REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Sara Lee Corporation
Employee Benefits Administrative Committee
Chicago, Illinois

We have audited the accompanying statements of net assets available for benefits (modified cash basis) of the Sara Lee Corporation 401(k) Plan ("the Plan") as of December 31, 2007 and 2006, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2007. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As described in Note B, these financial statements were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2007 and 2006, and the changes in net assets available for benefits for the year ended December 31, 2007, on the basis of accounting described in Note B.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic 2007 financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic 2007 financial statements taken as a whole.

Sara Lee Corporation 401(k) Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2007 and 2006

NOTE A – DESCRIPTION OF PLAN

The following description of the Sara Lee Corporation 401(k) Plan (“the Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions. Participants in former plans sponsored by certain divisions or subsidiaries of Sara Lee Corporation (“the Company”) should refer to the special provisions section of the Plan agreement for additional information.

General

The Plan is a defined contribution plan covering U.S. employees who are members of a participating division or subsidiary of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as subsequently amended.

Effective December 31, 2002, the Sara Lee Corporation Employee Stock Ownership Plan (“the ESOP”) and The Earthgrains Company Employee Stock Ownership/401(k) Plan (“the ERG ESOP”) (collectively “the ESOPS”), separate plans sponsored by the Company, were merged into the Plan. See Note E for further details.

Effective January 1, 2006, the Plan was amended and restated to reflect the redesign of the retirement program.

Contributions

Eligible employees can contribute a percentage of their pretax compensation, as determined by the Sara Lee Corporation Employee Benefits Administrative Committee and as defined in the Plan agreement, subject to limitations under the Internal Revenue Code (“IRC”). Certain employees who become eligible to participate in the Plan on or after July 1, 2005 will be automatically enrolled in the Plan at a contribution rate of 4% of eligible pay. Participants who have attained age 50 and over may make an additional “catch-up” contribution, in accordance with the Plan. In addition, certain groups of participants are eligible for Company contributions as defined in the Plan agreement.

In 2005, salaried employees hired on or before June 30, 2005, were eligible to make a choice between two employer contribution programs for the 2006 plan year and thereafter. Participants who chose the “Current Program” continued to receive the same employer contributions that were in effect prior to January 1, 2006 and also continued accruing benefits under the Sara Lee Corporation Salaried Pension Plan (“the Pension Plan”), a separate plan sponsored by the Company. Participants who chose the “New Program” received an enhanced employer contribution to the Plan and ceased accruing additional benefits under the Pension Plan. Salaried employees hired on or after July 1, 2005 receive employer contributions under the New Program. Nonunion hourly employees continue to receive employer contributions under the Current Program. Employees who are subject to a collective bargaining agreement receive employer contributions in accordance with the applicable provisions of the Plan agreement and the collective bargaining agreement.

NOTE A – DESCRIPTION OF PLAN – Continued

Contributions – Continued

Program Component	Current Program	New Program
Annual Company Contribution	Up to 2% of eligible pay	Up to 2% of eligible pay
Additional Annual Company Contribution	Not applicable	3.5% of eligible pay
Monthly Company Matching Contribution	100% of the first 2% of eligible pay contributed	100% of the first 4% of eligible pay contributed
Discretionary Company Matching Contribution	Up to an additional 50% of the first 2% of eligible pay contributed	Not applicable

The Company may make the employer annual contribution and/or the matching contribution by (i) making a cash contribution which the trustee shall use to prepay partially a loan to release from the suspense account additional shares of stock as of the applicable valuation date, (ii) contributing cash which the trustee shall use to buy shares of stock for allocation as of the applicable valuation date, (iii) contributing stock for allocation as of the applicable valuation date, or (iv) any combination of the foregoing.

Rollovers

Participants may also contribute amounts representing distributions from other eligible retirement plans or individual retirement accounts.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related Company contributions, as well as the participant's share of the Plan's income, losses and certain related administrative expenses. Allocations of income, losses and certain related administrative expenses are made based on the proportion that each participant's account balance has to the total of all participants' account balances.

Vesting

All participants are fully vested in their deferral contributions and earnings thereon. Specific vesting schedules apply to those certain groups of employees eligible to receive Company contributions.

