## INDEPENDENT AUDITORS' REPORT

To the Officers and Directors  
Domestic Securities, Inc.  
Montvale, New Jersey

We have audited the accompanying statement of financial condition of Domestic Securities, Inc. as of June 30, 2009, and the related statements of operations, changes in stockholders' equity, and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Domestic Securities, Inc. as of June 30, 2009, and the results of its operations and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules 1 and 2 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

  
WOLINETZ, LAFAZAN & COMPANY, P.C.

The accompanying notes are an integral part of the financial statements.

DOMESTIC SECURITIES, INC.  
Notes to Financial Statements

**NOTE 1 – Nature of Business and Summary of Significant Accounting Policies**

**Nature of Business**

Domestic Securities, Inc., (the “Company”) is a registered broker/dealer engaged primarily in securities trading. The Company is a wholly owned subsidiary of a privately owned corporation (“the Parent”).

The Company operates under the provisions of Paragraph (k)(2)(ii) of Rule 15c3-3 of the Securities and Exchange Commission and, accordingly, is exempt from the remaining provisions of that Rule. Essentially, the requirements of Paragraph (k)(2)(ii) provide that the Company clear all transactions on behalf of customers on a fully disclosed basis with a clearing broker/dealer, and promptly transmit all customer funds and securities to the clearing broker/dealer. The clearing broker/dealer carries all of the accounts of the customers and maintains and preserves all related books and records as are customarily kept by a clearing broker/dealer.

**Use of Estimates**

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

**Cash and Cash Equivalents**

The Company considers all highly liquid investments with a maturity of three months or less at the time of purchase to be cash equivalents.

**Marketable Securities**

Securities owned and securities sold but not yet purchased are stated at fair market value and represent equity securities in which the Company acts as market maker and performs proprietary trading. Securities owned and securities sold but not yet purchased consist of equity securities.

Securities sold but not yet purchased represent obligations of the Company to deliver the specified security at the contracted price. A liability is thereby created to purchase the security in the market at prevailing prices. Accordingly, these transactions result in off-balance-sheet risk as the Company's ultimate obligation to satisfy the sale of securities sold but not yet purchased may exceed the amount recognized in the statement of operations.

Unrealized gains and losses on securities are reflected in the statement of operations.

**Depreciation**

Property and equipment is stated at cost, less accumulated depreciation. Depreciation is computed by the straight-line method over the estimated useful lives of the related assets, which approximate three to five years.

DOMESTIC SECURITIES, INC.  
Notes to Financial Statements

**NOTE 1 – Nature of Business and Summary of Significant Accounting Policies (Continued)**

**Estimated Fair Value of Financial Instruments**

Substantially all of the Company's financial assets and liabilities are carried at market value or amounts which, because of their short-term nature, approximate fair value.

**Income Taxes**

The Company accounts for income taxes in accordance with SFAS No. 109, Accounting for Income Taxes, which requires the recognition of deferred tax liabilities and assets at tax rates expected to be in effect when these balances reverse. Future tax benefits attributable to temporary differences are recognized to the extent that realization of such benefits is more likely than not.

**Concentration of Credit Risks**

The Company maintains its cash in bank deposit accounts which exceed federally insured limits.

**Revenue Recognition**

The Company records proprietary and firm trading transactions on a trade date basis. The Company is exposed to risk of loss on these transactions in the event a client or broker fails to meet the terms of their contracts, in which case the Company may have to purchase or sell the positions at prevailing market prices. The Company records client transactions on a trade date basis.

**Reclassifications**

Certain items in these financial statements have been reclassified to conform to the current period presentation.

**NOTE 2 - Brokerage Receivables and Payables**

Receivable from broker consists of the following:

Clearing broker deposit receivable	\$ 2,818,655
Receivable from clearing broker – trading gains - net	<u>1,368,403</u>
	<u>\$ 4,187,058</u>

Payable to clearing broker represents net amounts owed on security positions.

DOMESTIC SECURITIES, INC.  
Notes to Financial Statements

**NOTE 3 - Property and Equipment**

Property and equipment consists of the following:

Furniture and Fixtures	\$ 49,368
Office Equipment and Computers	572,954
Leasehold Improvements	<u>63,068</u>
	685,390
Less: Accumulated Depreciation	<u>529,808</u>
	<u>\$ 155,582</u>

Depreciation expense was \$114,763 for the year ended June 30, 2009.

**NOTE 4 - Stockholders' Equity**

In August 2008 the Company's ownership changed to another privately owned corporation through a merger.

**NOTE 5 - Related Party Transactions**

The Company rents its Montvale, New Jersey office facilities from a related company on a month-to-month basis. Rent paid to this related company approximated \$90,000 for the year ended June 30, 2009.

