**INDEPENDENT AUDITORS' REPORT**

To the Member of  
Jane Street Trading, LLC

We have audited the accompanying statement of financial condition of Jane Street Trading, LLC (a wholly owned subsidiary of Jane Street Holding, LLC) (the "Company") as of December 31, 2008. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the financial position of Jane Street Trading, LLC as of December 31, 2008, in conformity with accounting principles generally accepted in the United States of America.

**1. Nature of operations**

Jane Street Trading, LLC (the "Company"), a wholly owned subsidiary of Jane Street Holding, LLC (the "Parent"), is a registered broker and dealer in securities under the Securities Exchange Act of 1934. The Company is a member of the NYSE Alternext, the COMEX Division of NYMEX and the Archipelago Exchange.

**2. Summary of significant accounting policies**

*Basis of presentation*

This financial statement has been prepared in conformity with accounting principles generally accepted in the United States of America which requires the use of estimates by management.

The Company records transactions in securities and the related revenue and expenses on a trade-date basis.

*Cash*

The Company at times maintains cash in deposit accounts in excess of the Federal Deposit Insurance Corporation ("FDIC") limits. The Company has not experienced any losses on such accounts.

*Securities owned and Securities sold, not yet purchased, at fair value*

Securities owned and securities sold, not yet purchased, by the Company are valued at their market prices. All resulting gains and losses are reflected in Member's equity.

*Translation of Foreign Currencies*

Securities and other assets and liabilities denominated in foreign currencies are translated into U.S. dollar amounts at the date of valuation.

*Income Taxes*

The Company is a single member limited liability company and a disregarded entity for United States federal, state and city income tax purposes; therefore no tax provision has been made in the accompanying financial statement.

The Company is responsible for paying taxes to the Japanese government, in connection with its branch office in Japan.

**2. Summary of significant accounting policies (continued)**

*FAS 157*

In September 2006, the Financial Accounting Standards Board (the "FASB") issued Statement of Financial Accounting Standards No. 157, Fair Value Measurements ("SFAS No. 157") SFAS No. 157 defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurement. SFAS No. 157 also emphasizes that fair value is a market-based measurement, not an entity-specific measurement, and sets out fair value hierarchy with the highest priority being quoted prices in active markets. Under SFAS No. 157, fair value measurements are disclosed by level within that hierarchy. Financial assets and liabilities carried at fair value are classified and disclosed in one of the following three categories:

Level 1: Inputs are quoted prices in active markets for identical assets or liabilities the Company has the ability to access.

Level 2: Inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly.

Level 3: Includes unobservable inputs for the asset or liability and relies on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability. The unobservable inputs are developed based on the best information available in the circumstances and may include the Company's own data.

*New Pronouncements*

In June 2006, the FASB issued FASB Interpretation No. 48 ("FIN 48"), *Accounting for Uncertainty in Income Taxes – an interpretation of FASB Statement No.109*. FIN 48 clarifies the accounting for uncertainty in income taxes recognized in an enterprise's financial statements in accordance with FASB Statement No. 109, *Accounting for Income Taxes*. FIN 48 prescribes a comprehensive model for recognizing, measuring, presenting and disclosing in the financial statements tax positions taken or expected to be taken on a tax return. If there are changes in net assets as a result of application of FIN 48 these will be accounted for as an adjustment to the opening balance of retained earnings. Additional disclosures about the amounts of such liabilities will also be required. In December 2008, the FASB delayed the effective date of FIN 48 for certain nonpublic enterprises to annual financial statements for fiscal years beginning after December 15, 2008. The Company will be required to adopt FIN 48 in its 2009 annual financial statement. Management has not assessed the impact of FIN 48 on its financial position, and has not determined if the adoption of FIN 48 will have a material effect on this financial statement.

December 31, 2008

**3. Fair Value of Financial Instruments**

The Company adopted SFAS No. 157, "Fair Value Measurements," on January 1, 2008. The adoption of SFAS No. 157 did not have a material effect on the Company's financial statement.

	<u>Fair Value</u>	<u>Fair Value Hierarchy</u>
<b>Assets</b>		
Securities	\$ 222,902,254	Level 1
Securities	29,112	Level 2
	<u>\$ 222,931,366</u>	
<b>Liabilities</b>		
Securities	\$ 87,231,349	Level 1
Securities	11,655	Level 2
	<u>\$ 87,243,004</u>	

**4. Due to and due from brokers and concentration of credit risk**

The clearing and depository operations for the Company's securities transactions are provided by three brokers. For financial reporting purposes, amounts due to and due from brokers have been offset against amounts due to and due from the same brokers for securities sold, not yet purchased, and other items.

At December 31, 2008, substantially all of the Securities owned and Securities sold, not yet purchased, and the amounts Due from brokers reflected in the Statement of Financial Condition are security positions with and amounts due from primarily one broker. The securities serve as collateral for the amounts Due to brokers. Subject to clearing agreements between the Company and the clearing brokers, the clearing brokers have the right to sell or repledge this collateral. Additionally, Securities owned and Securities sold, not yet purchased, are subject to margin requirements.

In the course of its normal trading activities, the Company is a party to financial instruments that involve, to indeterminable degrees, market risk in excess of that presented in the Statement of Financial Condition (see Note 8).

**5. Related party transactions**

The Parent, Jane Street Capital, LLC ("Capital"), Jane Street Global Trading, LLC ("JSGT"), and Jane Street Markets, LLC ("Markets") all affiliates of the Company, provide administrative services and office space, and pay certain operating expenses on behalf of the Company. The Company paid back certain amounts that it owed the Parent and Capital during the year. At December 31, 2008, the amounts Due to Parent and affiliates amounted to \$19,896,787. Additionally, the Company pays certain operating expenses on behalf of other affiliates. At December 31, 2008 the amount Due from affiliates equaled \$153,712.

**6. Regulatory requirements**

As a registered broker-dealer and member of the American Stock Exchange, the Company is subject to Uniform Net Capital Rule 15c3-1 of the Securities and Exchange Commission. The Company computes its net capital under the basic method permitted by the rule, which requires that the minimum net capital be equal to the greater of \$100,000 or 6-2/3% of aggregate indebtedness. At December 31, 2008, the Company had net capital of \$84,024,250, which exceeded the requirement of \$1,428,313 by \$82,595,937.

**7. Exemption from Rule 15c3-3**

The Company is exempt from the Securities and Exchange Commission Rule 15c3-3 pursuant to the exemption provision under subparagraph (k)(2)(ii) and, therefore, is not required to maintain a "Special Reserve Bank Account for Exclusive Benefit of Customers".

**8. Derivative financial instruments**

The Company's activities include the purchase and sale of derivative financial instruments in the form of options, futures and forward currency contracts, and contracts for differences ("CFDs"). These contracts involve elements of market risk in excess of the amounts recognized in the Statement of Financial Condition. These securities are used for trading purposes and for managing risks associated with the portfolio of securities. Management believes that any risk is significantly minimized through its hedging strategies. All positions are reported in the accompanying Statement of Financial Condition at fair value.
