**Independent Auditors' Report**

We have audited the accompanying balance sheets of Investments For You, Inc. as of September 30, 2009 and 2008, and the related statements of income, retained earnings and cash flows for the years then ended that are being filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Investments For You, Inc. as of September 30, 2009 and 2008, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplemental information is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 and the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements, and in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

## NOTES TO THE FINANCIAL STATEMENTS

### SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Company is in the securities business selling shares of stock in investment companies, commonly referred to as mutual funds and variable annuities. The Company is required to meet the rules and regulations of the Securities and Exchange Commission, Financial Industry Regulatory Authority (FINRA), and the State of Ohio Division of Securities.

The Company was established October 1, 1991 with a fiscal year end of September 30. The Company was approved by the National Association of Securities Dealers, Inc. on April 1, 1992 to conduct securities transactions.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

The Company receives commissions from the sale of securities. Commission revenue is recognized when the sale of the security is consummated. The Company utilizes the allowance method in accounting for commissions receivable. No allowance was recorded for the years ended September 30, 2009 and 2008 due to management's belief that all amounts are collectible.

Furniture, fixtures and equipment are stated at cost. Depreciation is calculated under the straight-line method over five years. Repairs, which do not extend the life of equipment, are expensed when incurred.

Advertising costs are expensed in the period in which the costs are incurred. The advertising costs for the years ended September 30, 2009 and 2008 was \$299 and \$299, respectively.

### NOTE 1 - RELATED PARTY TRANSACTIONS

The Company is located in office space with the President's other business. The Company is obligated to pay 6% of gross commissions in the form of a management fee. This management fee will cover, but is not limited to, managing and maintaining all books and records of the Company, rent, telephones, and secretarial support. The management fee expense for the years ended September 30, 2009 and 2008 was \$27,464 and \$36,955, respectively.

NOTE 2 - CAPITAL

The Company has 750 authorized shares of common stock, no-par value, with 50 shares issued and outstanding.

NOTE 3 - INCOME TAXES

The provision for Federal income taxes consists of the following:

	Year ending September 30	
	2009	2008
Current	\$ 42	\$ -0-

Following is a reconciliation between book income and taxable income:

	Year ending September 30,	
	2009	2008
Net income (loss) before		
Federal income taxes (rounded)	\$ 444	\$ -0-
Dividends received deduction (70% Exclusion)	-0-	-0-
Net Operating Loss Carryforward	163	-0-
Taxable income (loss)	\$ 281	\$ -0-
Tax Liability (15%)	\$ 42	\$ -0-

The Company files a federal income tax return. The provision for income taxes included in the accompanying statements of operations was computed by applying statutory rates to income before taxes.

Deferred income taxes are recognized for the tax consequences in future years of temporary differences between the financial reporting and tax bases of assets and liabilities at each year-end based on enacted tax laws and statutory tax rates. Valuation allowances are established when necessary to reduce deferred tax assets to the amount expected to be realized. As of September 30, 2009 and 2008, a valuation allowance was not recorded as no deferred tax assets were recognized. Income tax expense represents the taxes currently payable and the net change during the period in deferred tax assets and liabilities.

NOTE 3 - INCOME TAXES (Continued)

The Company has elected to defer the application of Financial Accounting Interpretation No. 48 (FIN 48), *Accounting for Uncertainty in Income Taxes*, until September 30, 2010. The Company annually evaluates tax positions as part of the preparation of its tax accrual. This process includes an analysis of whether tax positions the Company takes with regard to a particular item of income or deduction would meet the definition of an uncertain tax position under FIN 48. The impact of FIN 48 has not been assessed by management at the present time.

NOTE 4 – SUBSEQUENT EVENTS

The Company has evaluated subsequent events through the date of the Independent Auditors' Report, which is the date the financial statements were available to be issued. There have been no significant subsequent events.

### **Independent Auditors' Report on Internal Control**

In planning and performing our audit of the basic financial statements and supplemental information of Investments For You, Inc., for the year ended September 30, 2009, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the basic financial statements and not to provide assurance on internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g), in the following:

1. Making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company.
2. Making quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by Rule 17a-13.
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.
4. Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by Rule 15c3-3.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls, and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the company's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at September 30, 2009, to meet the SEC's objectives.
