ACCOUNTANTS AND ADVISORS

INDEPENDENT AUDITORS' REPORT

To the Stockholder
Transnational Capital Corp.

We have audited the accompanying statement of financial condition of Transnational Capital Corp. ("the Company") as of December 31, 2009, and the related statements of income, changes in stockholder's equity and cash flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Transnational Capital Corp. as of December 31, 2009 and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I and II is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

TRANSNATIONAL CAPITAL CORP.
NOTES TO FINANCIAL STATEMENTS

1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of Business

Transnational Capital Corp. (the "Company") was organized under the laws of the state of New York on February 7, 2005. The Company is a broker-dealer registered with the Securities and Exchange Commission (the "SEC") and the Financial Industry Regulatory Authority ("FINRA").

Use of Estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could differ from those estimates.

Concentrations of Credit Risk for Cash

The Company's cash balances are maintained at one financial institution. Balances are insured by the Federal Deposit Insurance Corporation subject to certain limitations.

Cash and Equivalents

Cash and cash equivalents include short-term, highly liquid investments with original maturities of three months or less and all money market accounts.

Revenue Recognition

Consulting revenue includes fees earned from securing financing and financial advisory services. Nonrefundable advances received for consulting services are recorded as consulting income when received. Contingency fees are recognized at the time the financing is placed and the income is reasonably determinable.

Depreciation

Property and equipment are depreciated on a straight-line basis over their estimated useful lives.

Income Taxes

The Company is not a taxpaying entity for federal and state income tax purposes and, accordingly, no provision has been made for such income taxes. The stockholder's allocable share of the Company's income or loss is reportable in their income tax returns. Provisions are made for New York State S Corporation franchise tax and New York City general corporation tax.

Federal, state and local income tax returns for years prior to 2006 are no longer subject to examination by tax authorities.

TRANSNATIONAL CAPITAL CORP.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Subsequent Events

These financial statements were approved by management and available for issuance on February 22, 2010. Management has evaluated subsequent events through this date.

2 - REGULATORY REQUIREMENTS

As a registered broker-dealer, the Company is subject to the net capital provisions of Rule 15c3-1 of the Securities Exchange Act of 1934, which requires that the Company's aggregate indebtedness shall not exceed fifteen times net capital, as defined. At December 31, 2009 the Company had net capital of \$75,436 which exceeded requirements by \$70,436. The ratio of aggregate indebtedness to net capital was .08 to 1.

SUPPLEMENTARY INFORMATION

Pursuant to Rule 17a-5 of the Securities Exchange Act of 1934

As of December 31, 2009

TRANSNATIONAL CAPITAL CORP.

TRANSNATIONAL CAPITAL CORP.

SCHEDULE II

STATEMENT REGARDING SEC RULE 15c3-3

AS OF DECEMBER 31, 2009

The Company is exempt from Rule 15c3-3 of the Securities and Exchange Commission under paragraph (k) (2) (ii) of that Rule.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL STRUCTURE
REQUIRED BY RULE 17a-5 OF THE SECURITIES AND EXCHANGE COMMISSION**

To the Stockholder
Transnational Capital Corp.

In planning and performing our audit of the financial statements of Transnational Capital Corp (the "Company"), as of and for the year ended December 31, 2009, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our audit procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5 (g) (1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13.
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls, and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Company's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2009, to meet the SEC's objectives.

This report is intended solely for the information and use of management, the SEC, the Financial Industry Regulatory Authority, Inc. and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
