Notes:

1. In the matter of Standby Charges, the Company had accounted liabilities in its books of accounts in the year ended March 31, 2005 based on the Maharashtra Electricity Regulatory Commission (MERC) order dated May 31, 2004. Pending final determination of the matter by the Hon'ble Supreme Court, the Company has not accounted for the reduction of Rs. 15.60 crore in standby charges liability from Rs. 515.60 crore determined by MERC as well as interest amount payable by The Tata Power Company Limited (TPC) to the Company (at 10% per annum commencing from April 1, 2004 till the date of payment) as per the Appellate Tribunal for Electricity (ATE) order dated December 20, 2006. As per the Supreme Court interim order dated February 7, 2007, TPC has furnished a bank guarantee for Rs. 227 crore and also deposited Rs. 227 crore with the Court which the Company has withdrawn and accounted as other liabilities pending final adjustment. The matter is awaiting listing with the Supreme Court for final hearing.
2. Pursuant to the order passed by the MERC dated December 12, 2007, in case No. 7 of 2002, TPC has claimed an amount of Rs. 323.87 crore towards the following:
 - (a) Difference in the energy charge for energy supplied by TPC at 220 kV interconnection for the period March 2001 to May 2004 along with interest at 24% per annum up to December 31, 2007, and
 - (b) Minimum offtake charges for energy for the years 1998-99 to 1999-2000 along with interest at 24% per annum up to December 31, 2007.In an appeal filed by the Company, ATE held that the amount in the matter (a) above is payable by the Company along with interest at State Bank of India prime lending rate for short term borrowings. The matter (b) is remanded to MERC for redetermination. The Company has filed an appeal against the said order before the Supreme Court, which while admitting the appeal, has restrained TPC from taking any coercive action in respect of the matter stated at Sr. No. (a) above and TPC has also filed an appeal against the said order.
3. The Company had revalued its Plant and Machinery located at Dahanu during the financial year 2003-04 and the depreciation figures shown in the unaudited financial results are net of effect of revaluation since the corresponding amount is withdrawn from the Revaluation Reserve which does not have impact on profit for the quarter.
4. The Maharashtra Electricity Regulatory Commission (MERC), following due process of review of costs and public hearing, vide its Order dated June 15, 2009 had determined Tariff (applicable from June 1, 2009) for financial year 2009-10. Subsequently, the Commission withheld the applicability of tariffs of some consumer categories whose tariffs had been increased, till the Commission issues further Order. In view of above, during the reporting quarter, the Company has accounted revenue (including Fuel Adjustment Charge) from the sale of electricity in Mumbai region as per the said order dated July 15, 2009 of MERC. The Company continues to account for the revenue gaps determined by the regulator's orders as regulatory assets.
5. The Scheme of Restructuring envisaging transfer of various operating divisions of the Company to resulting six wholly owned subsidiaries has since received the approval of the shareholders and the formal order of Bombay High Court approving the scheme is awaited.
6. Pursuant to the approval of the Board of Directors for buy-back of Equity shares under Section 77A of the Companies Act, 1956, the Company bought-back 753,505 equity shares during the quarter ended June 30, 2009. Consequently the paid-up capital stands reduced to Rs. 225.27 crore.
7. Pursuant to the approval by Committee of Directors in their meeting on May 24, 2009, the Company has forfeited the amount of Rs. 783.49 crore, being the 10% advance amount received against the 4.30 crore warrants issued on January 20, 2008 to a promoter company, which opted not to exercise the option of conversion of these warrants into equity shares. The said amount has been credited to the Capital Reserve account.
8. There were no exceptional/extraordinary items during the quarter ended June 30, 2009.
9. Information on investor complaints pursuant to Clause 41 of the listing agreement for the quarter ended June 30, 2009: opening: Nil additions: 90 disposals: 90 closing: Nil
10. The above standalone results for the quarter ended June 30, 2009, have been subjected to a "Limited Review" by the auditors of the Company, as per the listing agreement entered into with the stock exchanges in India.
11. After review by the Audit Committee, the Board of Directors of the Company have approved the results at their meeting held on July 30, 2009.
12. Figures of the previous year / period have been regrouped / reclassified wherever considered necessary.

For and on behalf of the Board of Directors
