INDEPENDENT AUDITORS' REPORT

To the Member
BHK Securities, LLC

We have audited the accompanying statements of financial condition of BHK Securities, LLC (the Company) as of December 31, 2008 and 2007, and the related statements of income, changes in member's equity and cash flows for the years then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of BHK Securities, LLC as of December 31, 2008 and 2007, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

BHK SECURITIES, LLC

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2008 and 2007

1. GENERAL

BHK Securities, LLC (the Company) is an introducing Broker Dealer that was organized in 2006 as an LLC with perpetual duration for the purpose of engaging in the business of effecting transactions in securities for the accounts of others, effecting transactions in securities for the Company's own account, to act as intermediary between buyers and sellers, to charge commissions, to act as an agent when buying securities to act as a principal when selling securities and to engage in all other activities related incidental thereto. The Company is a broker-dealer registered with the Securities and Exchange Commission (SEC) and is a member of various exchanges and the National Association of Securities Dealers (NASD). The Company is a wholly owned subsidiary of BHK Holdings, LLC (the Parent).

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. The following is a summary of significant accounting policies followed by the Company.

Cash and Cash Equivalents - The Company considers all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents. From time to time the Company may maintain cash balances with financial institutions in excess of federally insured limits. The Company is also required, by agreement, to maintain at all times a broker's deposit account with its clearing broker in the amount of \$100,000.

Receivable from Clearing Organization - The Company reports receivables at net realizable value. Management determines the allowance for doubtful accounts based on historical losses and current economic conditions. On a continuing basis, management analyzes delinquent receivables and once these receivable are determined to be uncollectible they are written-off through a charge against an existing allowance account or against earnings.

Commissions - Commissions and related clearing expenses are recorded on a trade-date basis as securities transactions occur.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Advertising Expense - The Company expenses the cost of advertising in the period in which such costs are incurred.

Income taxes - As a limited liability company, the tax liability of the Company is shifted to its stockholders. Accordingly, the Company has not recorded a liability or provision for income taxes.

Recently Issued Accounting Standards - In September 2006, the Financial Accounting Standards Board ("FASB") issued Statements of Financial Accounting Standards ("SFAS") No. 157, *Fair Value Measurements* ("SFAS 157"), which clarifies the principle that fair value should be based on the assumptions market participants would use when pricing a nonfinancial asset or liability and establishes a fair value hierarchy that prioritizes the information used to develop those assumptions. Under SFAS 157, fair value measurements would be separately disclosed by level within the fair value hierarchy.

In February 2007, the FASB issued SFAS No. 159, *The Fair Value Option for Financial Assets and Financial Liabilities*, which provides companies an option to report selected financial assets and liabilities at fair value. Adoption of SFAS 159 is optional for the Company but only if SFAS 157 is adopted concurrently.

In February 2008, the FASB issued FASB Staff Position No. 157-2, deferring the effective date of SFAS No. 157 to fiscal years beginning after November 15, 2008. In connection with this deferral, the Company has also deferred its implementation of SFAS No. 159. The Company is currently evaluating the adoption of these two standards and their impact on the financial statements.

3. TRANSACTIONS WITH CLEARING ORGANIZATION

The Company has entered into a clearing agreement with First Clearing, LLC. Under the terms of this agreement, the Company utilizes the clearing, execution and other services provided by First Clearing, LLC (FCL). Specific services include execution of orders for the Company's customers whose cash or margin accounts have been accepted by FCL; generation, preparation and mailing of confirmations of customer accounts; preparation and mailing of summary monthly or quarterly statements; settlements of contracts and

3. TRANSACTIONS WITH CLEARING ORGANIZATION - Continued

transactions in securities; engagement in all cashiering functions for the customer accounts; construction and maintenance of books and records for all transactions executed and cleared through FLC; and, reporting of orders entered into FCL's order entry system by FCL on behalf of the Company in accordance with the NASD Order Audit Trail System (OATS).

Under this agreement, the Company is required at all times to maintain a minimum net capital of \$250,000, as computed in accordance with Rule 15c3-1. The Company was in compliance with respect to this agreement at December 31, 2008. As of December 31, 2007, the Company was not in compliance with this section of the agreement; however, the Company received a waiver from its clearing organization for this violation.

4. RELATED PARTY TRANSACTIONS

The Company is a wholly owned subsidiary of BHK Holdings, LLC. In connection with this relationship, the Company and its Parent have executed an expense sharing agreement whereby the Company receives a monthly allocation of expenses incurred by the Parent on its behalf. During 2008 and 2007, the Company incurred expenses under this agreement totaling \$532,489 and \$429,677, respectively.

5. NET CAPITAL REQUIREMENTS

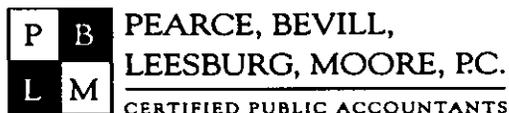

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2008 and 2007, the Company had net capital of \$391,906 and \$202,972, which was \$341,906 and \$152,972 in excess of its required net capital of \$50,000. The Company's aggregate indebtedness ratio was 1.4 to 1 for December 31, 2008 and zero to one for December 31, 2007.

6. EMPLOYEE BENEFIT PLANS

The Company participates in the Parent Company's 401k profit sharing retirement plan covering all employees who meet eligibility requirements. The Company's annual discretionary contribution to the plan is based on employee eligible earnings and results of the Company's operations. The Company has expensed \$23,826 and \$9,419 for contributions to the plan on behalf of its employees for the years ended December 31, 2008 and 2007.

**INDEPENDENT AUDITORS' REPORT ON
SUPPLEMENTARY INFORMATION REQUIRED BY
RULE 17a-5 OF THE SECURITIES
AND EXCHANGE COMMISSION**

To the Member
BHK Securities, LLC

We have audited the accompanying financial statements of BHK Securities, LLC as of and for the year ended December 31, 2008, and have issued our report thereon dated February 20, 2009. Our audit was conducted for the purpose of forming and opinion on the based financial statements take as a whole. The information contained in schedule I is presented for purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities and Exchange Act of 1934. Such information has been subject to the auditing procedure applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL
CONTROL REQUIRED BY SEC RULE 17a-5 FOR A
BROKER DEALER CLAIMING AN EXEMPTION FROM
SEC RULE 15c3-3**

To the Member
BHK Securities, LLC

In planning and performing our audit of the financial statements and supplemental schedule of BHK Securities, LLC (the Company), for the year ended December 31, 2008, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications and comparison and recordation of differences required by rule 17a-13.
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.
3. Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by Rule 15c3-3

Members:

- The American Institute of Certified Public Accountants
- The Alabama Society of Certified Public Accountants
- PCPS - The AICPA Alliance for CPA Firms
- National CPA Health Care Advisors Association

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives, two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with general accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate. A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control. A material weakness is a significant deficiency, or combination of significant deficiencies that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control, or that noncompliance with applicable laws and regulations what would be material may occur and not be detected within a timely period by employees in the normal course of performing their assigned duties. Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. However, we noted no matters involving internal control, including control activities for safeguarding securities that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2008, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

Pearce, Bevill, Leesburg, Moore, P.C.
