734 Walt Whitman Road  
Melville, New York 11747

We have audited the accompanying balance sheet of Planned Financial Programs, Inc., as of December 31, 2008 and the related statements of income and retained earnings, changes in stockholder's equity and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. NOTES TO FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Nature of Business

Planned Financial Programs, Inc. was incorporated in August of 1991. The Company's primary source of income is from commissions on the sale of mutual funds and variable annuities.

Use of Estimates

The Company prepares their financial statements using generally accepted accounting principles (GAAP), which require management to make estimates and assumptions that affect reported amounts and disclosures. Actual results could differ from those estimates.

Cash Equivalents

The Company considers all highly liquid investments that are readily convertible to known amounts of cash and are so near to their maturity that they present an insignificant risk of changes in value because of changes in interest rates to be cash equivalents.

Income Taxes

The Company has elected to file its corporate income tax returns under the appropriate "S" Corporation provision of the Federal and State laws and, therefore, incurs no Federal income tax and only minimal State Franchise tax on its taxable income. Instead the shareholders are liable for individual taxes on their respective shares of the Company's taxable income.

Concentrations

The Company received 82% of its commissions from four brokerage firms.

Allowance for Doubtful Receivables

The Company has no allowance for commissions' receivable. It considers commissions receivable to be fully collectible within one year.
