INDEPENDENT AUDITORS' REPORT

To the Member of
CAYMUS SECURITIES, LLC

We have audited the accompanying statement of financial condition of CAYMUS SECURITIES, LLC (a limited liability company) as of December 31, 2008, and the related statements of operations and member's equity, and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of CAYMUS SECURITIES, LLC as of December 31, 2008, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in pages 8 through 14 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

CAYMUS SECURITIES, LLC
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2008

Note A

Summary of Significant Accounting Policies

Description of Company:

CAYMUS SECURITIES, LLC (the Company) was formed as a limited liability company in Georgia in April 2003. The Company is a wholly owned subsidiary of Caymus Partners, LLC (the Sole Member) and is a registered broker-dealer under the Securities Exchange Act of 1934, and is a member of the Financial Industry Regulatory Authority, Inc. (FINRA) and the Securities Investor Protection Corporation (SIPC). The Company is in the business of investment banking where the Company acts as an advisor or agent in merger-and-acquisition transactions and raising of private capital through security offerings.

The Company primarily operates in the financial services industry. The current state of the economy and securities markets has caused great concern, which may have adverse implications to the financial services industry. In addition, the contraction of the economy and securities markets may also adversely affect the Company's future operations. The Company is dependent on the financial securities markets to generate interests in its revenue products.

The Company does not maintain customer accounts.

Cash and Cash Equivalents:

For the purpose of the statements of cash flows, the Company considers all highly liquid instruments purchased with a maturity of three months or less to be cash equivalents.

Concentration of Credit Risk Arising From Cash Deposits in Excess of Insured Limits:

The Company maintains cash balances at several financial institutions. The accounts are insured by the Federal Deposit Insurance Corporation up to \$250,000 per institution. From time to time, the Company's cash balance exceeds such limits. The Company has not experienced any losses in such accounts. The Company believes it is not exposed to any significant risks on cash.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Income Taxes:

The Company is a single member limited liability company. The Company is a disregarded entity for tax purposes and does not file tax returns or pay income taxes. All income and losses are passed through to the Sole Member to be included on the Sole Member's tax return.

Management has elected to defer the application of FAS FIN 48, "Accounting for Uncertain Tax Positions in accordance with FSP FIN 48-3." The Partnership will continue to follow FAS No 5, "Accounting for Contingencies," until it adopts FIN 48.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2008

Note A

Summary of Significant Accounting Policies (Continued)

Revenue Recognition:

Investment banking revenues include gains, losses, and fees arising from securities offerings in which the Company acts as an agent. Investment banking revenues also include fees earned from providing merger-and-acquisition and financial restructuring advisory services. Investment banking fees are recorded on the offering date, and when the income is reasonably determinable.

Investment:

The Company owns a warrant to purchase 1% of the outstanding common stock of Receivables Outsourcing, Inc. for \$120,000 through November 25, 2013. The investment is accounted for using the cost method.

Accounts Receivable - Trade:

Accounts receivable are recorded at the invoiced amount. The maximum accounting loss from the credit risk associated with accounts receivable is the amount of the receivable recorded, which is the face amount of the receivable, net of the allowance for doubtful accounts. There were no material customer accounts requiring a reserve for doubtful accounts at December 31, 2008.

Fair Value of Financial Instruments:

Substantially all of the Corporation's assets and liabilities are considered financial instruments. These assets and liabilities are reflected at fair value, or at carrying amounts that approximate fair value because of the short maturity of the instrument.

Note B

Related Party Transactions

The Company pays a management fee to the Sole Member equal to 15% of Caymus Partners' operating expenses, as defined in the management agreement. During the year ended December 31, 2008, management fees incurred totaled \$134,604.

Note C

Net Capital

The Company, as a registered broker-dealer in securities, is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to one and shall not be less than \$5,000. At December 31, 2008, the Company had net capital of \$34,664, which was \$29,664 in excess of its required net capital of \$5,000. The Company's net capital ratio was 0.23 to one.

Note D

Exemption from Rule 15c3-3

The Company is exempt from rule 15c3-3 of the Securities and Exchange Commission and, accordingly, is not required to maintain a reserve account for the exclusive benefit of customers.

Certified Public Accountants and Business Advisors

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL REQUIRED BY SEC RULE 17a-5(g)(1) FOR A BROKER-DEALER CLAIMING AN EXEMPTION FROM SEC RULE 15c3-3

To the Member of
CAYMUS SECURITIES, LLC

In planning and performing our audit of the financial statements and supplemental schedules of CAYMUS SECURITIES, LLC (the Company) as of and for the year ended December 31, 2008, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company, including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g), in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments made by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL REQUIRED BY SEC RULE 17a-5(g)(1) FOR A BROKER-DEALER CLAIMING AN EXEMPTION FROM SEC RULE 15c3-3

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2008, to meet the SEC's objectives.

This report is intended solely for the information and use of the member, management, the SEC, FINRA, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
