Report of Independent Registered Public Accounting Firm

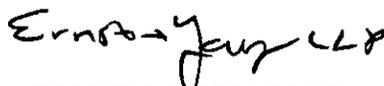

The Board of Directors
CPIM Securities LLC

We have audited the accompanying statement of financial condition of CPIM Securities LLC as of November 30, 2008, and the related statements of operations, changes in member's equity and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Company's internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of CPIM Securities LLC at November 30, 2008, and the results of its operations and its cash flows for the year then ended, in conformity with U.S. generally accepted accounting principles.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I and II is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

CPIM Securities LLC

Notes to Financial Statements

November 30, 2008

1. Organization and Nature of Business

CPIM Securities LLC (the Company) was formed as a Delaware limited liability company on December 2, 2004, and is a wholly-owned subsidiary of Cambridge Place Partners LLC (the Parent), which in turn is a wholly-owned subsidiary of Cambridge Place Investment Management, Inc. (CPIM Inc.). The Company is registered as a broker-dealer with the Securities and Exchange Commission (SEC) and the Financial Industry Regulatory Authority (FINRA), which was formed on July 26, 2008 through the consolidation of the New York Stock Exchange Member Regulation and the National Association of Securities Dealers, Inc. The Company, which has no employees, acts as the United States placement agent for those funds for which Cambridge Place Investment Management LLP (CPIM LLP) acts as the investment manager.

2. Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual amounts could differ from those estimates.

Cash and Cash Equivalents

The Company has defined cash and cash equivalents as highly liquid investments, with original maturities of less than 90 days, that are not held for sale in the ordinary course of business.

Revenue Recognition

The Company recognizes placement agent fees and service fees at the time the placement or services are performed and the income is reasonably determinable.

CPIM Securities LLC

Notes to Financial Statements (continued)

2. Significant Accounting Policies (continued)

Income Taxes

The Company is a single-member limited liability company for federal, state and local corporate income tax purposes and, accordingly, was not subject to federal, state and local corporate income taxes.

CPIM, Inc. allocates income tax expense (benefit) to the Company as if the Company filed a separate tax return, and the Company reimburses (receives cash from) CPIM Inc. for the expense (benefit) recognized. The Company has computed its income tax provision (benefit), at the prevailing statutory federal and state income tax rates, on a separate entity basis using the liability method in accordance with Statement of Financial Accounting Standards No. 109, *Accounting for Income Taxes*.

3. Related Party Transactions

The Company is a party to a corporate services agreement with CPIM Inc. In accordance with this agreement, certain operating expenses are billed to the Company based on CPIM Inc.'s estimate of the Company's utilization of CPIM Inc.'s services. Expenses related to this agreement were \$117,821 for the year ended November 30, 2008.

The Company's revenue consists of reimbursement by CPIM LLP for the use of Company resources. During the year ended November 30, 2008, there were no placement fees received by the Company.

4. Net Capital Requirements

The Company is subject to the Uniform Net Capital requirements of the SEC under Rule 15c3-1, which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At November 30, 2008, the Company had net capital of \$24,414, which was \$19,414 in excess of its required net capital of \$5,000. The Company's ratio of aggregate indebtedness to net capital was 1.25 to 1.

Supplemental Information

CPIM Securities LLC

Computation of Net Capital Pursuant to Rule 15c3-1

November 30, 2008

Computation of net capital

Total member's equity	\$41,518
Deductions:	
Total non-allowable assets from statement of financial condition	<u>17,104</u>
Net capital	<u>\$24,414</u>

Computation of excess net capital

Net capital requirement	\$ 5,000
Net capital as calculated above	<u>24,414</u>
Excess net capital	<u>\$19,414</u>

Computation of aggregate indebtedness

Aggregate indebtedness – per statement of financial condition	<u>\$30,430</u>
Ratio of aggregate indebtedness to net capital	<u>1.25 to 1</u>

As a result of the audit, net capital per the audited financial statements was \$24,414, as of November 30, 2008, compared to \$27,195 on the corresponding schedule included in the Company's unaudited November 30, 2008 Part IIA FOCUS filing.

CPIM Securities LLC

Statement Regarding Rule 15c3-3

November 30, 2008

The Company is exempt from Rule 15c3-3 of the Securities and Exchange Commission under paragraph (k) (2) (i) of that Rule.

Supplementary Report

Supplementary Report of Independent Registered Public Accounting Firm on Internal Control Required by Rule 17a-5(g)(1)

Board of Directors
CPIM Securities LLC

In planning and performing our audit of the financial statements of CPIM Securities LLC (the Company), as of and for the year ended November 30, 2008, in accordance with auditing standards generally accepted in the United States, we considered its internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company, including consideration of control activities for safeguarding securities. The study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11), and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13; and
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions, or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control. A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs, and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at November 30, 2008 to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management; the SEC, the Financial Industry Regulatory Authority and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be, and should not be, used by anyone other than these specified parties.
