Independent Auditors' Report

Board of Directors
Partner Capital Group, LLC
Nashville, Tennessee

We have audited the accompanying statement of financial condition of Partner Capital Group, LLC (the Company), a Tennessee limited liability company, as of December 31, 2008, and the related statements of income (loss), changes in members' equity, and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Partner Capital Group, LLC as of December 31, 2008, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

PARTNER CAPITAL GROUP, LLC
A TENNESSEE LIMITED LIABILITY COMPANY

Notes to Financial Statements

December 31, 2008

(1) Summary of Significant Accounting Policies

(a) Nature of Company Operations

Partner Capital Group, LLC (the Company), a Tennessee limited liability company, began operations as a broker-dealer in 2006 under the laws of the State of Tennessee. The Company was originally formed in 1996, and operated as an investment advisory company under the name Van Advisors, Inc., with subsequent name and structure changes of Van Hedge Fund Advisors International, Inc., Van Hedge Fund Advisors International, LLC, Hillsboro Capital, LLC, and then the current name of Partner Capital Group, LLC. During 2006, the Company became a non-public broker-dealer, and is currently a member of the Financial Industry Regulatory Authority (FINRA). The Company operated as a single member Tennessee Limited Liability Company that was wholly-owned by Greenwich Alternative Investments, LLC (GAI), formerly known as Van Hedge Funds, LLC and Greenwich-Van, LLC, through October 31, 2007. Effective November 1, 2007, the Company's units held by GAI were purchased by Thomas Whelan, P. Cocke and Co., LLC, and John Van.

The Company is currently engaged in two lines of business: (1) a securities broker-dealer, and (2) an investment advisor. A substantial portion of the Company's revenue comes from these two lines of business.

(b) Accrual Basis

The financial statements of the Company are prepared using the accrual basis of accounting, under which revenue is recognized when earned rather than when collected and expenses are recognized when incurred rather than when disbursed.

(c) Use of Estimates

The preparation of the Company's financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of management's estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and certain reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

(Continued)

(d) Receivables From Clients and Investment Managers and Related Payables

Fees income and the related commissions expense are accrued on a monthly basis and are generally collectible after the end of a calendar quarter. Commissions expense is calculated as a percentage of the related fees earned for investment advisory services and hedge fund activities.

Management provides an allowance for doubtful accounts equal to the estimated uncollectible amounts. The allowance for doubtful accounts is established through a provision for receivable losses charged to expense. Management's estimate of doubtful accounts is based on historical collection experience and a review of the current status of accounts receivable. It is reasonably possible that management's estimate of the allowance for doubtful accounts could change. For the year ended December 31, 2008, net bad debt expense (recovery) totaled \$(11,044). At December 31, 2008, \$9,956 of receivables from a client are greater than ninety days old, and are fully allowed for. The Company has not established a policy to assess late fees and interest on delinquent accounts. No accounts are on a non-accrual status.

(e) Recognition of Fees

Fees earned for account supervision and investment advisory services earned relate to quarterly advisory fees charged on accounts advised by the Company. While these fees are received quarterly, they are recognized as earned on a pro-rata basis over the lives of the investments.

Fees earned on hedge fund activities generally result from the Company introducing funds and fund managers to investors. The Company earns commissions from these activities, and does not value or have any input in the valuation of client securities and portfolios. Most such fees are received on a quarterly basis, and are recognized as earned on a pro-rata basis over the lives of the investments.

(f) State Income Taxes

The Company's members have elected to have the Company's income taxed as a partnership under provisions of the Internal Revenue Code; therefore, taxable income or loss is reported to the members for inclusion in their tax returns. Therefore, no provision or liability for federal income taxes has been included in the financial statements. The Company is liable for Tennessee state franchise and excise taxes.

(Continued)

(g) Cash and Cash Equivalents

Cash and cash equivalents include funds held in interest-bearing accounts and dividend-bearing money market accounts with an original maturity of three months or less.

