REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

**The Stockholder and Board of Directors of
Investor Service Center, Inc.**

We have audited the accompanying statement of financial condition of Investor Service Center, Inc. (a wholly-owned subsidiary of Winmill & Co. Incorporated) as of December 31, 2008. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial condition. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall statement of financial condition presentation. We believe that our audit of the statement of financial condition provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of Investor Service Center, Inc. as of December 31, 2008, in conformity with accounting principles generally accepted in the United States of America.

NOTES TO STATEMENT OF FINANCIAL CONDITION

December 31, 2008

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

NATURE OF OPERATIONS

Investor Service Center, Inc. ("*ISC*" or the "*Company*") is a wholly-owned subsidiary of Winmill & Co. Incorporated ("*Winco*"). *ISC* provides distribution services to the Midas Funds (the "*Funds*"), a family of open end mutual funds managed by Midas Management Corporation ("*MMC*"), a subsidiary of Winco. The Company is registered under the Securities Exchange Act of 1934 (the "*Exchange Act*") as a broker/dealer and is a member of the Financial Industry Regulatory Authority, Inc.

ACCOUNTING ESTIMATES

In preparing financial statements in conformity with U.S. generally accepted accounting principles, management makes estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, as well as the reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates.

INVESTMENTS

Investments are stated at fair value and unrealized gains and losses are recognized in the statement of income.

FAIR VALUE MEASUREMENT

The Company adopted Financial Accounting Standards Board ("*FASB*") Statement of Financial Accounting Standards No. 157 "*Fair Value Measurements*" ("*FAS 157*") on January 1, 2008. *FAS 157* defines fair value as the price that the Company would receive to sell an asset or pay to transfer a liability in an orderly transaction between market participants at the measurement date. *FAS 157* establishes a framework for measuring fair value and a three level hierarchy for fair value measurements based on the transparency of inputs to the valuation of an asset or liability. Inputs may be observable or unobservable and refer broadly to the assumptions that market participants would use in pricing the asset or liability. Observable inputs reflect the assumptions market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Company. Unobservable inputs reflect the Fund's own assumptions about the assumptions that market participants would use in pricing the asset or liability developed based on the best information available under the circumstances. The Company's investment in its entirety is assigned a level based upon the inputs which are significant to the overall valuation. The hierarchy of inputs is summarized below.

The inputs or methodology used for valuing investments are not an indication of the risk associated with investing in those securities.

Level 1 – quoted prices in active markets for identical investments.

Level 2 – other significant observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credit risk, etc.).

Level 3 – significant unobservable inputs (including the Company's own assumptions in determining fair value of investments)

INVESTOR SERVICE CENTER, INC.
(A Wholly-Owned Subsidiary of Winmill & Co. Incorporated)

NOTES TO STATEMENT OF FINANCIAL CONDITION – (Continued)

December 31, 2008

The following is a summary of the inputs used as of December 31, 2008 in valuing the Company's investments:

<u>Valuation Input</u>	<u>Investment in Securities</u>
Level 1	\$6,532,888
Level 2	-
Level 3	-
	<u>\$6,532,888</u>

The carrying amounts of cash and cash equivalents, receivables, and accounts payable and accrued expenses approximate fair value because of the short maturity of these items.

DISTRIBUTION SERVICES

Costs in connection with the sale of the Funds' shares are charged to operations as incurred. Pursuant to separate Plans adopted under Rule 12b-1 of the Investment Company Act of 1940, as amended, and Distribution Agreements with the Funds, the Company may receive as compensation distribution and service fees ranging in an amount of one-quarter of one percent to one percent per annum of the Funds' average daily net assets. The service fee portion is intended to cover personal services provided to shareholders of the Funds and the maintenance of shareholder accounts. The distribution fee portion is to cover all other activities and expenses primarily intended to result in the sale of the Funds' shares.

INCOME TAXES

The Company files consolidated federal, state and local income tax returns with Winco and certain other wholly-owned subsidiaries of Winco. It is the policy of Winco to allocate the applicable federal and state taxes (benefits) to each subsidiary on a separate return basis.

The Company's method of accounting for income taxes conforms to Statement of Financial Accounting Standards No. 109, "*Accounting For Income Taxes.*" This method requires the recognition of deferred tax assets and liabilities for the expected future tax consequences of temporary differences between the financial reporting basis and tax basis of assets and liabilities. Management has analyzed the Company's tax positions taken on federal, state and local income tax returns for all open tax years (2005-2008) and has concluded that no additional adjustments are required in the Company's financial statements.

CASH AND CASH EQUIVALENTS

Investments in money market funds and short-term investments and other marketable securities maturing in 90 days or less are considered to be cash equivalents.