Receivable from related parties consist of loans made to related parties amounting to \$329,717 and in addition \$141,000 due the Company in connection with expense reimbursements primarily related to compensation expense. The loans bear interest at 5% per annum and are due on demand. Interest income recorded on these loans amounted to \$9,655.

**NOTE 6 - Regulatory Requirements**

The Company is subject to the Uniform Net Capital Rule ("the Rule") under the Securities Exchange Act of 1934. Under this Rule, the Company is required to maintain net capital, as defined, equal to the greater of \$100,000 or \$2,500 for each stock it posts a quote in that trades above \$5 per share and \$1,000 for each stock it posts a quote in that trades at \$5 or less per share, up to \$1,000,000 and a net capital ratio, as defined, of a maximum of 1500%. At June 30, 2009, the Company's net capital was \$3,039,010, which exceeded its minimum net capital requirement by \$2,039,010 and its net capital ratio was 59.66%.

DOMESTIC SECURITIES, INC.  
Notes to Financial Statements

**NOTE 7 - Commitments and Contingencies**

**Legal**

The Company is involved in legal proceedings and claims which arise in the ordinary course of its business. Management cannot determine the outcome of these proceedings and claims at this time and believes that the outcome of any such litigation and claims would not result in any material adverse effect on the Company's financial position or results of operations.

**Lease Commitments**

The Company occupies office facilities in Edison, New Jersey under non-cancellable operating leases. Approximate future minimum commitments under these leases are as follows.

Year Ending <u>June 30,</u>	
2010	\$ 75,000
2011	82,500
2012	82,500
2013	<u>6,900</u>
Total	<u>\$ 246,900</u>

Rent expense for these leases was approximately \$85,000 for the year ended June 30, 2009.

**NOTE 8 - Financial Instruments with Off-Balance Sheet Credit Risk**

The Company maintains inventories in equity securities on both a long and short basis. While long inventory positions represent the Company's ownership of securities, short inventory positions represent obligations of the Company to deliver specified securities at a contracted price, which may differ from market prices prevailing at the time of completion of the transactions. Accordingly, both long and short inventory positions may result in losses or gains to the Company as market values of securities fluctuate. To mitigate the risk of losses, long and short positions are marked to market daily and are continuously monitored by the Company.

**NOTE 9 - Income Taxes**

For the year ended June 30, 2009, the Company's components of provision for income taxes was as follows:

Current:	
Federal	\$ 2,500
State	<u>4,000</u>
Total Current	6,500
Deferred	<u>9,000</u>
	<u>\$ 15,500</u>

DOMESTIC SECURITIES, INC.  
Notes to Financial Statements

**NOTE 9 - Income Taxes (Continued)**

Deferred income taxes are recorded when revenues and expenses are recognized in different periods for financial statement and tax return purposes. Temporary differences that created deferred tax assets and liabilities are as follows:

Deferred tax assets:	
Depreciation	\$ 22,000
Reserves	<u>18,000</u>
	<u>\$ 40,000</u>

**NOTE 10 - 401(k) Plan**

Eligible employees of the Company are participants in a defined contribution retirement plan that qualifies as a 401(k) plan under the Internal Revenue Code. The Company made no matching contributions for the year ended June 30, 2009.

---

A copy of the Firm's Statement of Financial Condition as at June 30, 2009, pursuant to S.E.C. Rule 17a-5, is available for inspection at the Firm's office and at the regional office of the Securities and Exchange Commission.

To the Officers and Directors  
Domestic Securities, Inc.  
Montvale, New Jersey

Gentlemen:

In planning and performing our audit of the financial statements of Domestic Securities, Inc. for the year ended June 30, 2009, we considered its internal control structure, including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by Rule 17a-5(g) (1) of the Securities and Exchange Commission ("the Commission"), we have made a study of the practices and procedures (including tests of compliance with such practices and procedures) followed by Domestic Securities, Inc. that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a) (II) and in complying with the exemptive provisions of Rule 15c3-3. We did not review the practices and procedures followed by the Company (1) in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by Rule 17a-13; (2) in complying with the requirements for prompt payment for securities under Section 8 of Regulation T of the Board of Governors of the Federal Reserve System; and (3) in obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by Rule 15c3-3 because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5 (g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure, including procedures to determining compliance with the exemption provision of Rule 15c3-3, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at June 30, 2009, to meet the Commission's objectives.

This report recognizes that it is not practicable in an organization the size of Domestic Securities, Inc. to achieve all the divisions of duties and cross-checks generally included in a system of internal accounting control and that alternatively greater reliance must be placed on surveillance by management.

This report is intended solely for the use of the Board of Directors, management, the Securities and Exchange Commission, and other regulatory agencies which rely on Rule 17a -5(g) under the Securities and Exchange Act of 1934 in their regulation of registered brokers and dealers and should not be used for any other purposes.

  
WOLINETZ, LAFAZAN & COMPANY, P.C.

Rockville Centre, New York  
September 23, 2009
