### **CI Financial assets under management grow 5.5% in March**

TORONTO (April 1, 2009) – CI Financial Corp. (“CI”) today reported gross sales of \$702 million and net sales of \$59 million in March. Assets under management increased by \$2.8 billion or 5.5% over the month to \$53.2 billion at March 31, 2009. Total fee-earnings assets were \$78.1 billion, representing an increase of \$3.8 billion or 5.1%.

“CI experienced a material increase in assets over the month as global equity markets rallied,” said Stephen A. MacPhail, CI President. “This is a positive development for fund investors and CI shareholders and marks a favourable start to the second quarter.”

CI subsidiaries CI Investments Inc. and United Financial Corporation had combined retail net sales of \$77 million in long-term funds and net redemptions of \$14 million in money market funds. There were \$4 million in net redemptions related to deposit notes, which reflects a rebalancing of the deposit notes and not a redemption by clients from the product.

Assets under management at March 31, 2009, consisted of investment funds at CI Investments and United Financial of \$49.2 billion, institutional assets of \$3.7 billion and structured product assets of \$379 million. CI also reported assets under administration of \$24.0 billion, which consisted of \$17.7 billion in assets under administration at Assante Wealth Management (Canada) Ltd. and \$6.2 billion in assets under administration at Blackmont Capital Inc. Other fee-earning assets totalled \$942 million.

“Additionally, there was positive news for CI in the recent Ontario budget with the announcement of a significant reduction in corporate tax rates,” Mr. MacPhail said. “CI’s combined tax rate will decline from 33% today to 25% in a few years, which will increase CI’s after-tax income by 12%.”

Meanwhile, CI expects to release its financial results for the first quarter of 2009 on May 12, 2009.

Additional information about CI’s sales, assets and financial position can be found below in the tables of preliminary statistics and on its website, [www.ci.com/cix](http://www.ci.com/cix), in the Statistics section. The sales and assets reported in this release are the only statistics authorized by CI and CI takes no responsibility for reporting by any external sources.

### **FOR IMMEDIATE RELEASE**

#### **United Financial announces proposed fund mergers, portfolio management change**

TORONTO (April 15, 2009) – United Financial Corporation, the manager of the United Funds, announced today its intention to merge each United Diversified Fund into its corresponding United Value Fund and United Growth Fund.

The current investment mandate of each United Diversified Fund is comprised of a combination of a value mandate and a growth mandate. Under the proposal, each merger will involve the United Diversified Fund merging a portion of its assets into the United Value Fund and a portion into the United Growth Fund, as follows, with the approximate proportion allocated to each fund in brackets:

- Canadian Equity Diversified Pool will be merged into Canadian Equity Value Pool (60%) and Canadian Equity Growth Pool (40%).
- Canadian Equity Diversified Corporate Class will be merged into Canadian Equity Value Corporate Class (60%) and Canadian Equity Growth Corporate Class (40%);
- US Equity Diversified Pool will be merged into US Equity Value Pool (50%) and US Equity Growth Pool (50%);
- US Equity Diversified Corporate Class will be merged into US Equity Value Corporate Class (50%) and US Equity Growth Corporate Class (50%);
- International Equity Diversified Pool will be merged into International Equity Value Pool (50%) and International Equity Growth Pool (50%);
- International Equity Diversified Corporate Class will be merged into International Equity Value Corporate Class (50%) and International Equity Growth Corporate Class (50%).

“The mergers will streamline and simplify our lineup while putting investors into pools with more precise investment mandates than the blended mandates of the diversified funds,” said Steven J. Donald, President and Chief Operating Officer of United Financial. “The mergers will not change investors’ overall market exposure or reduce their ability to build a diversified portfolio, according to their preferences, using the United lineup.”

In addition, United Financial announced that CI Global Holdings Inc., which carries on business as Cambridge Advisors of Boston and is a subsidiary of CI Investments Inc., has been appointed portfolio manager of a portion of International Equity Growth Pool and International Equity Growth Corporate Class, effective May 22. The remainder will continue to be managed by Picton Mahoney Asset Management.

Cambridge Advisors currently manages the growth portion of International Equity Diversified Pool and International Equity Diversified Corporate Class. Cambridge is led by Alan Radlo, Senior Vice-President, Portfolio Management, who has more than 25 years of experience in managing Canadian, U.S. and global large and small-cap equity portfolios.

There are no other changes to the portfolio management of the continuing funds.

In each merger, assets of the United Diversified Fund will be sold in return for units or shares (as applicable) of the United Value Fund and United Growth Fund. The United Diversified Fund then will terminate and each investor's units or shares of the United Diversified Fund will be replaced with a proportionate number of units or shares of both the United Value Fund and the United Growth Fund.

While the mergers involving Canadian Equity Diversified Pool, US Equity Diversified Pool and International Equity Diversified Pool will not be eligible for tax-free rollover treatment, United Financial expects that the mergers will result in minimal, if any, tax liability for such United Diversified Funds and their unitholders. The mergers involving Canadian Equity Diversified Corporate Class, US Equity Diversified Corporate Class and International Equity Diversified Corporate Class will be eligible for tax-free rollover treatment for their shareholders. To the extent that any such United Diversified Fund disposes of units of another United Diversified Fund as a result of a merger, United Financial expects that the disposition will result in minimal, if any, tax liability.

Investors in each United Diversified Fund will be asked to approve its merger at special meetings of securityholders to be held on or about May 22, 2009. Each merger also is subject to regulatory approval and, for corporate law requirements, approval by the shareholders of the continuing United Value Funds and United Growth Funds that are structured as Corporate Classes. Subject to approval, the mergers will take effect after the close of business on or about May 22, 2009.