(2) Receivables From Clients and Investment Managers and Payables to Broker-Dealers and Agents

Amounts receivable from clients and investment managers and the related commissions payable to broker-dealers and agents at December 31, 2008 consist of the following:

Client paid fees receivable	\$ 13,234
Hedge fund fees receivable	14,057
Other receivables	560
	27,851
Less: Allowance for doubtful accounts	<u>(9,956)</u>
Total receivables	<u>\$ 17,895</u>
Commissions payable:	
Payables to broker-dealers and agents	\$ 12,651
RIA fees payable	<u>\$ 2,950</u>
Total payables	<u>\$ 15,601</u>

(3) Concentration of Credit Risk

The Company is engaged in various brokerage activities in which counter-parties primarily include investment managers. In the event counter-parties do not fulfill their obligation, the Company may be exposed to risk. The risk of default depends on the credit worthiness of the counter-party. It is the Company's policy to review, as necessary, the credit standing of each of the counter-parties.

The Company periodically maintains cash balances in excess of the Federal Deposit Insurance Corporation's insured maximum amount of \$250,000. There is a risk of loss in the event of a bank failure.

(Continued)

(4) Net Capital Requirements

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15:1 (and the rule of the “applicable” exchange also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10:1). At December 31, 2008, the Company had net capital of \$31,940, which was \$26,940 more than its required net capital of \$5,000. The Company’s net capital ratio was 1.59 to 1.00, which puts them in compliance with the requirements of SEC Rule 15c3-1.

(5) Transactions with Related Parties

Effective January 1, 2007, the Company entered into an Expense Sharing Agreement (the Agreement) with GAI, in which GAI charges the Company \$55,000 annually for compliance services, charged monthly on a pro-rata basis. Additionally, the Company pays GAI a sum of \$1,000 per month for general and administrative services, as part of the Agreement. A total of \$67,000 of expense was incurred by the Company as a result of the Agreement, of which \$11,167 is payable at December 31, 2008.

Effective January 1, 2009, the Agreement has been revised, deleting the \$1,000 per month for general and administrative services. All other portions of the agreement remain in effect.

(6) Forgiveness of Indebtedness - Members

On February 5, 2008, the members of the Company entered into agreements effective January 31, 2008 waiving their right to demand or collect commissions previously accrued as of December 31, 2007, which had not been paid prior to January 31, 2008. As a result, payables totaling \$295,042 were reversed and members’ equity was increased to reflect the forgiveness of indebtedness to the members.

SUPPLEMENTARY INFORMATION

Independent Auditors' Report on Supplementary Information
Required by Rule 17a-5
of the Securities and Exchange Commission

Board of Directors
Partner Capital Group, LLC
Nashville, Tennessee

We have audited the accompanying financial statements of Partner Capital Group, LLC, a Tennessee limited liability company, as of and for the year ended December 31, 2008, and have issued our report thereon dated February 3, 2009. Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I, II, III, IV, and Exhibit I is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Independent Auditors' Report on Internal Control
Required by SEC Rule 17a-5(g)(1) for a Broker-Dealer
Claiming Exemption from SEC Rule 15c3-3

Board of Directors
Partner Capital Group, LLC
Nashville, Tennessee

In planning and performing our audit of the financial statements of Partner Capital Group, LLC (the Company), a Tennessee limited liability company, as of and for the year ended December 31, 2008, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company. This study included tests of such practices and procedures that we considered relevant to the objectives stated in SEC Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under SEC Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of SEC Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by SEC Rule 17a-13.
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls, and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles in the United States of America. SEC Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a deficiency, or combination of control deficiencies, that adversely affects the Company's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the Company's financial statements that is more than inconsequential will not be prevented or detected by the Company's internal control.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that result in more than a remote likelihood that a material misstatement of the Company's annual or interim financial statements will not be prevented or detected by the Company's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control or control activities for safeguarding assets that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2008, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
