These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of **Pritchard Capital Partners, LLC** as of December 31, 2008, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS

NOTE A

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BUSINESS OF THE COMPANY

Pritchard Capital Partners, LLC (Company) is registered as a broker/dealer with the Securities and Exchange Commission and is a member of the Financial Industry Regulatory Authority. The Company performs as an introducing broker and provides investment banking and investment advisory services. The Company is a non-clearing broker and, as such, has an agreement with a third-party clearing organization to carry and clear its customers' margin, cash accounts, and transactions on a fully-disclosed basis.

The Company is a Louisiana limited liability company that is a wholly-owned subsidiary of Pritchard Capital Holding, LLC (Parent).

FURNITURE AND EQUIPMENT

Furniture, equipment, and leasehold improvements are stated at cost, less accumulated depreciation computed on the straight-line method over the estimated useful lives of the assets. Depreciation charged to operations amounted to \$129,498 for the year ended December 31, 2008.

INCOME TAXES

The Company is a limited liability company for income tax purposes. Under this election, taxable income or loss of the Company is included in the tax returns of its member.

CASH AND CASH EQUIVALENTS

For purposes of the statement of cash flows, the Company considers all highly liquid investments purchased with a maturity of three months or less to be cash equivalents.

CONCENTRATIONS OF CREDIT

The company periodically maintains cash in bank accounts in excess of federally insured limits. The company has not experienced any losses and does not believe that significant credit risk exists as a result of this practice.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

PRITCHARD CAPITAL PARTNERS, LLC
NOTES TO FINANCIAL STATEMENTS

NOTE A

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

RECEIVABLES FROM CUSTOMERS

Receivables are carried at original invoice amount, less an estimate made for doubtful receivables based on a review of all outstanding amounts on a monthly basis. Management determines the allowance for doubtful accounts by regularly evaluating individual customer receivables and considering a customer's financial condition, credit history, and current economic conditions. At December 31, 2008, there was no allowance for doubtful accounts.

INVESTMENT SECURITIES

Marketable securities held for trading are valued at market value and securities not readily marketable are valued at fair value as determined by Management. The resulting difference between cost and market (or fair value) is included in income.

SECURITIES TRANSACTIONS

Securities transactions in regular-way trades are recorded on the trade date, as if they had settled. Profit and loss arising from all securities transactions entered into for the account and risk of the Company are recorded on the settlement date basis. Use of the settlement date, rather than the trade date, as required by accounting principles generally accepted in the United States of America, does not materially affect the reported financial position of the Company. Customers' securities transactions are reported on a settlement date basis with related commission income and expenses reported on a trade date basis.

NOTE B

RECEIVABLE FROM BROKERS AND DEALERS

Accounts receivable from brokers or dealers represents uncollected commissions and fees due from other brokers and/or clearing organizations.

NOTE C

AGREEMENTS WITH CLEARING ORGANIZATIONS

The Company utilizes Jefferies and Company, Inc. as its clearing broker. Terms of the agreement with the clearing organization call for the Company to maintain compensating balances of \$100,000. At December 31, 2008, \$100,000 of cash is restricted for that purpose. In addition, terms of the agreement require the Company to maintain net capital equal to the greater of the amount required by the SEC net capital rules applicable to a correspondent introducing broker or \$100,000. At December 31, 2008, the Company had net capital of \$268,720, which was \$168,720 in excess of its required net capital of \$100,000.

PRITCHARD CAPITAL PARTNERS, LLC
NOTES TO FINANCIAL STATEMENTS

NOTE D

SECURITIES

Securities owned, held at clearing broker and securities sold, not yet purchased, consist of the Company's trading and investment accounts at market value. Securities not readily marketable are securities held in privately held companies and are maintained at an estimated fair value. These investments as of December 31, 2008 are summarized as follows:

Securities Owned, Held at Clearing Broker:	
Corporate Stocks	<u>\$ 6,673</u>
Securities Not Readily Marketable:	
Corporate Stocks	<u>\$ 99,520</u>
Securities Sold, Not Yet Purchased:	
Corporate Stocks	<u>\$ 107</u>

In 2008, the Company adopted SFAS No. 157, which among other matters, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy are described below:

Level 1 - Quoted prices are available in active markets for identical investments as of the reporting date. The type of investments included in Level I include listed equity and debt securities.

