INDEPENDENT AUDITOR'S REPORT

Board of Directors and Stockholders
Maplewood Investment Advisors, Inc.

We have audited the accompanying statement of financial condition of Maplewood Investment Advisors, Inc. as of September 30, 2008 and the related statements of income, changes in stockholders' equity, changes in liabilities subordinated to claims of general creditors, and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Maplewood Investment Advisors, Inc. as of September 30, 2008, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in the Schedules I and II is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

MAPLEWOOD INVESTMENT ADVISORS, INC.
Notes to Financial Statements
September 30, 2008

Note 1 - Summary of Significant Accounting Policies

Maplewood Investment Advisors, Inc. (the "Company") is a broker-dealer in securities registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA). The Company operates under (SEC) Rule 15c3-3(k)(2)(ii), which provides that all the funds and securities belonging to the Company's customers would be handled by a clearing broker-dealer.

Purchases and sales of securities are recorded on a trade date basis. Commission revenue and expense are recorded on a settlement date basis, generally the third business day following the transactions. If materially different, commission revenue and expense are adjusted to a trade date basis.

Advertising costs are expensed as incurred. Total advertising expense for the year ended September 30, 2008 was \$448 and is reflected in promotional costs.

Compensated absences have not been accrued because the amount cannot be reasonably estimated.

Securities readily marketable are carried at market value and securities not readily marketable are carried at fair value as determined by management of the Company. The increase or decrease in net unrealized appreciation or depreciation of securities is credited or charged to operations.

Property and equipment are stated at cost. Depreciation on office equipment and furniture is computed using an accelerated method over the estimated useful lives of the assets. Depreciation expense for the year ended September 30, 2008 was \$15,052 and is reflected in occupancy and equipment costs.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

For purposes of reporting cash flows, the Company has defined cash equivalents as highly liquid investments with original maturities of less than ninety days, that are not held for sale in the ordinary course of business.

MAPLEWOOD INVESTMENT ADVISORS, INC.

Notes to Financial Statements

September 30, 2008

Note 1 - Summary of Significant Accounting Policies, continued

Income taxes are provided for the tax effects of transactions reported in the financial statements and consist of taxes currently due. The provision for federal income taxes differs from the expected amount using statutory rates because certain expenses included in the determination of net income are non-deductible for tax reporting purposes.

Note 2 - Net Capital Requirements

Pursuant to the net capital provisions of Rule 15c3-1 of the Securities and Exchange Act of 1934, the Company is required to maintain a minimum net capital, as defined under such provisions. Net capital and the related net capital ratio may fluctuate on a daily basis. At September 30, 2008 the Company had net capital of approximately \$1,508,157 and net capital requirements of \$100,000. The Company's ratio of aggregate indebtedness to net capital was .46 to 1. The Securities and Exchange Commission permits a ratio of no greater than 15 to 1.

Note 3 - Possession or Control Requirements

The Company does not have any possession or control of customer funds or securities. There were no material inadequacies in the procedures followed in adhering to the exemptive provisions of (SEC) Rule 15c3-3(k)(2)(ii) by promptly transmitting all customer funds and securities to the clearing broker who carries the customer accounts.

Note 4 - Lease Commitments

The Company leases office space under a long-term non-cancelable lease. Minimum lease payments under the lease at September 30, 2008 are as follows:

<u>September 30,</u>	
2009	\$ 61,836
2010	63,504
2011	65,172
2012	<u>61,142</u>
	<u>\$ 251,654</u>

MAPLEWOOD INVESTMENT ADVISORS, INC.
Notes to Financial Statements
September 30, 2008

Note 4 - Lease Commitments, continued

Rental expense for the year ended September 30, 2008 was \$74,703 and is reflected in occupancy and equipment costs.

Note 5 - Profit Sharing Plan

The Company has a qualified profit sharing plan covering all eligible employees, as defined, with a specified period of service. The contribution is at the discretion of the Board of Directors, and the plan may be amended or terminated at any time. Contributions of \$249,146 were paid to the plan for the year ended September 30, 2008.

Note 6 - Related Party Transactions

The Company has a receivable from stockholder in the amount of \$1,000 at September 30, 2008.

The Company received commissions and fees from MIAI, Inc. (a related company) of \$1,261,459 during the year ended September 30, 2008 which is included in other revenue related to the securities business.

Note 7 - Concentration Risk

During the year, the Company had cash balances in excess of federally insured limits.

Note 8 - Commitment and Contingencies

The Company has entered into secondary clearing agreements with other FINRA member firms ("correspondents"), which provides that all the funds and securities belonging to the correspondents' customers are subject to the terms of the Company's clearing agreement.

Included in the Company's clearing agreement with its clearing broker-dealer, is an indemnification clause. This clause relates to instances where the customers of the Company and its correspondents fail to settle security transactions. In the event this occurs, the Company will indemnify the clearing broker-dealer to the extent of the net loss on the unsettled trade. The risk associated with the indemnification clause is subject to the market volatility of the underlying securities for a period of up to three days. At September 30, 2008, management of the Company had not been notified by the clearing broker-dealer, nor were they otherwise aware, of any potential losses relating to this indemnification.

Company's clearing firm: National Financial Services, LLC

Independent Auditor's Report

On Internal Control

Required By SEC Rule 17a-5

Year Ended September 30, 2008

CF & Co., L.L.P.

CERTIFIED PUBLIC ACCOUNTANTS
& CONSULTANTS

INDEPENDENT AUDITOR'S REPORT ON INTERNAL
CONTROL REQUIRED BY SEC RULE 17a-5

To the Board of Directors of
Maplewood Investment Advisors, Inc.

In planning and performing our audit of the financial statements and supplemental information of Maplewood Investment Advisors, Inc. (the "Company"), as of and for the year ended September 30, 2008 in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial

14175 Proton Road • Dallas, Texas 75244-3604 • Phone: 972-387-4300 • 800-834-8586 • Fax 972-960-2810 • www.cflp.com

statements in conformity with accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at September 30, 2008, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the Financial Industry Regulatory Authority, and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
