## Independent Auditor's Report

To the Members of  
Blue Sand Securities, LLC  
Gaithersburg, MD

I have audited the accompanying statement of financial condition of Blue Sand Securities, LLC as of March 31, 2009, and the related statements of income, changes in member's equity, and cash flows that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Blue Sand Securities, LLC as of March 31, 2009, and the results of their operations and their cash flows for the period then ended in conformity with accounting principles generally accepted in the United States of America.

My audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I, II, III, and IV, is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in my opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES**

**Organization and Nature of Business**

The Company was organized on August 30, 2006 as a Delaware limited liability company to conduct business as a registered broker-dealer under the Securities Exchange Act of 1934. As a limited liability company the members' liability is limited to their investment.

**Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities as of the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Furniture and Equipment**

Acquisitions of furniture and equipment are recorded at cost. Improvements and replacements of furniture and equipment are capitalized. Maintenance and repairs that do not improve or extend the lives of furniture and equipment are charged to expense as incurred. When assets are sold or retired, their cost and related accumulated depreciation are removed from the accounts and any gain or loss is reported in the statements of income and retained earnings.

Depreciation is provided over the estimated useful life of each class of depreciable assets and is computed using the straight-line method. Depreciation expense for the year ended March 31, 2009 was \$1,679.

**NOTE 2 - NET CAPITAL**

As a broker-dealer, the Company is subject to the Securities and Exchange Commission's regulations and operating guidelines, which require the Company to maintain a specified amount of net capital, as defined, and a ratio of aggregate indebtedness to net capital, as derived, not exceeding 15 to 1. The Company's net capital, as computed under Rule 15c3-1, was \$173,674 at March 31, 2009, which exceeded required net capital of \$9,746 by \$163,928. Accordingly, no income tax expense has been recorded in the statements. All income or losses will be reported on the individual members' income tax returns.

**NOTE 4 - OPERATING LEASE AGREEMENTS**

The Company leases its office spaces under operating leases. The main office lease requires monthly payments of \$1,700 with an annual 3% increase on a year-to-year basis unless either party gives 90 days' written notice. **NOTE 5- CONCENTRATIONS OF CREDIT RISK**

The Company is engaged in various trading and brokerage activities with counterparties. In the event counterparties do not fulfill their obligations, the Company may be exposed to risk. ## **Independent Auditors' Report on Internal Control Structure Required by SEC Rule 17a-5**

To the Members  
Blue Sand Securities, LLC

In planning and performing my audit of the financial statements of Blue Sand Securities, LLC, for the period ended March 31, 2009, I considered its internal control structure, including procedures for safeguarding securities, in order to determine my auditing procedures for the purpose of expressing my opinion on the financial statements and not to provide assurance on the internal control structure.

I also made a study of the practices and procedures followed by Blue Sand Securities, LLC in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a) (11) and the procedures for determining compliance with the exemptive provisions of Rule 15c3-3. I did not review the practices and procedures followed by Blue Sand Securities, LLC in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by Rule 17a-13 or in complying with the requirements for prompt payment for securities under section 8 of Regulation T of the Board of Governors of the Federal Reserve System, because Blue Sand Securities, LLC does not carry security accounts for customers or perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining an internal control structure, and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with accounting principles general accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

My consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, I noted no matters involving the internal control structure, including procedures for safeguarding securities that I consider to be material weakness as defined above.

I understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on my study, I believe the Company's practices and procedures were adequate at March 31, 2009, to meet the Commission's objectives.

This report is intended solely for the use of management, the Securities and Exchange Commission, The Financial Industry Regulatory Authority, Inc. and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 and should not be used for any other purpose.