Level 2 - Pricing inputs are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value is determined through the use of models or other valuation methodologies. Investments which are generally included in this category include less liquid and restricted equity securities and over-the-counter derivatives.

Level 3 - Pricing inputs are unobservable for the investment and include situations where there is little, if any, market activity for the investment. The inputs into the determination of fair value require significant management judgment or estimation. Investments that are included in this category generally include general and limited partnership interests in corporate private equity funds, and funds of hedge funds.

In some instances, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such instances, an investment's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement.

PRITCHARD CAPITAL PARTNERS, LLC
NOTES TO FINANCIAL STATEMENTS

NOTE D

SECURITIES (Continued)

The valuation of the Company's investments by the above fair value hierarchy at December 31, 2008 is as follows:

	Total	Level 1	Level 2	Level 3
Assets				
Securities Owned, Held at				
Clearing Broker	\$ 6,673	\$ 6,673	\$ -	\$ -
Securities Not Readily				
Marketable	<u>99,520</u>	<u>-</u>	<u>-</u>	<u>99,520</u>
Total	<u>\$ 106,193</u>	<u>\$ 6,673</u>	<u>\$ -</u>	<u>\$ 99,520</u>
Liabilities				
Securities Sold, Not Yet				
Purchased	<u>\$ 107</u>	<u>\$ 107</u>	<u>\$ -</u>	<u>\$ -</u>

During the year ended December 31, 2008, there were no changes in the estimated fair value of the assets which are measured using significant unobservable inputs.

NOTE E

COMMITMENTS AND CONTINGENCIES

The Company clears all customers' securities transactions through a clearing broker, on a fully disclosed basis, which, in accordance with accounting principles generally accepted in the United States of America, are not included on the statement of financial condition. These transactions are referred to as "off-statement of financial condition commitments" and differ from the Company's statement of financial condition activities in that they do not give rise to funded assets or liabilities. The Company receives a commission for initiating such transactions for its customers. Initiating these trades for its customers involves various degrees of credit and market risk in excess of amounts recognized on the statement of financial condition. The Company minimizes its exposure to loss under these commitments by subjecting the customer accounts to credit approval and monitoring processes.

Once a trade is executed, a customer is allowed three business days to settle the transaction by payment of the settlement price (when purchasing securities) or the delivery of the securities (when selling securities). The Company is required by law to immediately complete a securities transaction when a customer fails to settle. The Company is at risk for any loss realized in completing transactions for its customers. At December 31, 2008, all unsettled transactions were subsequently settled by customers without loss to the Company or open commitments were adequately collateralized.

PRITCHARD CAPITAL PARTNERS, LLC
NOTES TO FINANCIAL STATEMENTS

NOTE E

COMMITMENTS AND CONTINGENCIES (Continued)

The Company is subject to various potential legal proceedings arising in the normal course of its business. Management believes the outcome of any known, pending, or threatened legal proceedings and claims will not have a material adverse effect on the Company's financial position.

The Company leases office space under various leases expiring between 2009 and 2012. Future minimum lease payments under these operating leases are as follows:

2009	\$ 623,310
2010	566,973
2011	456,198
2012	<u>211,148</u>
	<u>\$ 1,857,629</u>

Rent expense totaled \$762,864 for the year ended December 31, 2008.

Receivables from related parties include advances to employees of the Company and Members of the Company's Parent, and expenses to be reimbursed from the Parent. Payables to related parties include commissions and bonuses payable due to Members of the Company's Parent.

To the Board of Managers
Pritchard Capital Partners, LLC

Independent Auditor's Report on Internal Control

In planning and performing our audit of the financial statements of **Pritchard Capital Partners, LLC** for the year ended December 31, 2008, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by **Pritchard Capital Partners, LLC**, including tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and the procedures for determining compliance with the exemptive provisions of Rule 15c3-3. We did not review the practices and procedures followed by the Company in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by Rule 17a-13 or in complying with the requirements for prompt payment for securities under Section 8 of Regulation T of the Board of Governors of the Federal Reserve System, because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls, and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that errors or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2008, to meet the SEC's objectives.
