WALL STREET STRATEGIES, INC.

Independent Auditors' Report

We have audited the accompanying statement of financial condition of Wall Street Strategies, Inc. (the Company) as of December 31, 2008, and the related statements of income, changes in shareholder's equity, and cash flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Wall Street Strategies, Inc. as of December 31, 2008, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I, II, and III is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The accompanying notes are an integral part of these statements.

NOTES TO THE FINANCIAL STATEMENTS

1. ORGANIZATION

Wall Street Strategies, Inc. (the Company) is a broker-dealer registered with the Securities and Exchange Commission (SEC), and the states of Ohio, California, and Florida, and is a member of the Financial Industry Regulatory Authority (FINRA), specializing in agency transactions and investment advisory services.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Commissions

Commission income, commission expense, and related clearing expenses are recorded on a settlement date basis which approximates trade date.

Cash

At times during the year, the Company's cash account may exceed the related amount of federal deposit insurance. The Company has not experienced any loss in such accounts and believes it is not exposed to any significant risk.

Marketable Security Owned

Marketable security owned consists of a trading security as defined by Statement of Financial Accounting Standards (SFAS) No. 115. In accordance with SFAS 115, this security is reported at market value with the change in unrealized gain or loss reported in operations in the year in which it occurs.

At December 31, 2008, marketable security owned consists of a 3.19% certificate of deposit with a maturity date of June 2009. There was \$558 of interest earned during 2008.

Receivables and Credit Policies

Commissions receivable are uncollateralized obligations due under normal trade terms requiring payments within 30 days from the end of the month in which the commission was earned. The Company generally collects receivables within 30 days and does not charge interest on commissions receivable with invoice dates over 30 days.

Management individually reviews all receivable balances that exceed 30 days from the invoice date and based on an assessment of current creditworthiness, estimates the portion, if any, of the balance that will not be collected. In the opinion of management, at December 31, 2008, all receivables were considered collectible and no allowance was necessary.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Concentration of Credit Risk

The Company is engaged in various trading and brokerage activities in which counterparties primarily include broker-dealers, banks, and other financial institutions. In the event counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty.

Accounting Estimates

Management uses estimates and assumptions in preparing financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenue and expenses. Actual results could vary from the estimates that were used.

Income Taxes

Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. The Company records a valuation allowance when it concludes that it is more likely than not that the deferred tax assets will not be realized.

3. RELATED PARTY TRANSACTION

The Company entered into an annual expense sharing agreement with an affiliate, whereby the affiliate will assume costs related to the use of facilities and copying services for the benefit of the Company. Management believes these amounts to be immaterial to the financial statements.

NOTES TO THE FINANCIAL STATEMENTS

4. FEDERAL INCOME TAXES

The Company has available approximately \$197,300 of unused operating loss carryforwards that may be applied against future taxable income and that expire between 2019 and 2026. At December 31, 2008, deferred income taxes consisted of the following:

Deferred tax asset	\$ 49,300
Valuation allowance	<u>(49,300)</u>
	<u>\$ --</u>

The valuation allowance decreased \$5,300 in 2008.

In June 2006, the Financial Accounting Standards Board (FASB) issued FASB Interpretation No. 48 (FIN 48), *Accounting for Uncertainty in Income Taxes*, that requires the tax effects of certain tax positions to be recognized. These tax positions must meet a “more likely than not” standard that, based on their technical merits, have a more than 50 percent likelihood of being sustained under examination. In accordance with FASB FSP FIN 48-3, the Company has elected to defer the adoption of FIN 48 until 2009. The Company presently recognizes tax assets and liabilities when the related tax position is taken on the tax return. At adoption of FIN 48, the financial statements must be adjusted to reflect only those tax positions that are more likely than not of being sustained. Management of the Company is currently evaluating the impact that FIN 48 will have on the financial statements.

5. ASSETS MEASURED AT FAIR VALUE ON A RECURRING BASIS

The Company adopted FASB Statement of Financial Accounting Standards No. 157, *Fair Value Measurement*, (FAS 157) effective January 1, 2008. FAS 157 establishes a framework for measuring fair value and expands disclosures about fair value measurements in financial statements.

The various inputs that may be used to determine the fair value of the Company’s assets are summarized in three broad levels:

Level 1	Quoted prices in active markets for identical securities
Level 2	Other significant observable inputs (including quoted prices for similar securities, interest rates, credit risk, etc.)
Level 3	Significant unobservable inputs (including the Company’s own assumptions used to determine value)

Generally, the Company utilizes quoted market prices, and other relevant information generated by market transactions, to measure fair value when available. If quoted prices are not available, fair values are measured using independent pricing models or other model-based valuation techniques. In certain cases, the Company may be required to make judgments about assumptions that market participants would use in estimating the fair value of financial instruments (Level 3 valuations).

