INDEPENDENT AUDITOR'S REPORT

Page 1

November 17, 2009

To the Board of Directors
Midwest Resources Securities Corp.

We have audited the accompanying Statements of Financial Condition of Midwest Resources Securities Corp. as of September 30, 2009 and 2008. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with United States generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the Statements of Financial Condition is free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Midwest Resources Securities Corp.'s internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the Statement of Financial Condition. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall Statement of Financial Condition presentation. We believe that our audits of the Statements of Financial Condition provide a reasonable basis for our opinion.

In our opinion, the Statements of Financial Condition referred to above present fairly, in all material respects, the financial position of Midwest Resources Securities Corp. as of September 30, 2009 and 2008 in conformity with United States generally accepted accounting principles.

Note #1 Nature of Business and Summary of Significant Accounting Policies

Nature of Business

Midwest Resources Securities Corp. (the "Company") was formed on February 5, 1988 as a broker-dealer to offer and sell limited and general partnership interests through direct participation private placements, throughout the United States.

Commission Revenue and Expense

Commission revenue is considered earned when the specified minimum sales level of each offering is achieved. Commissions for sales of securities are due to the registered representatives when both the minimum sales level of each offering is achieved and the offer to purchase is accepted by the Company and the issuer of the securities. In fiscal 2009, there was no commission revenue or expense as there were no new partnership offerings during the fiscal year.

Use of Estimates

The preparation of financial statements in conformity with United States generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from these estimates.

Cash and Temporary Cash Investments

The Company considers all short-term investments in interest-bearing accounts, securities, and other instruments with an original maturity of three months or less, to be equivalent to cash.

The Company at times had funds at one financial institution that exceeded the federally insured limits during fiscal 2008.

Concentrations of Credit Risk

The financial instrument which potentially subjects the Company to concentration of credit risk consists of cash, which is carried at its approximate fair value due to its short maturities. The Company policy is to limit credit exposure on financial instruments and places its cash with a financial institution deemed as being credit worthy.

Income Taxes

The Company has elected to be treated as an S Corporation, "small business corporation," for income tax purposes. Under this election, profits and losses are passed directly to the shareholder for inclusion in his personal income tax returns. As such, the Company does not pay corporate income taxes on its taxable income. Accordingly, no liability or provision for federal or state income taxes is included in the accompanying statements.

Subsequent Events

The Company has evaluated subsequent events through November 17, 2009, the date on which the financial statements were available to be issued.

Note #2 Net Capital Requirements

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule of the "applicable" exchange also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1). At the fiscal years ended 2009 and 2008, the Company had net capital of \$16,509 and \$26,637, respectively, which, in each instance, exceeded its required net capital of \$5,000. The Company's net capital ratio was 0 to 1 at both fiscal years ended 2009 and 2008.

MIDWEST RESOURCES SECURITIES CORP.
Notes to Statements of Financial Condition
(With the auditor's report of November 17, 2009)
For the fiscal years ended September 30, 2009 and 2008

Note #3 Related Party Transactions

Steven L. Baptie is the shareholder and director of the Company and Midwest Resources, Inc. Midwest Resources, Inc. is the general partner of 2008-1 Oil and Gas Income Limited Partnership. As discussed in Note 1, there was no new partnership offerings in fiscal 2009, as thus there were no related party transactions during the year.

The Company was involved in the following related party transactions:

	<u>2009</u>	<u>2008</u>
Commission revenue from Midwest Resources 2008-1 Oil and Gas Income Limited Partnership	\$ <u>-</u>	\$ <u>211,050</u>
Commission expense paid to Midwest Resources, Inc.	\$ <u>-</u>	\$ <u>76,400</u>
