of \$845,765 which was \$745,765 in excess of its minimum required net capital of \$100,000. The Corporation's ratio of aggregate indebtedness to net capital was .63 to 1 at June 30, 2008. At June 30, 2007 the Corporation had net capital, as defined, of \$898,837 which was \$798,837 in excess of its minimum required net capital of \$100,000. The Corporation's ratio of aggregate indebtedness to net capital was .58 to 1 at June 30, 2007.

8. COMMITMENTS AND CONTINGENT LIABILITIES

Off-Balance-Sheet Risk

The Corporation engages in the business of a broker and dealer in securities as defined in Note 1 to the basic financial statements. The inherent risk of this business is the ability of the Corporation to properly execute all customer initiated transactions, if any, including the proper safeguarding and transfer of customer owned securities. During the periods ended June 30, 2008 and 2007, the Corporation did not hold customer securities.

Litigation

Management was not aware of any pending or threatened litigation that could result in any material adverse effect on the Corporation's financial condition as of June 30, 2008 and 2007.

Operating Leases

The Corporation leased office space under an operating lease at \$1,100 per month, through October 2006 at which time it was renewed for an additional year at \$1,150 per month. An additional one year renewal was subsequently exercised through October, 2008. Future minimum payments under this agreement for the year ending June 30, 2009 is \$4,600.

9. MARGIN ACCOUNT

The Company will occasionally purchase securities on margin for the Firm account. These loans are short term in nature. The interest rate charged on margin loans is 1% above the brokers call. The loan is collateralized by Securities owned by the Company. Margin interest is charged on the net cash overdraft balance with the clearing organization.

Excess of Total Debits Over Total Credits	-	-
Required Deposit	<u>\$ -</u>	<u>\$ -</u>

Note: There is no material difference between the Rensselaer Securities Corp. (RSC) computations of reserve requirements as filed in Form X-17a-5 (FOCUS report filed quarterly by RSC) and the above schedule. RSC is exempt from Rule 15c-3 as customer securities are not held by RSC.

RENSELAER SECURITIES CORP.
SCHEDULE 3
INFORMATION FOR POSSESSION OR CONTROL REQUIREMENTS
UNDER RULE 15C3-3 OF THE SECURITIES AND EXCHANGE COMMISSION
AS OF JUNE 30, 2008 AND 2007

During the years ended June 30, 2008 and 2007, Rensselaer Securities Corp. was exempt from the possession or control requirements under Rule 15c3-3 of the Securities and Exchange Commission as all customer transactions were cleared on a fully disclosed basis with a clearing broker/dealer. All customer funds and securities were transmitted to the clearing broker/dealer which carries all of the accounts of such customers.

END
