INDEPENDENT AUDITORS' REPORT

Board of Directors
Investscape, Inc.

We have audited the accompanying statement of financial condition of Investscape, Inc. as of September 30, 2008 that you are filing pursuant to rule 17a-5 under the Securities and Exchange Act of 1934. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to attain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of Investscape, Inc. as of September 30, 2008, in conformity with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED SEPTEMBER 30, 2008

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES

Organization - The Company, a wholly-owned subsidiary of S & L Holdings, Ltd., and was incorporated in the state of Michigan on October 24, 1995. The Company is registered as a broker/dealer with the Securities and Exchange Commission and as a commodity trading advisor with the Commodities Futures Trading Commission and is a member of the National Futures Association and the Financial Industry Regulatory Authority (FINRA). The Company's principal business activity is the sale of securities.

Securities Transactions - Commission revenue and related expense arising from securities transactions are recorded on a trade date basis, which is the same business day as the transaction date.

Securities Owned - Marketable securities are valued at market value and securities not readily marketable are valued at fair value as determined by the Board of Directors. The resulting difference between cost and market value (or fair value) is included in income.

Concentration of Risk - The Company's cash is on deposit at one financial institution and the balance at times may exceed the federally insured limit. Due to the strong credit rating of this financial institution, the Company believes it is not exposed to any significant credit risk to cash.

Cash Equivalents - Cash equivalents are defined as certificates of deposit and U.S. government obligations with a maturity date, when acquired by the Company, of less than 90 days and those securities registered under the Investment Company Act of 1940 which are comprised of cash and other short-term debt instruments and are commonly referred to as "money market funds."

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

YEAR ENDED SEPTEMBER 30, 2008

NOTE 2 - RELATED PARTY TRANSACTIONS

As mentioned in Note 1, the Company is a wholly-owned subsidiary of S & L Holdings, Ltd. (the Parent). The Company is also affiliated, through common ownership with Electronic Trading Technologies LLC d/b/a Great Day Mortgage.

Pursuant to an agreement, entered into with the Parent, the Company is required to pay the Parent a minimum of \$20,000 per month as reimbursement for certain overhead and operating expenses. Payments pursuant to this agreement, which total \$240,000, are allocated as follows, on the statement of income:

| | |
|--------------------------------------|-------------------|
| Compensation and related benefits | \$ 77,700 |
| Occupancy | 22,200 |
| Communications | 11,700 |
| Management fees | <u>128,400</u> |
| | <u>\$ 240,000</u> |

The Company paid an additional \$113,000 in management fees to the parent.

At September 30, 2008 the Company owed the Parent \$20,000.

The Company files consolidated with the Parent for federal income tax purposes. The Parent assumes responsibility for all federal income tax liabilities.

NOTE 3 - OFF BALANCE SHEET RISK AND CLEARING AGREEMENTS

The Company enters into various transactions on customers' behalf, involving derivatives and other off-balance sheet financial instruments. These financial instruments include exchange-traded and over the counter options. These derivative financial instruments are used to meet the needs of customers and are, therefore, subject to varying degrees of market and credit risk.

NOTE 3 - OFF BALANCE SHEET RISK AND CLEARING AGREEMENTS - *(Continued)*

As a seller (writer) of options, the customer receives a premium in exchange for giving the counter-party the right to buy or sell the underlying security at a future date at a contracted price. Should the market value of the underlying security move in favor of the option holder (owner), the loss of the option seller (writer) would be equal to the difference between the price per unit contracted for in the option agreement and the market value of the underlying security.

In addition, the Company's customers may sell securities that they do not currently own and will therefore be obligated to purchase such securities at a future date.

Since the Company enters into the forgoing transactions involving derivatives and other off-balance sheet financial instruments solely for the benefit of its customers, the Company does not bear any of the credit or market risk of those customers, with the exception of the risk to the Company should its customers fail to honor their obligations related to the foregoing derivatives and other off-balance sheet financial instruments, as mentioned below.

In order to facilitate the aforementioned transactions, as well as other securities transactions, the Company has entered into an agreement with another broker/dealer (Clearing Broker/dealer) whereby the Company forwards (introduces) customer securities transactions to the Clearing Broker/dealer, fully disclosing the customer name and other information. The processing and, if applicable, any financing pertaining to the introduced securities transactions is performed by the Clearing Broker/dealer. The customer account is therefore maintained and recorded in the books and records of the Clearing Broker/dealer on the Company's behalf. In consideration for introducing customers to the Clearing Broker/dealer, the Company receives commissions and other consideration, less the processing and other charges of the Clearing Broker/dealer. As part of the terms of the agreement between the Company and Clearing Broker/dealer, the Company is held responsible for any losses arising when the customers introduced by the Company to the Clearing Broker/dealer fail to meet their contractual commitments pertaining to the purchase, sale and

possible financing of securities transactions and other financial instruments. The Company may therefore be exposed to off-balance-sheet risk in the event the customer is unable to fulfill their contracted obligations and it is necessary for the Clearing Broker/dealer to purchase or sell the securities or other financial instruments at a loss. The Company's exposure to risk would consist of the amount of the loss realized and any additional expenses incurred pertaining to the transaction or other customer activity.

In addition, under the terms of the agreement with the Clearing Broker/dealer, the Company is prohibited from entering into an agreement for similar services with another broker/dealer without prior written approval by the Clearing broker/dealer. The Company has also agreed to regulatory arbitration regarding disputes between the Company and the Clearing broker/dealer. The Company is required to deposit \$25,000 with the clearing broker/dealer to assure the Company's performance under the agreement.

NOTE 4 - NET CAPITAL REQUIREMENTS

As a registered broker/dealer and member of the Financial Industry Regulatory Authority, the Company is subject to the Uniform Net Capital Rule, which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 1500%. At September 30, 2008 the Company's net capital and required net capital were \$185,241 and \$5,000 respectively. The ratio of aggregate indebtedness to net capital was 27%.

NOTE 5 - SECURITIES OWNED

Securities owned consist entirely of equity securities.
