INDEPENDENT AUDITOR'S REPORT

March 27, 2009

To The Board of Directors of
PTP Securities, LLC
Farmington, CT 06032

We have audited the balance sheets of PTP Securities, LLC as of December 31, 2008, and 2007, and the related statements of operations, retained earnings, and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of PTP Securities, LLC as of December 31, 2008, and the results of operation and its cash flows for the year then ended in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the basic financial statements, taken as a whole. The information contained in Schedules I and II is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

PTP SECURITES, LLC
Notes to Financial Statements

Note 1 Summary of Significant Accounting Policies

General:

The company is a private placement only securities broker-dealer.

Revenue Recognition

Purchases and sales of securities and the related commission revenue and expense are generally recorded on settlement date. The investments are valued at market, unrealized gains and losses are included in income.

Note 2 Net Capital Requirement:

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2008, the Company had net capital of \$336,138, which was \$330,138 in excess of its required net capital of \$6,000. The Company's net capital ratio was 0 to 1 at December 31, 2008.

Note 3 Office Furniture & Equipment

If any were to be placed into service, office equipment & furniture would be stated at cost. Therefore, for financial and income tax purposes accelerated depreciation methods would be used.

Note 4 Income Taxes

The company has elected LLC status, as such taxes are not paid at the corporate level but are passed through to the shareholders, therefore no taxes are accrued.

Note 5 Cash & Cash Equivalents

For purposes of the statement of cash flows, cash and cash equivalents are as follows:

Cash in checking and savings	\$ 336,138

March 27, 2009

To The Board Directors of
PTP Securities, LLC

We have audited the financial statements of PTP Securities, LLC, as of December 31, 2008, for the year ended and have issued our report thereon February 28, 2008. As part of our audit, we made a study and evaluation of the Company's system of internal accounting control (which includes the procedures for safeguarding securities) to the extent we considered necessary to evaluate the system as required by generally accepted auditing standard. The purpose of our study and evaluation, which included obtaining and understanding of the accounting system, was to determine the nature, timing and extent of the auditing procedures necessary for expressing an opinion on the financial statements.

We also made a study of the practices and procedures followed by the Company in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and the procedures for determining compliance with the exemptive provisions of rule 15c3-3. We did not review the practices and procedures followed by the Company in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by rule 17a-13 or in complying with the requirements for prompt payment for securities under section 8 of Regulation T of the Board of Governors of the Federal Reserve System, because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining a system of internal accounting control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess whether those practices and procedures can be expected to achieve the Commission's above-mentioned objectives. The objectives of a system and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal accounting control procedures of the practices and procedures referred to above, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the degree of compliance with them may deteriorate.

Our study and evaluation made for the limited purpose described in the first paragraph would not necessarily disclose all material weaknesses in the system. Accordingly, we do not express an opinion on the system of internal control of PTP Securities, LLC, taken as a whole. Our study and evaluation disclosed no condition that we believed to be a material weakness. We did note that the Company has a small office staff and, therefore, limited segregation of duties. Although management is aware of this weakness in internal control and continues to assess exposure in this area, correction of this weakness is currently precluded as a result of the limited number of employees of the Company. Duties should continue to prevent personnel from controlling transactions on a regular basis.

We understand the practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicates a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices

and procedures were adequate at December 31, 2008, to meet the Commission's objectives.

This report is intended solely for the use of management and the Securities and Exchange Commission and National Association of Securities Dealers and should not be used for any other purposes.