NOTE A – DESCRIPTION OF PLAN – Continued

Forfeitures

If a participant who is eligible to receive Company contributions leaves the Company for reasons other than death, disability or retirement before the Company contribution portion of his/her account is fully vested, the portion of his/her account that is not fully vested shall be forfeited. Forfeited amounts are allocated to reemployed participants as defined in the Plan agreement applicable to those certain groups of participants. Remaining forfeited accounts are then to be used to reduce Company matching contributions or administrative expenses determined by the Sara Lee Corporation Employee Benefits Administrative Committee. At December 31, 2007 and 2006, forfeited accounts totaled approximately \$3,430,732 and \$1,667,033, respectively, which were available to be allocated to eligible participants and to reduce future Company contributions or administrative expenses.

Investment Options

Participants may direct their total account balance amongst various investment options currently available to the Plan through the Sara Lee Corporation Master Investment Trust for Defined Contribution Plans (“the SLC Investment Trust”) in 1% increments. Participants may change their investment elections daily, subject to trading restrictions on certain Vanguard funds.

Loans to Participants

Participants may borrow from their account balances the lesser of 50% of their vested account balances or \$50,000, with a minimum loan of \$500. Loans will bear interest at a fixed rate based on the prevailing prime rate as published in *The Wall Street Journal*. As of January 1, 2003, loans must be repaid within five years, unless the loan is to purchase a primary residence, in which case it must be paid back within 10 years. Participants may now have up to two loans outstanding at one time, however, one must be a loan for a principal residence and the other must be a general-purpose loan.

Benefit Payments

Upon termination of service due to death, disability, retirement or resignation/dismissal, distribution of the vested balance in the participant’s account will be made to the participant or, in the case of the participant’s death, to his/her beneficiary in a lump-sum payment in cash (or stock, if elected, for amounts invested in the Company Stock Fund of the SLC Investment Trust). In lieu of the lump-sum cash payment option, certain groups of participants may elect to receive a series of installment payments as defined in the Plan agreement applicable to those certain groups of participants.

Hardship Withdrawals

Participants who have immediate and substantial financial need may take a hardship withdrawal from their account balance, subject to certain limitations defined in the Plan agreement.

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified prior to the time that such rights are to be exercised. The Trustee will vote any remaining nonvoted allocated shares and the unallocated shares based on the percentage of voted allocated shares.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared using the modified cash basis of accounting, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles. Under the modified cash basis of accounting, investments are recorded at fair value, investment income is recorded as earned, and administrative expenses, benefit payments, and contributions are recorded as the cash is paid or received. In addition, purchases and sales of securities are recorded on a trade-date basis.

If the Plan's financial statements had been prepared using the accrual basis of accounting in accordance with U.S. generally accepted accounting principles, contributions receivable of approximately \$620 and \$17,800,000, respectively, and other payables of approximately \$310,000 and \$346,000 (primarily accrued interest), respectively, would have been recorded in the accompanying statements of net assets available for benefits as of December 31, 2007 and 2006.

Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Recent Accounting Pronouncements

In September 2006, the Financial Accounting Standards Board ("FASB") issued Statement No. 157, "Fair Value Measurements" ("FAS 157"). This Statement defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. This Statement establishes a fair value hierarchy about the assumptions used to measure fair value and clarifies assumptions about risk and the effect of a restriction on the sale or use of an asset. The standard is effective for fiscal years beginning after November 15, 2007. In February 2008, the FASB issued Staff Position ("FSP") 157-2, "Effective Date of FASB Statement No. 157." This FSP delays the effective date of FAS 157 for all nonfinancial assets and nonfinancial liabilities, except those that are recognized or disclosed at fair value on a recurring basis (at least annually) to fiscal years beginning after November 15, 2008, and interim periods within those fiscal years. The impact of adoption FAS 157 on the Plan's net assets available for benefits and changes in net assets available for benefit is not anticipated to be material.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

In February 2007, the FASB issued Statement No. 159, "The Fair Value Option for Financial Assets and Financial Liabilities." The standard provides reporting entities with an option to report selected financial assets and liabilities at fair value and establishes presentation and disclosure requirements designed to facilitate comparisons between reporting entities that choose different measurement attributes for similar types of assets and liabilities. The new standard is effective for the Plan on January 1, 2008. The Plan did not elect the fair value option for any financial assets or financial liabilities as of January 1, 2008 as the impact has not yet been determined by plan management..

Valuation of Investments

The Plan's interest in the SLC Investment Trust is based on the Plan's relative aggregate contributions, benefit payments and other relevant factors. Investments in the SLC Investment Trust are stated at estimated fair value, or at contract value which approximates fair value.

