INDEPENDENT AUDITOR'S REPORT

To the Officers and Directors
Of Havkit Corp.

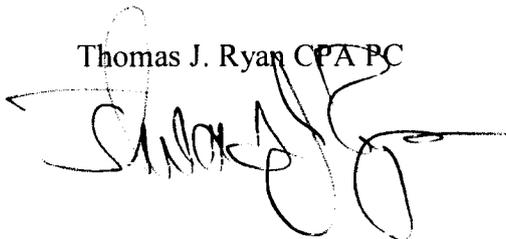

We have audited the accompanying statement of financial condition of Havkit Corp., a non-public broker-dealer, as of December 31, 2008 and the related statements of income, statement of changes in stockholder's equity and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes the assessing of the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Havkit Corp. as of December 31, 2008, and the results of its operations and its cash flows for the year then ended in conformity with U.S. generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the basic financial statements, taken as a whole. The information contained in Schedule 1 is presented for purposes of additional analysis and not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS

Note 1: Significant Accounting Policies:

Security transactions and related revenue and expenses are recorded on a trade date basis. Securities owned by the Company are stated at market value.

Note 2: Net Capital Requirement:

The capital ratio as independently computed by our audit was 0.29% versus an allowable maximum of 1500% under the existing rules of the Securities and Exchange Commission. The Company's Net Capital Requirement under Rule 15c3-1 of the Securities and Exchange Commission was \$100,000 whereas the Net Capital as computed was \$283,572 leaving a capital in excess of requirements of \$183,572.

Note 3: The Firm's office lease expired August 31, 2006; with an option to renew. The monthly rent was \$900, increasing to \$1000 July 1, 2008.

Note 4: Financial Instruments with Off-Balance Sheet Credit Risk:

As a securities broker, the Firm is engaged in buying and selling securities for a diverse group of institutional and individual investors. The Firm's transactions are collateralized and are executed with and on behalf of banks, brokers and dealers, and other financial institutions. The Firm introduces these transactions for clearance to another broker/dealer on a fully disclosed basis.

The Firm's exposure to credit risk associates with non-performance of customers in fulfilling their contractual obligations pursuant to securities transactions can be directly impacted by volatile trading markets which may impair customers' ability to liquidate the collateral at an amount equal to the original contracted amount. The agreement between the Firm and its clearing broker provides that the Firm is obligated to assume any exposure related to such non-performance by its customers. The Firm seeks to control the aforementioned risks by requiring customers to maintain margin collateral in compliance with various regulatory requirements and the activity by reviewing information it receives from its clearing broker on a daily basis, and requiring customers to deposit additional collateral, or reduce positions, when necessary.

A copy of the Company's statement of financial condition as of December 31, 2008 pursuant to S.E.C. Rule 17a-5, is available for examination at the Company's office and at the Regional Office of the Securities and Exchange Commission.

To the Board of Directors
Of Havkit Corp.
c/o David Kaplan
6431 Elwell Crescent
Forest Hills, New York 11374

Gentlemen:

We have examined the financial statements of Havkit Corp., a non-public broker-dealer, for the twelve months ended December 31, 2008 and have issued our report thereon dated February 24, 2009. As part of our examination, we made a study and evaluation of the system of internal control to the extent we considered necessary to evaluate the system as required by U.S. generally accepted auditing standards and Rule 17-a5 of the Securities and Exchange Commission. This study and evaluation included the accounting system, the procedures for safeguarding securities and the practices and procedures followed by the Company (i) in making the periodic computations of aggregate indebtedness and net capital under Rule 17-3(a) (11) and (ii) compliance with the exemptive provision of Rule 15c3-3. Rule 17a-5 states that the scope of the study and evaluation should be sufficient to provide reasonable assurance that any material weakness existing at the date of our examination would be disclosed. Under U.S. generally accepted auditing standards and Rule 17a-5, the purposes of such study and evaluation are to establish a basis for reporting the material weaknesses in internal accounting control.

The objective of internal accounting control is to provide reasonable but not absolute, assurance concerning the safeguarding of assets against loss from unauthorized use or disposition and the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of a system of internal accounting should not exceed the benefits derived and also recognizes estimates and judgments by management. However, for the purpose of this report under Rule 17a-5, the determination of weaknesses to be reported was made without considering the practicability of corrective action by management within the framework of a cost/benefit relationship.

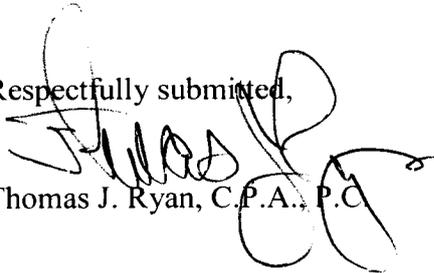

There are inherent limitations that should be recognized in considering the potential effectiveness of any system of internal control. In the performance of most control procedures, errors can result from misunderstanding of instructions, mistakes of judgment, carelessness, or other personal factors. Control procedures whose effectiveness depends on segregation of duties can be circumvented intentionally by management either with respect to the execution and recording of transactions or with respect to estimates and judgments required in the preparation of financial statements. Further, projection of any evaluation of internal accounting control to future periods is subject to the risk that the procedures may become inadequate because of changes in conditions or that the degree of compliance with the procedures may be deteriorated.

Our examination of the financial statements was made in accordance with generally accepted auditing standards, including the study and evaluation of the Company's system of internal accounting control for the twelve months ended December 31, 2008 that was made for the purposes set forth in the first paragraph of this report, would not necessarily disclose all weaknesses in the system because it was based on selective tests of accounting records and related data. However, such study and evaluation disclosed no conditions that we believe to be material weaknesses.

In the list of the foregoing comment, we declare that we found no material inadequacies in your accounting system, internal accounting control and procedures for safeguarding securities. Further, that no material differences existed between our computation of your net capital and your corresponding Focus Report Part IIA filing.

I hereby attest that the requirements prescribed by the Securities and Exchange Commission for audit, under authority of Rule 17a-5, have been observed by us in the conduct of our examination.

Respectfully submitted,

Thomas J. Ryan, C.P.A., P.C.

Woodside, NY