NOTES TO THE FINANCIAL STATEMENTS

5. ASSETS MEASURED AT FAIR VALUE ON A RECURRING BASIS (Continued)

Assets measured at fair value are comprised of the following at December 31, 2008:

<u>Description</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Trading securities	\$ _____ -	\$ 11,391	\$ _____ -

The Company did not hold any Level 3 assets during the year.

6. NET CAPITAL PROVISION OF RULE 15c3-1

Pursuant to the net capital provisions of Rule 15c3-1 of the Securities Exchange Act of 1934, the Company is required to maintain a minimum net capital balance, as defined, under such provisions.

The Company's minimum capital requirement is the greater of \$5,000 or 6 $\frac{2}{3}$ % of aggregate indebtedness, as defined, under Securities and Exchange Commission Rules 15c3-1(a)(1) and 15c3-1(a)(2)(vi), as it does not maintain customer accounts. Net capital may fluctuate on a daily basis. At December 31, 2008, the Company had net capital of \$39,148, which was \$34,148 in excess of its required net capital of \$5,000.

In addition to the minimum net capital provisions, Rule 15c3-1 requires that the Company maintain a ratio of aggregate indebtedness, as defined, to net capital, of not more than 15 to 1. At December 31, 2008, the ratio was .09 to 1.

7. EXEMPTION FROM RULE 15c3-3

The Company acts as an introducing broker or dealer, promptly transmitting all funds and delivering all securities received in connection with its activities as a broker or dealer and does not otherwise hold funds or securities for or owe money or securities to customers. The Company operates under Section (k)(1) of Rule 15c3-3 of the Securities Exchange Act of 1934 and is therefore exempt from the requirements of Rule 15c3-3.

SUPPLEMENTAL INFORMATION
PURSUANT TO RULE 17a-5 OF THE
SECURITIES EXCHANGE ACT OF 1934

DECEMBER 31, 2008

SCHEDULE I - COMPUTATION OF NET CAPITAL
PURSUANT TO RULE 15c3-1 OF THE
SECURITIES AND EXCHANGE COMMISSION

DECEMBER 31, 2008

NET CAPITAL	
Total shareholder's equity from statement of financial condition	\$ 41,748
Less: Non-allowable assets – CRD deposit	100
Less: Unsecured receivables	<u>2,500</u>
NET CAPITAL	<u>\$ 39,148</u>
COMPUTATION OF AGGREGATE INDEBTEDNESS - TOTAL LIABILITIES FROM STATEMENT OF FINANCIAL CONDITION	<u>\$ 3,401</u>
COMPUTATION OF BASIC NET CAPITAL REQUIREMENT - 6 $\frac{2}{3}$ % OF AGGREGATE INDEBTEDNESS	<u>\$ 227</u>
MINIMUM REQUIRED NET CAPITAL	<u>\$ 5,000</u>
NET CAPITAL REQUIREMENT	<u>\$ 5,000</u>
EXCESS NET CAPITAL	<u>\$ 34,148</u>
RATIO OF AGGREGATE INDEBTEDNESS TO NET CAPITAL	<u>.09 to 1</u>

A reconciliation of the computation of net capital under Rule 15c3-1 as included in the Company's unaudited Form X-17a-5 as of December 31, 2008, filed with the Securities and Exchange Commission and the amount included in the above calculation is not required as there are no audit adjustments.

SCHEDULES II AND III – COMPUTATION FOR
DETERMINATION OF RESERVE REQUIREMENTS AND
INFORMATION RELATING TO POSSESSION OR CONTROL
REQUIREMENTS PURSUANT TO RULE 15c3-3 OF THE
SECURITIES AND EXCHANGE COMMISSION

DECEMBER 31, 2008

The Company is not required to present the schedules "Computation for Determination of Reserve Requirements Under Rule 15c3-3" and "Information Relating to Possession or Control Requirements Under Rule 15c3-3" as it meets the exemptive provisions of Rule 15c3-3, under Section (k)(1) of the Rule.

SHAREHOLDER
WALL STREET STRATEGIES, INC.

Independent Auditors' Report on Internal Control
Required by SEC Rule 17a-5(g)(1)

In planning and performing our audit of the financial statements and supplemental schedules of Wall Street Strategies, Inc. (the Company) as of and for the year ended December 31, 2008, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2008, to meet the SEC's objectives.

This report is intended solely for the information and use of the shareholder, management, the SEC, the Financial Industry Regulatory Authority, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
