INDEPENDENT AUDITOR'S REPORT

WBB Securities, LLC

We have audited the accompanying statement of financial condition of WBB Securities, LLC as of December 31, 2008, and the related statements of operations, changes in members' equity, and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of WBB Securities, LLC at December 31, 2008 and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in the supplemental schedule of computation of net capital pursuant to Rule 15c3-1 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

WBB Securities, LLC

Notes to Financial Statements

1. THE COMPANY AND ITS SIGNIFICANT ACCOUNTING POLICIES

The Company. WBB Securities, LLC (the "Company") is a limited liability company under the laws of the State of California. The Company is a registered broker-dealer licensed by the United States Securities and Exchange Commission ("SEC") and is a member of the Financial Industry Regulatory Authority and the Securities Investor Protection Corporation. The Company provides broker-dealer services as an introducing broker dealer transacting securities transactions on a fully disclosed basis.

Accounting Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

Property and Equipment. Property and equipment are stated at cost less accumulated depreciation. Additions, renovations, and improvements are capitalized. Maintenance and repairs which do not extend asset lives are expensed as incurred. Depreciation is provided using straight-line and accelerated methods over the estimated useful lives of the assets (3 years).

Revenue Recognition. Security transactions and the related commission revenue are recorded on a trade date basis. Fee income is recognized as earned.

Income Taxes. Income taxes, if any, are the liability of the individual members. Accordingly, income or losses pass through to the Company's members, and no provision for federal income taxes has been reflected in the accompanying financial statements. State income taxes have been provided at the reduced rate applicable to limited liability companies.

Cash and Cash Equivalents. For purposes of the statement of cash flows, cash equivalents represent all highly liquid debt instruments purchased with maturities of three months or less.

Concentration of Credit Risk. The company maintains cash balances and deposits with financial institutions that exceed federally insured limits. Management performs periodic evaluations of the relative credit standing of these institutions. The Company has not sustained any material credit losses from these instruments.

Financial Instruments. The carrying values reflected in the statement of financial condition at December 31, 2008 reasonably approximate the fair values for financial instruments. In making such assessment, the Company has utilized discounted cash flow analyses, estimates, and quoted market prices as appropriate. An allowance is established, as necessary, for potential credit losses.

2. LIABILITIES SUBORDINATED TO CLAIMS OF GENERAL CREDITORS

The Company had no borrowings under subordination agreements at December 31, 2008.

WBB Securities, LLC

Notes to Financial Statements

3. COMMITMENTS AND CONTINGENCIES

Operating Lease. The Company leases its facility under a long-term non-cancelable operating lease. Under this lease, the Company pays taxes, insurance, and maintenance expenses. Rent expense was \$32,122 for 2008. Future minimum lease payments are as follows:

Year Ending December 31:	
2009	\$ 34,942
2010	35,990
2011	37,070
2012	<u>31,660</u>
	<u>\$139,662</u>

Settlement of Securities Transactions. As discussed in Note 1, the Company does not hold customer segregated cash or securities balances. Transactions are processed by a clearing firm on a fully disclosed basis. In conjunction with this arrangement, the Company is contingently liable for any unsecured debit balances in the customer accounts introduced by the Company. These customer activities may expose the Company to off-balance-sheet credit risk in the event the introduced customer is unable to fulfill its contracted obligations. The Company seeks to control such credit risk by monitoring its exposure to the risk of loss daily, on an account-by-account basis. At December 31, 2008, the Company was not responsible for any unsecured debits and did not have any open positions in its trading accounts.

4. NET CAPITAL REQUIREMENTS

Under Rule 15c3-1 of the Securities Exchange Act of 1934, the Company is required to maintain a minimum net capital (as defined) and a ratio of aggregate indebtedness to net capital (as defined) not exceeding 15 to 1.

The Company's ratio at December 31, 2008 was 0.06 to 1. The basic concept of the Rule is liquidity, its object being to require a broker-dealer in securities to have at all times sufficient liquid assets to cover its current indebtedness. At December 31, 2008, the Company had net capital of \$542,058 which was \$442,058 in excess of the amount required by the SEC.

5. COMPUTATION FOR DETERMINATION OF RESERVE REQUIREMENTS AND INFORMATION RELATING TO THE POSSESSION AND CONTROL REQUIREMENTS UNDER RULE 15c3-3

The Company relies on Section K(2)(ii) of the Securities Exchange Rule 15c3-3 to exempt them from the provisions of these rules.

WBB Securities, LLC

Computation of Net Capital Pursuant to Rule 15c3-1

December 31, 2008

	<i>Audited Financial Statements</i>	<i>FOCUS X-17A-5 Part IIA</i>	<i>Differences</i>
Total members' equity	\$599,971	\$588,968	\$ 11,003
Less non-allowable assets included in the following statement of financial condition captions			
Other receivables	10,595	10,595	-
Prepaid expenses and other	29,964	29,964	-
Property and equipment	<u>17,354</u>	<u>6,351</u>	<u>(11,003)</u>
Net capital	542,058	542,058	-
Minimum net capital required	<u>100,000</u>	<u>100,000</u>	-
Excess net capital	<u>\$442,058</u>	<u>\$442,058</u>	<u>\$ -</u>
Total aggregate indebtedness included in the statement of financial condition	<u>\$ 30,485</u>	<u>\$ 30,485</u>	<u>\$ -</u>
Ratio of aggregate indebtedness to net capital	<u>0.06</u>	<u>0.06</u>	<u>0.00</u>

Note: The differences result primarily from an audit adjustment to accumulated depreciation.

**INDEPENDENT AUDITOR'S SUPPLEMENTARY
REPORT ON INTERNAL CONTROL STRUCTURE**

WBB Securities, LLC

In planning and performing our audit of the financial statements and supplementary schedules of WBB Securities, LLC (the "Company") for the year ended December 31, 2008, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control. Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons.
2. Recordation of differences required by rule 17a-13.
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them

to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that errors or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the control environment and accounting system and their operation that we consider to be a material weakness as defined above.

We understand that the practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2008, to meet the SEC's objectives.

This report is intended solely for the use of management, the Securities and Exchange Commission, the Financial Industry Regulatory Authority, and other regulatory agencies which rely on rule 17a-5(g) under the Securities Exchange Act of 1934 and should not be used by anyone other than these specified parties.
