Report of Independent Registered Public Accounting Firm

The Benefits Committee
City National Corporation Profit Sharing Plan:

We have audited the accompanying statements of net assets available for benefits of the City National Corporation Profit Sharing Plan (the Plan) as of December 31, 2007 and 2006, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the City National Corporation Profit Sharing Plan as of December 31, 2007 and 2006 and the changes in net assets available for benefits for the years then ended in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2007 and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2006 are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

**CITY NATIONAL CORPORATION
PROFIT SHARING PLAN**

Notes to Financial Statements

December 31, 2007 and 2006

(1) Description of the Plan

The following description of the City National Corporation Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan which provides retirement benefits for eligible employees of City National Corporation and its subsidiaries (the Company) that have agreed to participate in the Plan. The Plan is administered by City National Corporation (the Sponsoring Employer) who acts by and through its administrative committee, the Benefits Committee. The Benefits Committee is comprised of officers of the Sponsoring Employer and City National Bank, a subsidiary of the Sponsoring Employer. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Contributions

Employees of the Company who are entitled to paid vacation time and have completed one hour of service are eligible to participate in the Plan as of their hire date. Company profit sharing contributions to the Plan are discretionary and are equal to a percentage of employee eligible compensation based on the Company's growth in Net Profits (as defined by the Plan) over the prior year, subject to an overall maximum Company contribution of 8% of Net Profits reduced by matching contributions made for such Plan year (which are not made by forfeitures). For the years ended December 31, 2007 and 2006, a profit sharing contribution of 6% of each participant's eligible compensation was approved. Participants direct the investment of their contributions into various investment options offered by the Plan. Company contributions are invested at the participant's discretion in the same manner as the salary reduction contributions described below.

Participants can contribute, under a salary reduction agreement, up to 50% of their eligible Compensation as defined, but not to exceed the dollar amount allowed by law, which was \$15,500 and \$15,000 for 2007 and 2006, respectively. The Company matches these employee deferrals up to a maximum amount of 50% of the first 6% of covered compensation contributed to the Plan each payroll period. Participants age 50 and over may make unmatched "catch-up" deferrals in accordance with Internal Revenue Code (IRC) regulations and limitations, not to exceed the dollar amount allowed by law, which was \$5,000 for 2007 and 2006. Participants may also contribute amounts representing distributions (rollovers) from other tax-favored plans.

(c) Participant Accounts

Each participant account is credited with the participant's contributions, allocations of the Company's matching contribution and profit sharing contribution (if any), and earnings or losses. Earnings of the various funds are allocated to the participant balances according to the ratio that a participant's account balance or shares held in a given fund bears to the total of all account balances or shares held in the fund.

**CITY NATIONAL CORPORATION
PROFIT SHARING PLAN**

Notes to Financial Statements

December 31, 2007 and 2006

(d) Vesting

Participant contributions and the Company's matching contributions are immediately fully vested. A participant shall become fully vested in his or her entire accrued benefit upon the participant's normal retirement date (as defined by the Plan), death, or total disability (as defined by the Plan). The Company's profit sharing discretionary contributions, for participants whose employment terminates prior to his or her normal retirement date for reasons other than death or total disability shall vest in accordance with the following schedule:

<u>Years of service</u>	<u>Vested percentage</u>
Less than 2 years	—%
2	25
3	50
4	75
5 or more	100

Any nonvested amounts in a terminated participant's account will be forfeited in accordance with Plan provisions and used in the following sequence: first, to make any Plan contributions due to participants that have returned from qualified military service that are consistent with applicable law and the terms of the Plan; second, to make any Plan contributions required to correct administrative errors; third, to reduce matching contributions otherwise payable by the Company in the year that the forfeiture first becomes available; fourth, to restore previously forfeited account balances, if any; and fifth, to reduce matching contributions in the following year. At December 31, 2007 and 2006, forfeited nonvested accounts totaled \$5 and \$327,699, respectively. During 2007 and 2006, the total amount forfeited was \$718,939 and \$1,387,947, respectively. Interest earned during 2007 was \$4,512. During 2007 and 2006, \$1,051,145 and \$1,072,260, respectively, were used to offset matching contributions.

