REPORT OF INDEPENDENT AUDITORS

Board of Directors
Cost Containment Services, Inc.

We have audited the accompanying statement of financial condition of Cost Containment Services, Inc. (an S Corporation) as of December 31, 2008, and the related statements of income, changes in stockholder's equity and cash flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Cost Containment Services, Inc. as of December 31, 2008, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in the schedules on pages 8 through 12 is presented for the purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS
December 31, 2008

NOTE 1 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies is presented to assist in understanding the Company's financial statements. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

Business Activity

Cost Containment Services, Inc. (the Company) is a registered securities broker-dealer and clears all customer transactions through a clearing firm/agent on a fully disclosed basis. The Company does not hold funds or securities for, or owe money or securities to customers, and does not otherwise carry customer accounts. Accordingly, the Company is exempt from Securities and Exchange Commission Rule 15c3-3.

Recognition of Income and Expenses

Commission income and clearing fees related to securities transactions are recognized on a settlement date basis because all such transactions are cleared through another broker-dealer which operates on this basis. Reporting such transactions on a trade date basis would not result in a material difference.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Income Taxes

The Company, with the consent of its stockholder, has elected to be taxed as an S Corporation under the provisions of the Internal Revenue Code. In lieu of corporation income taxes, the stockholder of an S Corporation is taxed on his proportionate share of the Company's taxable income. Therefore, no provision or liability for federal income taxes has been included in the financial statements.

The Company's federal tax returns are subject to examination by the Internal Revenue Service for the statutory period.

NOTE 2 — NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. The Company had net capital of \$38,544 which was \$33,544 in excess of its required minimum net capital of \$5,000. The Company's ratio of aggregate indebtedness to net capital was .38 to 1.

COST CONTAINMENT SERVICES, INC.
NOTES TO FINANCIAL STATEMENTS
December 31, 2008

NOTE 3 — DEPOSIT

The Company is required to maintain a deposit with a clearing broker-dealer.

NOTE 4 — AFFILIATED PARTY

The Company has an agreement with an affiliated company, Fiduciary Consultants, Inc. (FCI), whereby FCI furnishes office space and management services in connection with the development, promotion, management and operation of the Company's business, in exchange for 100% of the gross revenues of the Company before the deduction of any accounts payable of the Company. In the event that the Company's operating expenses exceed such fee, FCI will waive its fee and reimburse the Company in the amount of such excess expenses. The management fee to FCI was \$89,872 for the year ended December 31, 2008.

**REPORT OF INDEPENDENT AUDITORS ON
INTERNAL CONTROL REQUIRED BY RULE 17a-5**

Board of Directors
Cost Containment Services, Inc.

In planning and performing our audit of the financial statements of Cost Containment Services, Inc. for the year ended December 31, 2008, we considered its internal control in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company, including tests of compliance with such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g), in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3(e). Because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by Rule 17a-13.
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.
3. Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by Rule 15c3-3.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls, and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2008, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the Financial Industry Regulatory Authority and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
