Independent Auditor's Report

Board of Directors
Charter Capital Management, Inc.
One Honey Creek Corporate Center
125 South 84th Street, Suite 140
Milwaukee, Wisconsin 53214

Board of Directors:

We have audited the accompanying balance sheets of Charter Capital Management, Inc., as of April 30, 2009 and April 30, 2008, and the related statements of income, changes in stockholder's equity, and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Charter Capital Management, Inc. as of April 30, 2009 and April 30, 2008, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information included in the accompanying computation of net capital and aggregate indebtedness schedule is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Charter Capital Management, Inc.
Notes To Financial Statements
April 30, 2009 and April 30, 2008

Note 1 - Summary of Significant Accounting Policies

This summary of significant accounting policies is presented to assist in understanding the Company's financial statements. The financial statements and notes are representations of the Company's management who is responsible for their integrity and objectivity. These accounting policies conform to generally accepted accounting principles and have been consistently applied in the preparation of the financial statements.

Business Activity

The Company was incorporated in the State of Wisconsin on May 1, 1981. The Company is registered with the Securities and Exchange Commission and it is a member of the Financial Industry Regulatory Authority, or "FINRA" (created in 2007 through the consolidation of the National Association of Securities Dealers, Inc. ("NASD") and the member regulation, enforcement and arbitration operations of the New York Stock Exchange). The Company's principal business activity is registered investment advisor.

Property and Equipment

Property and equipment are recorded at cost, and depreciated using the straight-line and 200DB methods over various lives between 5 and 39 years.

Bad Debts

The Company uses the direct write-off method to account for bad debts. As such, they are expensed when determined to be bad.

Unearned Fees

The Company maintains its financial records generally on an accrual basis of accounting. The only exception relates to certain management fees that are billed prospectively, for varying terms up to six months, based on contractual percentages of the current market values. In accordance with practices allowed by the State of Wisconsin Office of Commissioner of Securities, the Company has not deferred the revenue to be earned under these contracts, nor has it recorded as prepaid, a substantially similar amount for the salaries paid as a result of these fees. Management's estimate of unearned fees and prepaid salaries at April 30, 2009 and April 30, 2008, is approximately \$28,318 and \$35,055, respectively, which management believes is not material to the fair presentation of the financial statements of the Company.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Charter Capital Management, Inc.
Notes To Financial Statements
April 30, 2009 and April 30, 2008

Note 2 - Net Capital Requirements

As a registered broker/dealer and member of the Financial Industry Regulatory Authority, the Company is subject to the Uniform Net Capital Rule, which required the maintenance of minimum net capital and requires that the ratio of aggregated indebtedness to net capital, both as defined, shall not exceed 15 to 1. At April 30, 2009, the Company's net capital and required net capital were \$57,545 and \$5,000, respectively. The ratio of aggregate indebtedness to net capital was 6.97%.

Note 3 - Common Stock

Common stock consists of 56,000 shares authorized, 25 shares issued and outstanding \$1 par value common shares.

Note 4 - Lease Commitment

Under the terms of noncancellable leases for office space, minimum annual rentals, exclusive of additional payment which may be required for certain increases in operating and maintenance costs, are as follows:

<u>Year Ending</u> <u>April 30,</u>	<u>Minimum</u> <u>Rentals</u>
2010	13,621
2011	389
2012	-
2013	-
2014	-
	<u>\$ 14,010</u>

Note 5 - Filing Requirements

There were no liabilities subordinated to claims of creditors during the year ended April 30, 2009. Accordingly, a statement of changes in liabilities subordinated to claims of creditors is not included in the financial statements as required by rule 17a-5 of the Securities and Exchange Commission.

Independent Auditor's Report on Internal Control

To the Board of Directors,
Charter Capital Management, Inc.

In planning and performing our audit of the financial statements of Charter Capital Management, Inc. for the year ended April 30, 2009, we considered its internal control structure, including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission, we have made a study of the practices and procedures (including tests of compliance with such practices and procedures) followed by Charter Capital Management, Inc. that we considered relevant to the objectives stated in Rule 17a-5(g)(1), in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(11). We did not review the practices and procedures followed by the Company in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by Rule 17a-13 or in complying with the requirements for prompt payment for securities under Sec. 8 of Regulation T of the Board of Governors of the Federal Reserve System, because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the

risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, our study and evaluation disclosed that a lack of segregation of functions exists. Although this condition may be considered to be a material weakness in internal control, it is a common condition in entities of this size. This condition was considered in determining the nature, timing and extent of the procedures to be performed in our audit of the financial statements of Charter Capital Management, Inc. for the year ended April 30, 2009, and this report does not affect our report thereon dated June 22, 2009. In addition, no facts came to our attention which would indicate the Company was not in compliance with its type k(2)(i) exemption from the requirements of SEC Rule 15c3-3. However, it should be noted that our examination was not directed primarily toward obtaining knowledge of such noncompliance.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purpose in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at April 30, 2009, to meet the Commission's objectives.

This report is intended solely for the use of management, the Securities and Exchange Commission, the National Association of Securities Dealers, Inc. and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934, and should not be used for any other purposes.