Shares of mutual funds are valued at the net asset value of shares held by the SLC Investment Trust at year-end. Investments in common collective funds are valued at the fair value of participant units owned by the SLC Investment Trust based on quoted redemption values.

The fair value of the Interest Income Fund is based on the net asset value of the fund, reflecting all investments at fair value, including direct interests in fully benefit-responsive investment contracts, as reported by the fund manager. The fair values of the fixed rate traditional guaranteed investment contracts or non-participating synthetic investment contracts held in the SLC Investment Trust have been estimated with a discounted cash flows methodology. Based on its duration, the estimated cash flow of each contract was discounted using a yield curve interpolated from swap rates and adjusted for liquidity and credit quality. For those contracts with no stated payment dates, the projected value at the end of the required days notice period was assumed to pay in full and this payment was then discounted following the same process. The fair value for floating rate traditional guaranteed investment contracts is equal to the contracts' book values. The fair value of a security-backed contract is the sum of the market values of the underlying investments. The fair values of wrap contracts associated with synthetic investment contracts within the SLC Investment Trust have been based upon the estimated replacement costs of the wrap contracts as of the financial statement dates. The fair values of the wrapper contracts were not material as of December 31, 2007 and 2006. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

In general, the investments provided by the Plan are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participants' individual account balances.

Administrative Expenses

Administrative expenses associated with the Plan are paid by the Plan unless paid by the Company at its discretion.

Sara Lee Corporation 401(k) Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2007 and 2006

NOTE C – INVESTMENT CONTRACTS

The SLC Investment Trust invests in the Interest Income Fund, a unitized fund established solely for the investment of the assets of the SLC Investment Trust. The interest income fund is maintained by Invesco and consists of investments in several guaranteed investment contracts, synthetic guaranteed investment contracts and common collective funds. Invesco maintains the contributions in a pooled account. The account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by Invesco. The contracts are included in the financial statements at contract value (which approximates fair value – see Note B).

The investment contracts specify certain conditions under which distributions from the contracts would be payable at amounts below contract value. Such circumstances include termination of the Plan, a material adverse change to the provisions of the Plan, if the employer elects to withdraw from a wrapper contract in order to switch to a different investment provider, or if the terms of a successor plan (in the event of the spin-off or sale of a division) do not meet the wrapper contract issuer's underwriting criteria for issuance of a clone wrapper contract. The contracts limit the circumstances under which the issuer may terminate the contracts. Examples of circumstances which would allow the issuer to terminate the contracts include the Plan's loss of its qualified status, un-cured material breaches of responsibilities, or material and adverse changes to the provisions of the Plan. If one of these events were to occur, the issuer could terminate the contracts at the market value of the underlying investments. Currently, management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

The crediting interest rates of the contracts are based on an agreed-upon formula with the issuer, as defined in the contract agreements, but cannot be less than zero. The interest rates are reviewed on a monthly basis for resetting. The key factors that influence future interest crediting rates could include the following: the level of market interest rates; the amount and timing of participant contributions; transfers and withdrawals into/out of the contracts; and the duration of the underlying investments backing the contracts. The Plan's allocable share of the resulting gains and losses in the fair value of the investment contracts relative to the contract value, if any, has been determined by management not to be material to the Plan. No adjustment is reflected in the Plan's 2007 and 2006 statements of net assets available for benefits or in the presentation of the net assets in the SLC Investment Trust in Note F, as the fair values of the investment contracts have been estimated to approximate their contract value.

	<u>2007</u>	<u>2006</u>
Average contract yield, in the aggregate for all contracts:		
Based on annualized earnings ⁽¹⁾	4.97%	5.16%
Based on interest rate credited to participants ⁽²⁾	5.02%	5.12%

(1) Computed by dividing the annualized one-day actual earnings of the contracts on the last day of the Plan year by the fair value of the contracts' investments on the same date.

(2) Computed by dividing the annualized one-day earnings credited to participants on the last day of the Plan year by the fair value of the contracts' investments on the same date.

NOTE D – TRANSFERS

On February 10, 2005, the Company announced a comprehensive transformation plan designed to dramatically improve the Company's performance and better position it for long-term growth. As a result of the transformation, Sara Lee Branded Apparel, a division of the Company, was spun-off into an independent publicly traded company (Hanesbrands, Inc.). On July 24, 2006, Plan assets in the amount of \$477,756,018 associated with participants from Sara Lee Branded Apparel were transferred into the Hanesbrands Retirement Savings Plan, in anticipation of the spin-off.

