The Stockholders
L & M Financial Services
Cleveland, Ohio

We have audited the accompanying balance sheet of L & M Financial Services as of December 31, 2008, and the related statements of income, changes in stockholders' equity, changes in retained earnings, cash flow, and computation of net capital for the period then ended. These financial statements are the responsibility of the corporation's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of L & M Financial Services at December 31, 2008, and the results of its operations for the twelve months ended December 31, 2008, in conformity with generally accepted accounting principles.

Further, it is our opinion that the computation of net capital is fairly stated in all respects and no material differences exist between the computation of net capital and the broker-dealer's corresponding unaudited Part IIA. In addition, no material inadequacies were found to exist.
