REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANT

To: Board of Directors
MacArthur Strategies, Inc.

We have audited the accompanying balance sheet of MacArthur Strategies, Inc. as of December 31, 2008 and 2007 and the related statements of operations, stockholder's equity, and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of MacArthur Strategies, Inc. as of December 31, 2008 and 2007, and the results of its operations and its cash flows for the years then ended in conformity with generally accepted accounting principles.

Our examination was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained on page 8 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in examination of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

MACARTHUR STRATEGIES, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2007

NOTE 1 - Summary of Significant Accounting Policies

This summary of significant accounting policies of, MacArthur Strategies, Inc. (the Company), is presented to assist in understanding the Company's financial statements. The financial statements and notes are representations of the Company management, who is responsible for their integrity and objectivity. These accounting policies conform to generally accepted accounting principles and have been consistently applied in preparation of the financial statements.

- Business Activity

MacArthur Strategies, Inc. (the Company), is a licensed broker dealer, and a member of the National Association of Securities Dealers and the Securities Investor Protection Corporation. The Company's only office is located in Irvine, Ca.

- Organization

The Company was formed on March 16, 1988 under the laws of the State of Nevada. It began business in the State of California on January 1, 1990.

- Income Taxes

Income taxes are provided for the tax effects of transactions reported in the financial statements and consist of taxes due plus deferred taxes related primarily to differences between the bases of certain assets and liabilities for financial and tax reporting purposes. The deferred taxes, if any, represent the future tax return consequences of those differences.

Total income tax for the year ended December 31, 2008 is \$2,426. This total consists of \$800 of current State tax and \$1,626 of current Federal tax.

- Revenue Recognition

The Company reports prepares its' financial statements using the accrual method of accounting as required by the NASD. Accounts receivable are recorded when income is earned, however, generally, the time lapse between income recording and cash receipts is no more then a few days.

MACARTHUR STRATEGIES, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2007

- Certain Compensated Absences

The Company does not record as a current liability any amount owed for compensated absences. Any actual balance is immaterial. Actual costs are expensed as occurred.

- Concentration of Risk

The Company provides services for clients predominately located in southern California.

- Advertising

The Company expenses any and all advertising costs as incurred.

- Use of Estimates

While preparing financial statements in accordance with generally accepted accounting principles management may use estimates.

NOTE 2 – Net Capital Requirements

The company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (rule 15c3-1), which requires maintenance of minimum net capital and that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 1.5 to 1. As of December 31, 2008, the Company had net allowable capital of \$55,612 and its ratio of indebtedness to net capital was .1 to 1.

**SUPPLEMENTAL REPORT OF
INDEPENDENT CERTIFIED PUBLIC ACCOUNTANT**

To the Board of Directors and Stockholder
MacArthur Strategies, Incorporated

In planning and performing our audit of the consolidated financial statements and supplemental schedules of MacArthur Strategies, Inc. (the Company) for the year ended December 31, 2008, we considered its internal control, including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing an opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by Rule 17a-5(g) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g), in making the periodic computation of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exceptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons.
2. Recordation of differences required by rule 17a-13
3. Complying with the requirements of prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The Management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraphs. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

**SUPPLEMENTAL REPORT OF
INDEPENDENT CERTIFIED PUBLIC ACCOUNTANT**

Because of the inherent limitations in internal control or the practices and procedures referred to above, error and fraud may occur and not be detected. Also, projection of any evaluation of them in future periods is subject to risk that they may become inadequate because of changes in condition or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be a material weakness under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned function. However, we noted no matters involving internal control, including control activities for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities and Exchange Act of 1934 and the related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2008 to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, The National Association of Securities Dealers and other regulatory agencies that rely on Rule 17a-5(g) under the Securities and Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
