**Note 1: GENERAL & SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

*General*

SL Hare Capital, Inc. (the "Company") was incorporated in the State of California on May 23, 2006. The Company is a registered broker/dealer in securities under the Securities and Exchange Act of 1934, is a member of the Financial Industry Regulatory Authority ("FINRA") and the Securities Investors Protection Corporation ("SIPC").

The Company is allowed to engage in the following types of business: (1) broker or dealer retailing corporate equity securities over-the-counter, (2) municipal securities underwriter or selling group participant, (3) non-exchange member arranging for transactions in listed securities by exchange member.

In the normal course of business, the Company's customer activities involve the execution and settlement of various customers securities and financial instrument transactions. These activities may expose the Company to off-balance-sheet credit risk in the event the customer is unable to fulfill its contractual obligations.

The Company does not hold customer funds or securities and conducts business on a fully disclosed basis, whereby all transactions are cleared by another broker/dealer. One client is responsible for 45 percent of the Company's revenue.

*Summary of Significant Accounting Policies*

The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

For purposes relating to the statement of cash flows, the Company considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents. The Company also includes money market accounts as cash equivalents.

Accounts receivable is stated at face value with no allowance for doubtful accounts. An allowance for doubtful accounts is not considered necessary because probable uncollectible accounts are immaterial.

Furniture and fixtures are stated at cost. Repairs and maintenance to these assets are charged to expense as incurred; major improvements enhancing the function and/or useful life are capitalized. When items are sold or retired, the related cost and accumulated depreciation are removed from the accounts and any gains or losses arising from such transactions are recognized. Property and equipment are depreciated over their estimated useful lives of seven (7) years by the straight-line method.

Financial advisory fees are recognized as earned on a pro rata basis over the term of the contract.

**Note 1: GENERAL & SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**  
**(Continued)**

Advertising costs are expensed as incurred. For the year ended December 31, 2008, the Company charged \$10,004, to other operating expenses for advertising costs.

The Company, with the consent of its Stockholder, has elected to be an S Corporation and, accordingly, has its income taxed under Sections 1361-1379 of the Internal Revenue Code. Subchapter S of the Code provides that the Stockholder, rather than the Company, is subject to tax on the Company's taxable income. Therefore, no provision or liability for Federal Income Taxes is included in these financial statements. The State of California has similar regulations, although there exists a provision for a minimum Franchise Tax and a tax rate of 1.5% over the minimum Franchise Fee of \$800.

The Company has elected to report the statement of changes in stockholders' equity without disclosing the accumulated adjustment account and other equity accounts pertinent to an S Corporation. There is no financial impact to these financial statements.

**Note 2: DEPOSIT WITH CLEARING ORGANIZATION**

The Company has a brokerage agreement with Pershing LLC ( the " Clearing Broker"), a member of the BNY Securities Group of companies. The agreement provides for the Clearing Broker to carry the accounts of the Company and its clients as customers. The Clearing Broker has custody of the Company's cash balances which serve as collateral for any amounts due to the Clearing Broker as well as collateral for securities sold short or securities purchased on margin. Interest is paid monthly on these cash deposits at the average overnight repurchase rate. The balance at December 31, 2008 was \$100,000.

**Note 3: RECEIVABLE FROM OFFICER**

The receivable from officer of \$22,894 is due on demand, non-interest bearing, and is uncollateralized.

**Note 4: FURNITURE AND FIXTURES, NET**

Furniture and fixtures are recorded at cost and summarized by major classifications as follows:

		<u>Depreciable Life Years</u>
Furniture & fixtures	\$ 21,234	7
Less: accumulated depreciation	<u>(7,218)</u>	
	<u>\$ 14,016</u>	

Depreciation expense for the year ended December 31, 2008, was \$ 4,247.

**Notes to Financial Statements**  
**December 31, 2008**

**Note 5: RENT EXPENSE**

Current year rent expense consists of the following:

Office rent	<u>\$ 69,923</u>
-------------	------------------

**Note 6: INCOME TAXES**

As discussed in the Summary of Significant Accounting Policies (Note 1), the Company has elected the S Corporate tax status, therefore no federal income tax provision is included in these financial statements. The tax provision provided is the California franchise tax minimum of \$800.

**Note 7: RECENTLY ISSUED ACCOUNTING STANDARDS**

For the year ended December 31, 2008, various accounting pronouncements or interpretations by the Financial Accounting Standards Board were either newly issued or had effective implementation dates that would require their provisions to be reflected in the financial statements for the year then ended. The Company has reviewed the following Financial Interpretation ("FIN") and Statements of Financial Accounting Standards ("SFAS") for the year to determine relevance to the Company's operations:

<u>Statement Number</u>	<u>Title</u>	<u>Effective Date</u>
FIN 48	Accounting for Uncertainty in Income Taxes – an Interpretation of FASB Statement No. 109	After 12/15/07
SFAS 141(R)	Business Combinations	After 12/15/08
SFAS 157	Fair Value Measurements	After 12/15/07
SFAS 160	Noncontrolling Interests in Consolidated Financial Statements – an amendment of ARB No. 51	After 12/15/07
SFAS 161	Disclosures about Derivative Instruments and Hedging Activities – an Amendment of FASB Statement No. 133	After 12/15/08

The Company has either evaluated or is currently evaluating the implications, if any, of each of these pronouncements and the possible impact they may have on the Company's financial statements. In most cases, management has determined that the pronouncement has either limited or no application to the Company and, in all cases, implementation would not have a material impact on the financial statements taken as a whole.

Board of Directors  
SL Hare Capital, Inc.:

In planning and performing our audit of the financial statements of SL Hare Capital, Inc. (the Company), as of and for the year ended December 31, 2008, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgements by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

*i*

***We Focus & Care<sup>SM</sup>***

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2008, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, Financial Industry Regulatory Authority, and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
