INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Allen, Mooney & Barnes Brokerage Services, LLC
Thomasville, Georgia

We have audited the accompanying statement of financial condition of Allen, Mooney & Barnes Brokerage Services, LLC as of December 31, 2008, and the related statements of income, changes in member's equity, and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Allen, Mooney & Barnes Brokerage Services, LLC as of December 31, 2008, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental information contained in pages 7 through 9 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and Nature of Operations

The Company is a registered broker-dealer with the Securities and Exchange Commission (SEC), the Financial Industry Regulatory Authority (FINRA), and in twenty five U.S. states. It has offices in Thomasville, Georgia and Tallahassee, Florida. It is a limited liability company formed November 9, 2000 and is wholly owned by FAIM Investments, LLC. The Company was approved by the SEC and FINRA on March 29, 2007.

The accounting principles followed by the Company and the method of applying those principles conform with generally accepted accounting principles and with general practice within the securities dealers industry.

Cash and Cash Equivalents

Cash includes amounts in checking and money market accounts at commercial banks. The balances of these accounts, from time to time, exceed the federally insured limits. The Company believes it is not exposed to any significant credit risk on these accounts. Included in the interest bearing cash balance is a clearing deposit held with the commercial bank of its clearing agent, Raymond James & Associates, Inc.

Receivables

Receivables include commissions which are amounts due for securities trades from the Company's clearing broker-dealer. An allowance for uncollectible accounts has not been established because these receivables were all current and collected after year end. Other receivables include accrued earnings on cash balances and margin loans.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. SECURITIES

Securities are marketable equity securities held as trading securities and are carried at market value.

3. INCOME TAXES

The Company is included in the consolidated income tax returns filed by the parent company, FAIM Investments, LLC. As a limited liability company, taxable income or loss flows through to the members on their individual tax returns rather than at the corporate level.

4. RELATED PARTY TRANSACTIONS

The Company and Allen, Mooney & Barnes Investment Advisors, LLC (AMBIA), which is also wholly owned by FAIM Investments, LLC, have an expense sharing agreement for the year 2008. The agreement is for AMBIA to provide management and administrative services to the Company at a cost of \$90,000 per month. The services provided by AMBIA include payroll, professional fees, information services, occupancy expenses, advertising, travel, and general office expenses. The total paid for these services in 2008 was \$1,080,000.

The Company's clearing agent, Raymond James & Associates, Inc., also provides investments services to AMBIA. As of year end, the Company did not owe AMBIA for investment advisory fees that were received through the clearing agent for AMBIA.
