NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2008

NOTE 1 - NATURE OF ORGANIZATION

Carreden Group, Inc. (the "Company") is a Delaware corporation formed October 26, 1990, for the purpose of conducting business as a broker-dealer registered with the Securities and Exchange Commission and the National Association of Securities Dealers, Inc. The Company also represents corporate clients in a broad range of transactions, including exclusive sale, merger and acquisition, structured finance and specialty advisory assignments.

The Company transacts its business with customers located primarily throughout the United States.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Cash and Cash Equivalents: Cash and Cash equivalents are defined as highly liquid investments with original maturities of three months or less.

Basis of Accounting: The Company prepares its financial statements in accordance with generally accepted accounting principles. This basis of accounting involves the application of accrual accounting; consequently, revenues and gains are recognized when earned, and expenses and losses are recognized when incurred.

Accounts Receivable: No allowance for doubtful accounts has been provided for based on prior years' experience and Management's analysis of possible bad debts.

Property and Equipment: Property and equipment are stated at cost less accumulated depreciation. Depreciation is computed using accelerated methods over the estimated useful lives of the related assets. Depreciation by this method does not differ materially from the straight-line method over the respective useful lives of the assets.

Provision for Income Taxes: For income tax purposes, the stockholder has elected that the Company be treated under Subchapter S of the Internal Revenue Code. Accordingly, no provision has been made for Federal income taxes since the net income of the Company is to be included in the tax returns of the individual stockholder.

State and local income taxes are provided based on statutory rates.

CARREDEN GROUP, INC.
 NOTES TO FINANCIAL STATEMENTS
 FOR THE YEAR ENDED DECEMBER 31, 2008

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (continued)

In accordance with the Financial Accounting Standards Board Statement No. 109, the objective of accounting for income taxes is to recognize the amount of current and deferred tax liabilities and assets at the date of the financial statements. Deferred tax liabilities and assets result from timing differences of certain transactions between the amounts reported for financial accounting and income tax purposes. The deferred income taxes prevent the tax effect of these timing differences from distorting income applicable for financial statement reporting. The Company recognizes the tax effects primarily in the treatment of receivables and payables.

The components of the provision for corporate income taxes for the year ended December 31, 2008 consisted of the following:

	<u>Federal</u>	<u>State</u>	<u>City</u>	<u>Total</u>
Provision for Current Income Taxes	\$ --	\$ 300	\$ 6,200	\$ 6,500
Provision for Deferred Income Taxes	<u> --</u>	<u> --</u>	<u>(1,602)</u>	<u>(1,602)</u>
Total Provision for Income Taxes	<u>\$ --</u>	<u>\$ 300</u>	<u>\$ 4,598</u>	<u>\$ 4,898</u>

Use of Estimates: The preparation of the Company's financial statements in conformity with generally accepted accounting principles requires the Company to make estimates and assumptions as to the reported amounts and disclosures in the financial statements. Management believes that the estimates utilized in preparing its financial statements are reasonable and prudent; however, actual results could differ from these estimates.

NOTE 3 - PROPERTY AND EQUIPMENT

Property and equipment are comprised of the following:

	<u>Cost</u>
Office Equipment and Furniture and Fixtures	\$ 46,820
Less: Accumulated Depreciation	<u>42,822</u>
Total	<u>\$ 3,998</u>

In accordance with the rule the broker-dealer is required to maintain a minimum net capital of \$5,000. At December 31, 2008 the Company had net capital of \$28,402, which exceeded its requirement of \$5,000 by \$23,402.

NOTE 5 - COMMITMENTS AND CONTINGENCIES

The Company leases space under an agreement expiring June 30, 2009, and reflects these payments as rental expense in the periods to which they relate. The approximate aggregate minimum noncanceled commitment for the leased premises over the next five years ending December 31:

INDEPENDENT AUDITORS' REPORT ON INTERNAL ACCOUNTING CONTROL
REQUIRED BY RULE 17a-5 OF THE SECURITIES AND EXCHANGE COMMISSION

To the Officers and Directors of
CARREDEN GROUP, INC.

In planning and performing our audit of the financial statements and supplemental schedule of Carreden Group, Inc. (the "Company") for the year ended December 31, 2008, (on which we issued our report dated February 25, 2009) we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission ("SEC"), we have made a study of the practices and procedures followed by the Company, including tests of compliance with such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g), in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(II) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications and comparisons.
2. Recordation of differences required by Rule 17a-13.
3. Complying with the requirements of prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control or the practices and procedures referred to above, misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal control or of such practices and procedures to future periods are subject to the risk that they may become inadequate because of changes in conditions or that the degree of compliance with the practices or procedures may deteriorate.

Our consideration of the Company's internal control would not necessarily disclose all matters in the Company's internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the Company's internal control and its operation, including control activities for safeguarding securities that we consider to be material weaknesses as defined above, except for:

The size of the business and resultant limited number of employees imposes practical limitations on the effectiveness of those internal control procedures that depend on the segregation of duties. Since this condition is inherent in the size of the Company, the specific weaknesses are not described herein and, alternatively, greater reliance must be placed on surveillance by management.

The foregoing condition was considered in determining the nature, timing and extent of the procedures to be performed in our audit of the financial statements of Carreden Group, Inc. for the year ended December 31, 2008 and this report does not effect our report thereon dated February 25, 2009. We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for their purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2008, to meet the Commissions' objectives.

This report is intended solely for the information and use of the board of directors', management of the Company, the SEC, New York Stock Exchange, the National Association of Securities Dealers, Inc. and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers and is not intended to be and should not be used by anyone other than these specific parties.
