## Report of Independent Auditor

The Board of Directors and Stockholders  
ExPrss Securities, Inc.  
Russellville, AR 72801

We have audited the accompanying statement of financial condition of ExPrss Securities, Inc. (a corporation) at December 31, 2008, and the related statements of income, changes in stockholders' equity, cash flows and changes in liabilities subordinated to claims of general creditors for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of ExPrss Securities, Inc. at December 31, 2008, and the results of operations and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit has been made primarily for the purpose of expressing an opinion on the basic financial statements taken as a whole. The accompanying additional information is presented for purposes of additional analysis and is not a required part of the basic financial statements but is additional information required by Rule 17a-5 of the Securities and Exchange Commission. Such additional information has been subjected to the procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**ExPrss Securities, Inc.**  
**Notes to Financial Statement**  
**December 31, 2008**

Note 1: Organization and Summary of Significant Accounting Policies

Organization

ExPrss Securities, Inc. (the "Company") was formed on April 28, 2000, in the state of New Hampshire and commenced operations on May 3, 2001, in the business of securities brokerage and investment counseling. In 2004, ExPrss Securities was domiciled in the state of Arkansas. The Company operates as a registered broker/dealer in securities under the provisions of the Securities Exchange Act of 1934. The Company is a member of the National Association of Securities Dealers ("NASD") and the Securities Investor Protection Corporation ("SIPC").

The Company conducts business on a fully disclosed basis whereby the execution and clearance of trades are handled by another Broker/Dealer. The Company does not hold customer funds and/or securities.

Based upon the income reported, the commissions earned from the sales of stocks, mutual funds and investment company shares represent the major portion of the business.

Significant Accounting Policies

Cash Equivalents:

For purposes of the statement of cash flows, the Company considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

Property and Depreciation:

Property and equipment are recorded at cost. Depreciation is provided on the straight-line method over estimated useful lives of the respective assets.

Securities Transactions:

Customers' introduced securities transactions are recorded on a settlement date basis with related commission revenue and expenses recorded on a trade date basis. A provision for uncollectible accounts is provided when justified and, in management's opinion, no provision was necessary at December 31, 2008.

Income Taxes:

Revenue is recognized under the market value method for securities owned and income taxes are calculated thereon. Deferred income taxes are provided on material temporary differences, when existing, between financial statement and income tax reporting.

Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Advertising:

Cost are expensed as incurred.

Note 2: Commitments and Contingencies

The Company currently has a verbal month-to-month agreement for rental of its office facilities. Rental expense of its office facilities for 2008 totaled \$8,250.

Note 3: Disclosures About the Fair Value of Financial Instruments

Disclosure of the estimated fair value of financial instruments is required under the provisions of Statement of Financial Accounting Standards (SFAS) No. 107, "Disclosures About Fair Value of Financial Instruments". Management believes that the carrying amounts of the Company's financial instruments at December 31, 2008, which include cash and cash equivalents, commissions receivable, certificate of deposit and payables, are reasonable estimates of their fair value.

Note 4: Income Taxes

The Company will carry forward the losses to be applied against future taxable income.

A deferred tax asset could be recorded, but a 100% valuation allowance has been established against this asset since management cannot determine if it is more likely than not that the asset will be realized.

Note 5: Net Capital Requirement

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2008, the Company had net capital of \$22,997, which was \$17,997 in excess of its required net capital of \$5,000. The Company's net capital ratio was 0.34:1.

Note 6: Reconciliation of Audited Net Capital to Unaudited Focus

There were no material differences between the computation of net capital under net capital Sec. Rule 15c3-1 and the corresponding unaudited focus part IIA.

**ExPrss Securities, Inc.**

## INDEPENDENT AUDITOR'S SUPPLEMENTARY REPORT ON INTERNAL CONTROL STRUCTURE

The Board of Directors and Stockholders  
ExPrss Securities, Inc.

In planning and performing our audit of the financial statement of ExPrss Securities, Inc. (the Company") for the year ended December 31, 2008, we considered its internal control structure, including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing an opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by Rule 17a5(g)(1) of the Securities and Exchange Commission, we have made a study of the practices and procedures, including tests of such practices and procedures followed by the company that we considered relevant to the objectives stated in Rule 17a5(g), in making the periodic computations of aggregate indebtedness and net capital under Rule 17a3(a)(11) and the procedures for determining compliance with the exemptive provision of Rule 15c3-3. Because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities. We did not review the practices and procedures followed by the Company in any of the following:

1. Making the quarterly securities examinations, counts, verifications and comparisons
2. Recordation of differences required by rule 17a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use of disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with accounting principles generally accepted in the

United States of America. Rule 17a5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure, including procedures for safeguarding securities, that we considered to be material weakness as defined above.

This condition was considered in determining the nature, timing, and extent of the audit tests applied in our examination of the financial statements, and this report does not affect our report on those financial statements dated February 5, 2009.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and our study, we believe that the Company's practices and procedures were adequate at December 31, 2008, to meet the Commission's objectives except for the condition discussed in the second preceding paragraph which we believe is a material inadequacy in the practices and procedures comprehended in the Commission's objectives.

This report is intended solely for the use of management, the Board of Directors and Stockholders, the Securities and Exchange Commission, the National Association of Securities Dealers, Inc. and the applicable state regulatory authorities and should not be used for any other purpose.