As part of the Hanesbrands, Inc. spin-off, a dividend allocation occurred on September 5, 2006. On this date, all participants in the Plan received one share of Hanesbrands, Inc. common stock for every eight shares of Sara Lee Corporation common stock that a participant held as of the close of business on August 18, 2006. Participants who elected to not sell their Hanesbrands stock immediately may hold the shares in their account for up to one year. The value of the stock dividend allocation was \$18,720,722.

Effective March 31, 2007, participants in the Metz Baking Plan had their balances totaling \$2,365,334 transferred into the Plan.

Effective December 31, 2007, participants in the Clear Lake Baking Plan had their balances totaling \$118,392 transferred into the Plan.

Effective November 1, 2007, participants in the Maintenance Grocers Baking Company Retirement Savings Plan had their balances totaling \$1,095,277 transferred into the Plan.

Transfers out of the allocated account consisted of \$114,772 from the accounts of former participants to the Hanesbrands Retirement Savings Plan and \$1,257,484 related to an annual company contribution for eligible participants of the Hanesbrands Retirement Savings Plan before the spin-off date.

Transfers out of the unallocated account consisted of \$4,072,210 related to an annual company contribution for eligible participants of the Hanesbrands Retirement Savings Plan before the spin-off date. There were also transfers into the unallocated account consisting of \$108,693 of dividends on unallocated shares and \$344 of proceeds from liquidation of Hanesbrands, Inc. common stock in the Plan.

NOTE E – NOTES PAYABLE

The ESOPS merged into the Plan effective December 31, 2002. The ESOPS were leveraged plans; therefore, causing the Plan financial statement presentation to change. Activities related to the unallocated accounts are reported separate from allocated account information. The allocated accounts of the Plan represent assets no longer collateralized by the notes payable and that participants have vested rights in. The unallocated account represents Company stock that is collateralized by debt and as the debt is paid down shares are released and allocated to eligible participants. The balance of the notes payable is considered part of the SLC Investment Trust and, therefore, is reflected as part of this investment in the statements of net assets.

Notes Payable - Sara Lee Corporation Employee Stock Ownership Plan

In June 1989, the ESOP issued and sold \$350,000,000 (aggregate principal amount) of Guaranteed ESOP Notes ("Original Notes"). The proceeds of the Original Notes were used to purchase the Company's preferred stock. The agreement provides for the Original Notes to be repaid over 15 years, with the remaining balance due June 15, 2004. However, due to a spin-off in 1998 from the ESOP, a portion of the Original Notes was transferred to National Textiles Employee Stock Ownership Plan and Trust ("NT ESOP"), and the final balance was then scheduled to be paid off in 2003. The Original Notes principal payment of \$40,603,082, that bore interest at 8.176%, was paid in full in 2003.

The terms of the note agreement include a provision for optional prepayments on the Original Notes, with aggregate total prepayments not to exceed \$17,500,000. In December 1993 and May 1994, the ESOP entered into an \$845,000 and \$985,000 term loan agreement, respectively, with the Company ("Sara Lee Prepayment Notes"). The proceeds of these term loans were used to prepay the Original Notes. The \$845,000 term loan that bore interest at 6.25% and the \$985,000 term loan that bore interest at 7.48% were paid in full on June 15, 2004.

In June 1997, the ESOP authorized the issue and sale of \$15,670,000 (aggregate principal amount) of 5.73% Guaranteed ESOP Notes with Wachovia Bank ("Wachovia Prepayment Notes") to be issued in series (semiannually on June 15 and December 15), as set forth in the related note agreement, in order to make additional optional prepayments on the Original Notes. The outstanding Wachovia Prepayment Notes were paid in full on June 15, 2004.

Pursuant to an engagement letter dated July 6, 1998, the Company duly appointed State Street Bank and Trust Company ("SSB"), the trustee at the time, as the independent fiduciary to make an independent fiduciary decision with respect to the extension of the financing available to the ESOP (i.e., refinancing of Original Notes and Sara Lee and Wachovia Prepayment Notes), which financing will be available from the Company, and the extension of the release of shares under the ESOP through the year 2029. In connection with that decision, an ESOP Note Agreement dated December 15, 1998, was signed by and between the Company and SSB, as independent fiduciary and trustee of the Plan, in the amount of \$22,401,012 at the rate of 5%. The proceeds of the loan were used to pay the aggregate principal and interest due on December 15, 1998, on the Original Notes and Sara Lee and Wachovia Prepayment Notes. Payment of the entire outstanding principal and accrued interest was scheduled on June 15, 1999 (see below). No share release was made in December 1998 due to the transaction above. However, a prepayment of \$1,921,114 was made in May 1999, and this prepayment effectuated share release of approximately 14,500 preferred shares related to December 1998.