(e) Benefit Payments

A participant may receive a distribution of his or her entire vested accrued benefit only upon the participant's termination of employment. While employed, a participant may receive a distribution of his or her rollover account and employee contribution deferrals for reason of financial hardship, in accordance with Plan provisions. Withdrawal of previously contributed employee after-tax contributions is also permitted in accordance with Plan provisions.

In general, for distributions other than for financial hardship or on account of withdrawal of employee after-tax contributions, the method of payment shall be based on the participant's election and may be made in the form of a lump-sum payment, installments (if eligible as defined by the Plan), or direct transfer to an Individual Retirement Account (IRA) or tax-favored plan that accepts the transfer. A participant may also elect a combination of lump-sum payment and direct transfer. Distributions shall be made in cash or inkind in accordance with the participant's election and Plan provisions.

**CITY NATIONAL CORPORATION
PROFIT SHARING PLAN**

Notes to Financial Statements

December 31, 2007 and 2006

(f) Participant Loans

Loans to participants may be made, at the discretion of the Plan's administrator, in an amount not less than \$1,000 and not to exceed the lesser of 50% of the participant's vested account balance, or \$50,000 reduced by the highest outstanding balance during the previous 12 months. Participants may only have one loan outstanding at a time. Such loans are collateralized by the participant's vested balance in the Plan and bear the prevailing interest rate used by lending institutions for loans made under similar circumstances. Interest rates ranged from 5% to 10% and maturity dates ranged from January 2008 to August 2022 on outstanding loan balances for the year ended December 31, 2007. The terms of these loans cannot exceed five years except that if the loan is used to purchase the principal residence of the participant, the loan term may be extended for up to a period of 15 years. Principal and interest are paid ratably through payroll deductions.

(g) Plan Termination

The Company has not expressed any intent to terminate the Plan; however, it may do so at any time, subject to the provisions of ERISA. In the event of Plan termination, participants automatically become fully vested in their accrued benefits.

(h) Plan Amendments

The Plan was amended effective for Plan years beginning after December 31, 2006 to: (1) accept Roth employee deferrals, which are allocated to a separate account maintained for such deferrals; and (2) accept rollover contributions of Roth employee deferrals from applicable retirement plans described in Section 401A(e)(1) of the IRC.

(2) Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles.

As described in Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and SOP 94-1-1, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (the FSP), investment contracts held by a defined contribution plan are required to be reported by fair value. However, contract value is the relevant measurement attribute for fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a common collective trust. As required by the FSP, the statement of net assets available for benefits presents the fair value of the investment contracts in the collective trust as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

CITY NATIONAL CORPORATION
PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2007 and 2006

(b) *New Accounting Pronouncement*

In September 2006, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standard (SFAS) No. 157, *Fair Value Measurements*, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. SFAS No. 157 applies only to fair value measurements already required or permitted by other accounting standards and does not impose requirements for additional fair value measures. SFAS No. 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007, and interim periods within those fiscal years. The Company does not expect the adoption of SFAS No. 157 to have a material impact on the statement of net assets available for benefits or statement of changes in net assets available for benefits.

(c) *Use of Estimates*

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities in the statements of net assets available for benefits and the additions and deductions in the statements of changes in net assets available for benefits, as well as the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

(d) *Investment Valuation and Income Recognition*

Publicly traded securities are carried at fair value based on the published market quotations. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. The Plan's interest in the collective trust is valued based on information reported by the investment advisor using the audited financial statements of the collective trust at year-end. The Plan's investment in the CNI Charter Funds Prime Money Market Fund and participant loans are valued at cost, which approximates fair value. Purchases and sales of investments are recorded on a settlement-date basis, which does not materially differ from trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

(e) *Payment of Participant Benefits*

Participant benefits are recorded when paid.

(f) *Administrative Expenses*

A portion of the administrative expenses of the Plan are paid by the Company, except for loan and Individually Directed Account (IDA) fees, which are charged to the applicable participant accounts. City National Bank, the Plan's trustee, charges a fee for processing loan applications and IDA transactions. In addition, certain administrative expenses of the Plan are paid through mutual fund servicing fees received by City National Bank from the mutual funds in which the Plan assets are invested.

