INDEPENDENT AUDITORS' REPORT

To the Members
Global Markets, LLC
Washington, D.C.

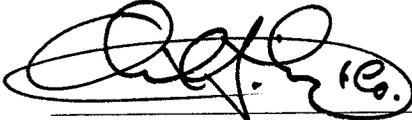

We have examined the statement of financial condition of Global Markets, LLC (a District of Columbia Limited Liability Company) as of December 31, 2008, and the related statements of income, changes in members' equity, and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Global Markets, LLC as of December 31, 2008, and the results of its operations and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements, taken as a whole. The information contained on pages 9 through 11, inclusive, is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities and Exchange Commission, Regulation 1.10 of the Commodity Exchange Act and the Rules of the National Futures Association. Such information has been subjected to the auditing procedures applied in the examination of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements as a whole.

GLOBAL MARKETS, LLC
(a District of Columbia Limited Liability Company)
Notes to the Financial Statements
For the Year Ended December 31, 2008

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies which have been followed in preparing the accompanying financial statements are set forth below.

Nature of Business: Global Markets, LLC (the "Company") is a District of Columbia Limited Liability Company which is registered with the Commodity Futures Trading Commission ("CFTC") as an independent introducing broker ("IB") and the Securities and Exchange Commission ("SEC") as a broker-dealer. The Company is a member of the National Futures Association ("NFA") and the Financial Industry Regulatory Authority ("FINRA"). The Company has two members.

Revenue Recognition: The Company's primary source of revenue is commissions derived from introducing customer orders for commodity futures and securities interests to futures commission merchants and other broker-dealers which carry the customer accounts, as well as commissions related to the sales of interests in private investment funds. Commission revenues and the related commission and brokerage expenses are recognized on the trade date when the positions are opened or closed by the respective carrying futures commission merchants or broker-dealers.

Income Taxes

The Company is a "Limited Liability Company" which has elected to be taxed as a Partnership for income tax purposes. Accordingly, no federal income taxes are provided by the Company as any taxable income is includable in the members' individual income tax returns.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities (and disclosures of contingent assets and liabilities) at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash Equivalents: For financial statement purposes, money market mutual funds represent securities that are considered to be cash or cash equivalents on the statement of financial condition and the statement of cash flows.

NOTE 2 - NET CAPITAL REQUIREMENT

The Company is subject to the net capital provisions of Rule 15c3-1 of the Securities Exchange Act ("SEA"), and Regulation §1.17 of the Commodity Exchange Act ("Act"). Under these provisions, the Company must maintain net capital, as defined, of the greater of \$45,000 or 6 2/3% of aggregated indebtedness, as defined in Rule 15c3-1(c) of the SEA. At December 31, 2008, the Company had net capital of \$299,903 or \$254,903 in excess of the minimum net capital requirements. The net capital requirements could effectively restrict the payment of cash distributions, the making of unsecured loans to its Members and the purchase by the Company of its own membership interests.

GLOBAL MARKETS, LLC
(a District of Columbia Limited Liability Company)
Notes to the Financial Statements
For the Year Ended December 31, 2008
(continued)

NOTE 3 - OFF BALANCE SHEET RISK AND CONCENTRATION OF CREDIT RISK

The Company does not hold customer segregated cash or securities balances. Futures transactions and securities transactions are processed by futures commission merchants and other broker-dealers, respectively, on a fully disclosed basis. In conjunction with this arrangement, the Company is contingently liable for any unsecured debit balances in the customer accounts introduced by the Company. These customer activities may expose the Company to off-balance-sheet credit risk in the event the introduced customer is unable to fulfill its contracted obligations. The Company seeks to control such credit risks by monitoring its exposure to the risk of loss daily for each account. There were no unsecured customer debit balances for the Company at December 31, 2008.

NOTE 4 – RELATED PARTY

All of the Companies commissions earned are from transactions involving related parties. At December 31, 2008, approximately \$3,700 in commissions receivable is due to the Company from related parties.

SUPPORTING SCHEDULES

**FINANCIAL AND OPERATION COMBINED UNIFORM SINGLE REPORT
PART IIA**

BROKER OR DEALER Global Markets, LLC	as of December 31, 2008

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL ACCOUNTING CONTROL
REQUIRED BY SEC RULE 17a-5**

To the Members
Global Markets, LLC

We have examined the financial statements of Global Markets, LLC (the "Company") for the year ended December 31, 2008, and issued our report thereon dated February 13, 2009. As part of our examination, we made a study and evaluation of the Company's system of internal accounting control (which includes the procedures for safeguarding securities) to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards. The purpose of our study and evaluation, which included obtaining an understanding of the accounting system, was to determine the nature, timing, and extent of the auditing procedures necessary for expressing an opinion on the financial statements. Due to the small size of the Company and the limited number of accounts, we placed little reliance on the Company's internal controls and we tested 100% of the accounts.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission, we have made a study of the practices and procedures (including tests of compliance with such practice and procedures) followed by the Company that we considered relevant to the objectives stated in Rule 17a-5(g)(1) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and the procedures for determining compliance with the exemptive provisions of Rule 15c3-3. We did not review the practices and procedures followed by the Company in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by Rule 17a-13 or in complying with the requirements for prompt payment for securities under section 8 of Regulation T of the Board of Governors of the Federal Reserve System, because the Company does not currently carry securities accounts for customers or perform custodial functions related to customer securities.

The management of the Company is responsible for establishing and maintaining a system of internal accounting control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of control procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above-mentioned objectives. The objectives of a system and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal accounting control procedures or the practices and procedures referred to above, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the degree of compliance with them may deteriorate.

Our study and evaluation made for the limited purpose described in the first paragraph would not necessarily disclose all material weaknesses in the system. Accordingly, we do not express an opinion on the system of internal accounting control of the Company taken as a whole. Our study and evaluation disclosed no conditions that we believe to be a material weakness.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2008, to meet the Commission's objectives.

This report is intended solely for the use of the Company's management, the Securities and Exchange Commission and the Financial Industry Regulatory Authority and should not be used for any other purpose.
