INDEPENDENT AUDITORS' REPORT

February 23, 2009

Shareholders and Board of Directors
WWK Investments, Inc.
Northville, Michigan

We have audited the accompanying statement of financial condition of **WWK Investments, Inc.** (a wholly owned subsidiary of Welch, Welch & Kelley Investments, Inc.) as of December 31, 2008, and the related statements of income, changes in shareholders' equity and cash flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of **WWK Investments, Inc.** as of December 31, 2008, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in the supplementary schedule on Page 11 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS

1. BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Business

WWK Investments, Inc. (the "Company") is a securities broker-dealer that introduces transactions and accounts on a fully disclosed basis and does not carry customer accounts. The Company is registered with the Securities and Exchange Commission and the Financial Industry Regulatory Authority ("FINRA"). The Company's revenues are primarily generated through the sale of financial products and investment advisory services to individuals and small businesses. Customers of the Company are located predominantly in the State of Michigan.

The Company is a wholly owned subsidiary of Welch, Welch & Kelley Investments, Inc. (the "Parent") and was incorporated under the laws of the state of Nebraska on July 19, 1989.

Cash and Cash Equivalents

Cash and cash equivalents are defined as certificates of deposit and U.S. government obligations with a maturity date, when acquired by the Company, of less than 90 days and those securities registered under the Investment Company Act of 1940 which are comprised of cash and other short-term debt instruments and which are commonly referred to as "money market funds." The Company, at times, maintains cash balances in excess of federally insured limits. The Company has not experienced any losses in such accounts and the management believes the Company is not exposed to any unusual credit risk associated with cash.

Receivables from Broker-Dealers and Clearing Organizations

Accounts receivable consist primarily of amounts due from commissions earned from the sale of financial products as described above. All amounts deemed uncollectible are charged against the allowance for doubtful accounts in the year such determination is made. Management did not consider an allowance for doubtful accounts necessary at December 31, 2008.

Property and Equipment

Purchased property and equipment are stated at cost, less accumulated depreciation. Major improvements and renewals are capitalized while ordinary maintenance and repairs

WWK INVESTMENTS, INC.
(a wholly owned subsidiary of Welch, Welch & Kelley Investments, Inc.)

NOTES TO FINANCIAL STATEMENTS

are expensed. Property and equipment are depreciated using the straight-line method over the estimated useful life of the related assets, which range from 5 to 7 years. Management annually reviews these assets to determine whether carrying values have been impaired.

Revenue Recognition

Securities transactions and related revenue and expense, are recorded on a trade date basis. Investment advisory fees are received quarterly and are recognized as earned on a pro rata basis over the period the investments remain under the management of the investment advisory firms.

Advertising

Advertising costs are charged to operations when incurred. Advertising expense was \$822 in 2008.

Concentrations

The Company's operating philosophy relies extensively, albeit not exclusively, on the use of a limited number of preferred investment and insurance product providers. In 2008, 87% of commission revenue was from two investment companies.

Allocation in Lieu of Income Taxes

The Company is included in the consolidated federal and state income tax returns filed by the Parent. The Company currently has no formal income tax sharing agreement with the Parent and, as such, income taxes have been determined as if the Company files on a separate return basis.

Federal and state deferred income tax assets and liabilities are computed annually for differences between the financial statement and federal and state income tax basis of assets and liabilities that will result in taxable or deductible amounts in the future, based on enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income. Deferred income taxes arise from temporary basis differences related primarily to different methods used for depreciation. Valuation allowances are established when necessary to reduce deferred tax assets to the amount expected to be realized. Income tax expense is the current year tax or benefit plus or minus the change during the year in deferred income tax assets and liabilities.

WWK INVESTMENTS, INC.
(a wholly owned subsidiary of Welch, Welch & Kelley Investments, Inc.)

NOTES TO FINANCIAL STATEMENTS

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting year. Actual results could differ from those estimates.

2. PROPERTY AND EQUIPMENT

Major classes of property and equipment are summarized as follows at December 31, 2008:

	<u>Amount</u>
Furniture and fixtures	\$ 14,450
Leasehold improvements	40,461
Equipment	<u>32,688</u>
Total property and equipment	87,599
Less accumulated depreciation	<u>23,126</u>
Property and equipment, net	<u><u>\$ 64,473</u></u>

3. RELATED PARTY TRANSACTIONS

As of January 1, 2008, the Parent has adopted a safe harbor 401(k) plan. As the Company is a wholly owned subsidiary of the Parent, all Company employees who meet the plan's eligibility requirements are covered. Contributions for the year ended December 31, 2008 were \$15,404.

4. LEASE COMMITMENTS

The Company leases office space under an operating lease expiring on March 31, 2014. The lease has options to renew for an additional 6 years. The lease terms of the contract began on December 1, 2007 with a commencement date of April 1, 2008. The Company did not move into the location until January 2008. The Company incurred expenses

(a wholly owned subsidiary of Welch, Welch & Kelley Investments, Inc.)

NOTES TO FINANCIAL STATEMENTS

associated with the move to the new building and as such, the landlord offset the leasehold improvements incurred by the Company as a form of payment from December 1, 2007 through March 31, 2008.

The Company also leased office space on a month-to-month basis for \$750 per month. The lease commenced April 1, 2008 and terminated in December 2008.

Rent expense under the operating leases amounted to \$38,152 for the year ended December 31, 2008.

Future minimum rental payments under non-cancelable operating leases with initial or remaining terms in excess of one year and in effect as of December 31, 2008 is as follows:

<u>Year Ending December 31</u>	<u>Amount</u>
2009	\$ 27,563
2010	28,153
2011	28,775
2012	29,354
2013	29,937
Thereafter	<u>7,521</u>
Total	<u>\$ 151,303</u>

5. NET CAPITAL REQUIREMENTS

As a registered broker-dealer, the Company is subject to the Securities and Exchange Commission's ("SEC") Uniform Net Capital Rule (the "Rule") which requires the maintenance of minimum net capital. The Company has elected to use the basic method, permitted by the Rule, which requires that the Company maintain minimum net capital equal to the greater of \$5,000 or 6-2/3% of aggregate indebtedness and the ratio of aggregate indebtedness to net capital may not exceed 15 to one (1,500%).

At December 31, 2008 the Company had net capital of \$38,556, which was \$33,556 in excess of required net capital and the Company's ratio of aggregate indebtedness to net capital was 88.40%.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL
CONTROL REQUIRED BY SEC RULE 17a-5 FOR
A BROKER-DEALER CLAIMING AN EXEMPTION
FROM SEC RULE 15c3-3**

February 23, 2009

Shareholders and Board of Directors
WWK Investments, Inc.
Northville, Michigan

In planning and performing our audit of the financial statements and supplemental schedule of *WWK Investments, Inc.* (the "Company") (a wholly owned subsidiary of Welch, Welch & Kelley Investments, Inc.) for the year ended December 31, 2008, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designating our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission ("SEC"), we have made a study of the practices and procedures followed by the Company, including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by rule 17a-13.
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls, and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the company's financial statements that is more than inconsequential will not be prevented or detected by the Company's internal control.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the Company's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2008, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, Financial Industry Regulatory Authority (“FINRA”), and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