**CITY NATIONAL CORPORATION
PROFIT SHARING PLAN**

Notes to Financial Statements

December 31, 2007 and 2006

(g) Risks and Uncertainties

The Plan provides for various investment options in money market funds, mutual funds, common stocks, corporate debt, and government securities. Investment securities are exposed to various risks such as interest rate, market, and credit. Due to the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the various risk factors, in the near term, could materially affect participants' account balances and the amounts reported in the financial statements.

(h) Concentration of Credit Risk

Investment in the common stock of City National Corporation comprises approximately 18% and 23% of the Plan's investments as of December 31, 2007 and 2006, respectively.

(3) Investments

The following table presents the fair value of investments as of December 31, 2007 and 2006, with individual investments representing 5% or more of the Plan's assets available for benefits separately identified:

<u>Investment</u>	<u>2007</u>	<u>2006</u>
City National Corporation common stock	\$ 58,669,672	71,648,062
Dreyfus S&P 500 Index Fund #078	23,657,486	21,478,074

Total	<u>\$ 327,858,731</u>	<u>305,652,577</u>

* Investment option was not available in 2006.

**CITY NATIONAL CORPORATION
PROFIT SHARING PLAN**

Notes to Financial Statements

December 31, 2007 and 2006

During 2007 and 2006, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) in mutual funds, common and preferred stock, government and agency securities, and other investments appreciated in value by \$121,467 and \$17,356,180, respectively, as follows:

<u>Investment</u>	<u>2007</u>	<u>2006</u>
Mutual funds	\$ 11,618,350	18,135,452
Common stock	(11,519,595)	(783,807)
Preferred stock	(13,627)	1,110
Government and agency securities	720	(492)
Corporate debt	206	1,235
Common collective trust	6,030	3,520
Other	29,383	(838)
Total	<u>\$ 121,467</u>	<u>17,356,180</u>

(4) Party-in-Interest Transactions

Certain Plan investments are shares of CNI Charter Funds managed by City National Asset Management, Inc. (CNAM) and shares of common stock of City National Corporation. CNAM is a wholly owned subsidiary of City National Bank, which is a subsidiary of City National Corporation (the Plan sponsor as defined by the Plan), and thus, these are party-in-interest transactions. In addition, City National Bank receives mutual fund servicing fees for funds invested in CNI Charter Funds. Such fees offset, in part, administrative expenses of the Plan.

(5) Income Taxes

The Company received a favorable tax determination letter on April 16, 2003 from the Internal Revenue Service stating that the Plan is qualified under IRC Section 401(a) and that the Trust is exempt from federal income taxes under provisions of Section 501(a). The plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

(6) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of benefits paid to participants reported in the financial statements for the year ended December 2007 and 2006 to Form 5500:

	<u>2007</u>	<u>2006</u>
Benefits paid to participants reported in the financial statements	\$ 18,964,814	22,319,485
Less prior year amounts allocated to withdrawing participants	(95,953)	95,953
Benefits paid to participants per Form 5500	<u>\$ 18,868,861</u>	<u>22,415,438</u>

**CITY NATIONAL CORPORATION
PROFIT SHARING PLAN**

Notes to Financial Statements

December 31, 2007 and 2006

Amounts allocated to withdrawing participants are recorded on the Form 5500 for benefit claims that have been processed and approved for payment prior to December 31, 2006, but not yet paid as of that date.

(7) Prohibited Transactions

During the year ended December 31, 2006, the Company failed to remit to the Plan's trustee certain participant contributions totaling \$10,562 within the period prescribed by the Department of Labor Regulations. Such transactions are identified in Schedule H, Line 4a – Schedule of Delinquent Participant Contributions. The Company deposited the late contributions in 2006 and made full restorative earnings of \$587 and \$1 to participants in June 2007 and September 2006, respectively.

(8) Subsequent Event

Subsequent to December 31, 2007, the fair value of units held by the Plan in the Company's common stock decreased from \$59.55 with 985,217 units held as of December 31, 2007 to \$41.25 with 1,075,385 units held as of June 25, 2008.
