Report of Independent Auditor

To the Board of Trustees
OMNI Financial Securities, Inc.

I have audited the accompanying balance sheet of OMNI Financial Securities, Inc. as of December 31, 2008 and the related statement of income, stockholder's equity and cash flows for the year then ended. These statements are the responsibility of the company's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of OMNI Financial Securities, Inc., as of December 31, 2008 and the results of its operations and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

OMNI Financial Securities, Inc

Notes to the Financial Statements December 31, 2008

Note 1 – Summary of Significant Accounting Policies

Business Purpose

OMNI Financial Securities, Inc. (the Company), an Ohio Corporation, is a wholly owned subsidiary of Manex Financial Management, Inc. (the Parent), formerly named Omni Financial Management, Inc. The Company was incorporated in 1991 and is engaged in the selling of mutual funds and variable annuities to the general public in the Center Ohio area.

Basis of Accounting

The Company uses the accrual basis of accounting for book and tax purposes.

Accounts Receivable

Accounts receivable are recorded when commissions are earned and are presented in the balance sheet net of any allowance for doubtful accounts. Accounts receivable are written off when they are determined to be uncollectible. Any allowance for doubtful accounts is estimated based on the Company's historical losses, the existing economic conditions in the industry and financial stability of those individuals who owe the receivable. No allowance for doubtful accounts was deemed necessary at December 31, 2008.

Income Tax

The Company records income taxes in accordance with SFAS No. 109, Accounting for Income Taxes. SFAS No. 109 requires an asset and liability approach for financial reporting purposes. Deferred income taxes are provided for differences between the tax basis of assets and liabilities and the financial reporting amounts at the end of the period, and for net operating loss and tax credit carryforwards available to offset future taxable income. Changes in enacted tax rates or laws result in adjustments to recorded deferred tax assets and liabilities in the periods in which the tax laws are enacted or tax rates changed.

OMNI Financial Securities, Inc

Notes to the Financial Statements December 31, 2008

The Company files a consolidated federal income tax return with its Parent. The tax allocation agreement between the two entities provides that the Parent will pay all consolidated federal income taxes on behalf of the group and the Company will make payments to the Parent in an amount equal to the tax liability, if any, that it would have had if it were to file a separate return. As a result, the income generated for 2008 will be reported on the Parent's 2008 income tax return. The Company has considered this tax benefit in the management fee that it pays to its Parent.

Statement of Cash Flows

For purpose of the statement of cash flows, the Company considers all highly liquid investments with an original maturity of 90 days or less to be cash equivalents.

Use of Estimates

The process of preparing financial statements in conformity with generally accepted accounting principles in the United States of America requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues and expenses. Such estimates are primarily related to unsettled transactions and events as of the date of the financial statements. Accordingly upon settlement, actual results may differ from estimated amounts.

Cash Equivalents

For purposes of the statement of cash flows, the Company considers all highly liquid investments with maturities of three months or less to be cash equivalents.

Note 2 – Net Capital Requirement

The Company is subject to the Uniform Net Capital Rule of the Securities and Exchange Commission (Rule 15c-1). Under the Rule, the Company is required to maintain minimum net capital and the Company's ratio of "aggregate indebtedness" to "net capital" not exceed 15 to 1 (as defined by the Rule). The Company had net capital of \$12,855 as of December 31, 2008, which was in excess of the net capital required by FINRA of \$5,000.

OMNI Financial Securities, Inc

Notes to the Financial Statements
December 31, 2008

The Company's ratio of aggregate indebtedness to net capital at December 31, 2008 was 11%.

Note 3 – Related Parties

The Parent allocates to its subsidiaries certain expenses it incurs that are related to the subsidiaries' operations via management fees. Total management fees paid by the Company to the Parent for 2008 were \$111,200.

Note 4 – Commitment

In 2007, the shareholders of the Parent agreed to the terms of a sale that would result in one of the shareholders purchasing the Company. Pursuant to NASD Rule 1017 and as of December 31, 2007, a regulator was performing due diligence related to the transaction. The regulator completed the due diligence and issued the approval letter on May 7, 2008. The sale was retroactive to the beginning of the Company's fiscal year, January 1, 2008.

Independent Auditor's Report on Supplementary Financial Data
Pursuant to SEC Rule 17a-5

For the year ended December 31, 2008

The information contained in the schedules on the following page is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is required by Rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the audit procedures applied in the examination of the basic financial statements and, in our opinion, is stated fairly in all material respects in relation to the basic financial statements taken as a whole, and the schedules present fairly the information included therein in conformity with the rules of the Securities and Exchange Commission.
