On January 1, 2008 the Partnership adopted Statement of Financial Accounting Standards No. 157 ("SFAS No. 157") which establishes a framework for measuring fair value and expands disclosures about fair value measurements. SFAS No. 157 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three broad levels explained below:

Level 1 Valuations based on quoted prices available in active markets for identical investments.

Level 2 Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.

Level 3 Valuations based on inputs that are unobservable and significant to the overall fair value measurement.
