INDEPENDENT AUDITORS' REPORT

Board of Directors and Stockholders
Benchmark Investments, Inc.

We have audited the accompanying statement of financial condition of Benchmark Investments, Inc. as of September 30, 2008, and the related statement of income, changes in stockholder's equity, and cash flows for the year then ended. These financial statements are the responsibility of Benchmark Investments, Inc.'s management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The Company presents its financial statements in conformity with practices prescribed or permitted by the Securities and Exchange Commission and Form X-17A-5.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Benchmark Investments, Inc. as of September 30, 2008, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

BENCHMARK INVESTMENTS, INC.
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2008

Page 7

Note 1. Summary of Significant Accounting Policies:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Furniture and Fixtures are stated on the basis of cost, and depreciation for financial and income tax reporting purposes is provided on the straight-line and other accelerated methods as follows:

Furniture & Fixtures - 5 Years

For purposes of the statement of cash flows, the Company considers all highly liquid debt instruments with a maturity of three months or less when purchased to be cash equivalents.

Note 2. Exemption from Rule 15c3-3:

The Company is exempt from the Securities and Exchange Commission Rule 15c-3-3 under section (k)(2)(ii) and, therefore, is not required to maintain a Special Reserve Bank Account for the Exclusive Benefit of Customers.

Note 3. Allowable and Non-Allowable Assets:

As required by Form X-17A-5 the Company's statement of financial condition reports both allowable and non-allowable assets. The \$8,006 of non-allowable assets consists of interest earned on the deposit, over 30 days past due receivables and accrued commissions receivable.

Note 4. Off-Balance-Sheet Risk and Concentration of Credit Risk:

Pursuant to a clearing agreement, the Company introduces all of its securities transactions to its clearing broker on a fully disclosed basis. Therefore, all of the customers' money balances and long and short security positions are carried on the books of the clearing broker. Under certain conditions, as defined in the clearing agreement, the Company has agreed to indemnify the clearing broker for losses, if any, which the clearing broker may sustain from carrying securities transactions introduced by the Company. In accordance with industry practice and regulatory requirements, the Company and the clearing broker monitor collateral on the securities transactions introduced by the Company. The Company paid \$29,128 to the clearing broker to indemnify the clearing broker for losses for the current year.

Note 5. Related Party Transaction:

The Company shares office space, furniture and fixtures and certain employees with Benchmark Mortgage Company, Inc. which is controlled by shareholders of the Company. The furniture and fixtures were purchased from stockholder Ted Huneycutt, Jr. The building is owned by the stockholder's in-laws.

BENCHMARK INVESTMENTS, INC.
 NOTES TO FINANCIAL STATEMENTS
 SEPTEMBER 30, 2008

Note 6. Provision for Income Taxes:

Provision for Income Taxes consists of the following:

	Federal	State
Regular Tax	\$ 3,748	\$ 923
Less: Tax Benefit of NOL Carryforwards	(3,748)	(923)
Net Tax Liability (Refund)	\$ -	\$ -

The Company has \$41,465 in NOL carryforward available for future years as follows:

9/30/02 NOL of \$ 5,432	Expires 9/30/16
9/30/06 NOL of \$11,114	Expires 9/30/26
9/30/07 NOL of \$24,919	Expires 9/30/27

Note 7. Other:

On January 1, 2001, the Company entered into an agreement with STL Capital Management Corporation in which STL agrees to pay all overhead and operating expenses, other than commission expense, of Benchmark Investments, Inc. without anticipated reimbursement from Benchmark. STL may also provide management and/or consulting services for Benchmark and bill Benchmark for those services, but at no time may any charge for such services cause Benchmark's net capital to fall below 120% of its required amount.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL STRUCTURE
REQUIRED BY SEC RULE 17A-5 FOR A BROKER-DEALER CLAIMING
AN EXEMPTION FROM SEC RULE 15C3-3**

Board of Directors and Stockholders
Benchmark Investments, Inc.

In planning and performing our audit of the financial statements and supplemental schedules of Benchmark Investments, Inc. for the year ended September 30, 2008, we considered its internal control structure, including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by Rule 17a-5(g)(1) of the Securities Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons.
2. Recordation of differences required by Rule 17a-13.
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

INDEPENDENT AUDITORS' REPORT (Continued)

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure, including procedures for safeguarding securities that we consider to be material weaknesses as defined above.

Due to the small size of the Company and the limited number of employees, there is a lack of segregation of duties which is a weakness to internal control. However, the sole stockholder owner of the Company is involved in the day-to-day operations.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, except as noted in the above paragraph, we believe that the Company's practices and procedures were adequate at September 30, 2008, to meet the SEC's objectives.

This report is intended solely for the use of the Board of Directors, management, the Securities and Exchange Commission, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and should not be used for any other purpose.

ADDITIONAL INFORMATION

INDEPENDENT AUDITORS' REPORT ON SUPPLEMENTARY INFORMATION
REQUIRED BY RULE 17A-5 OF THE SECURITIES AND EXCHANGE COMMISSION

Board of Directors and Stockholders
Benchmark Investments, Inc.

We have audited the financial statements of Benchmark Investments, Inc. as of September 30, 2008, and for the fiscal year then ended, and have issued our report thereon dated November 25, 2008. Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in the accompanying supplementary schedule is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is information required by Rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.