NOTE E – NOTES PAYABLE – Continued

On June 15, 1999, the ESOP Note Agreement dated December 15, 1998, was amended and restated to provide for the Plan to borrow from the Company a series of loans in the aggregate principal amount of \$212,582,457 (“New Sara Lee Note”) to be issued in series (semiannually on June 15 and December 15), as set forth in the related note agreement, with a final issuance of the series on June 15, 2004. The proceeds of each series of loans will be used to pay principal and interest then due under the Original Notes and the Sara Lee and Wachovia Prepayment Notes. The loan originally made on December 15, 1998, was designated as the initial loan under the June 15, 1999 amendment. The agreement provides for the New Sara Lee Note to be repaid (semi-annually on June 15 and December 15) over the next twenty-five years following the December 15, 2004 payment. The scheduled amortization of the New Sara Lee Note for the next five years and thereafter is as follows:

2008		\$ 8,251,283
2009		7,784,757
2010		7,360,865
2011		6,976,917
2012		6,630,085
Thereafter		81,245,709

Effective June 15, 1999, the New Sara Lee Note outstanding principal will bear an interest rate of 6.3%, payable semiannually commencing December 15, 1999. In June 2005, a prepayment of the New Sara Lee Note in the amount of \$3,750,176 was made reducing the outstanding principal of the loan.

An Implementation Agreement was also signed, dated June 15, 1999, by and between the Company and SSB to effectuate the amended and restated ESOP Note Agreement above. The Implementation Agreement includes, among other things, the Company’s agreement to contribute to the ESOP on or before December 15, 2029, the amount of \$36.5 million (“the Incremental Contribution”) plus or minus any adjustments as set forth in the Implementation Agreement. The Company, at its sole discretion, may make the Incremental Contribution in the form of cash or shares of the Company’s common stock, or a combination thereof. On June 15, 2002, the Company made a cash contribution (deemed to be a 2001 ESOP plan year contribution), to the ESOP to fully satisfy the Incremental Contribution due. The trustee used the contribution to purchase the Company’s common stock. The shares were allocated to the participants in accordance with refinancing agreements.

The Company also agreed to guarantee to provide each participant who is entitled to a benefit allocation under the ESOP for the plan years commencing with the 1999 plan year and continuing through 2010 plan year, as defined, with a benefit allocation equal to at least 1.75% of such participant’s eligible compensation.

Notes Payable – The Earthgrains Company Employee Stock Ownership/401(k) Plan

In July 1996, the ERG ESOP issued \$16,799,352 of guaranteed 8% notes to Earthgrains. The proceeds of the notes were used to purchase 513,114 shares of Earthgrains common stock. The number of these shares increased as a result of the two-for-one stock splits occurring on July 28, 1997 and July 20, 1998. In conjunction with Sara Lee’s acquisition of Earthgrains, Sara Lee assumed the outstanding obligation of the notes and the Earthgrains common stock was converted to Company common stock.

NOTE F – INTEREST IN SLC INVESTMENT TRUST

The Plan's investments are in the SLC Investment Trust, which was established for the investment of assets of the Plan and several other defined contribution plans sponsored by the Company. On July 24, 2006, the investments of the other defined contribution plans sponsored by the Company were part of the spin-off into the Hanesbrands Retirement Savings Plan (see Note D). At this time, the Sara Lee Corporation 401(k) Plan was the sole plan in the SLC Investment Trust. Prior to July 24, 2006, each participating plan had an undivided interest in the SLC Investment Trust based on each plan's participants' account balances within each fund. The Northern Trust Company held and continues to hold the net assets of the SLC Investment Trust.

At December 31, 2007 and 2006, the Plan's interest in the net assets of the SLC Investment Trust was 100% in allocated net assets and 100% in unallocated net assets.

The Plan's interest in the net assets of the SLC Investment Trust is included in the accompanying statements of net assets available for benefits. A summary of the net assets of the SLC Investment Trust as of December 31, 2007 and 2006 is as follows:
