## INDEPENDENT AUDITOR'S REPORT

Board of Directors  
**Thrasher & Company, Inc.**  
Bentonville, Arkansas

We have audited the accompanying statements of financial condition of **Thrasher & Company, Inc.** (an S corporation) as of December 31, 2009 and 2008, and the related statements of income and comprehensive income, changes in stockholder's equity, cash flows and changes in liabilities subordinated to claims of general creditors for the years then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion of the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of **Thrasher & Company, Inc.** as of December 31, 2009 and 2008, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

**THRASHER & COMPANY, INC.**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2009 AND 2008**

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Nature of Business**

Thrasher and Company, Inc. ("the Company") was formed on October 28, 1998, under the laws of the State of Arkansas pursuant to the Arkansas Business Corporation Act. The Company, conducting business within the state of Arkansas, is registered as a broker/dealer with the Securities and Exchange Commission, Financial Industry Regulatory Authority and the Arkansas Securities Department. The Company is an introducing broker and carries no customer monies or securities. All customer transactions are forwarded to a clearing broker on a fully disclosed basis. Commissions are received for mutual fund and insurance products.

**Revenue Recognition**

Revenues and expenses are accounted for on the accrual basis.

**Property and Equipment**

Property and equipment are recorded at cost. Depreciation of the property and equipment is computed by the straight-line method over the estimated useful lives of the assets, which range from five to ten years. Fully depreciated assets still in use totaled approximately \$7,424 and \$45,300 for years ended December 31, 2009 and 2008, respectively. During the year ended December 31, 2009, the Company disposed of fully depreciated assets that had an original cost of \$37,873.

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Cash Equivalents**

For purposes of the Statements of Cash Flows, management considers all short-term investments with an original maturity of three months or less to be cash equivalents. As of December 31, 2009 and 2008, there are no cash equivalents.

**Advertising**

The Company follows the policy of charging advertising to expense as incurred.

**Comprehensive Income**

Statement of Financial Accounting Standards No. 130, *Reporting Comprehensive Income*, (SFAS 130), requires that total comprehensive income be reported in the financial statements. Total comprehensive income is presented on the Statements of Income and Comprehensive Income.

**THRASHER & COMPANY, INC.**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2009 AND 2008**

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED**

**Income Taxes**

The Company is taxed as an S- Corporation under the Internal Revenue Code and applicable state statutes. Under an S-Corporation election, the income of the Corporation flows through to the stockholder to be taxed at the individual level rather than the corporate level. Therefore, no provision or liability for federal or state income taxes has been included in these financial statements.

**Investments**

All marketable securities are classified as “available for sale”. Securities classified as “available for sale” are carried in the financial statements at fair value. Realized gains and losses, determined using the first-in first-out (FIFO) method, are included in earnings. Unrealized holding gains and losses are reported in other comprehensive income.

**Accounts Receivable – Commissions**

The Company considers accounts receivable – commissions to be fully collectible. Accordingly, no allowance for doubtful accounts is deemed necessary. If accounts become uncollectible, they will be charged to operations when that determination is made. Determination of uncollectibility is made by management based on knowledge of specific accounts. Past-due status is based on contractual terms. Past-due accounts are not charged interest.

**NOTE 2: RELATED PARTY TRANSACTIONS**

The Company leases its corporate office buildings under operating lease agreements from a LLC in which the owner is a member. The Company is responsible for insurance, maintenance and real estate taxes associated with the office facilities. For each of the years ended December 31, 2009 and 2008, the rent paid to related parties for the office building totaled \$18,600. See Note 7.

**NOTE 3: PROPERTY AND EQUIPMENT**

Following are the major classifications of property and equipment:

	2009	2008
Office Equipment	\$19,168	\$ 17,970
Automobiles	<u>98,599</u>	<u>86,171</u>
Accumulated Depreciation	\$15,698	\$104,141
	<u>50,651</u>	<u>97,383</u>
	<u>\$51,418</u>	<u>\$ 6,758</u>

**THRASHER & COMPANY, INC.**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2009 AND 2008**

**NOTE 4: DETERMINATION OF THE RESERVE REQUIREMENT**

Exemption from SEC Rule 15c3-3, which requires computation of the reserve requirement, is claimed based on Section (k)(2)(B). Under this Section, exemption can be claimed if all customer transactions are cleared through another broker/dealer on a fully disclosed basis. All Thrasher and Company, Inc. customer transactions are cleared through First Southwest Company.

**NOTE 5: INVESTMENTS**

The table below provides detail of the investments:

		<u>\$33,541</u>	<u>\$ (7,826)</u>	<u>\$25,715</u>

In 2008, the Company adopted the provisions of SFAS No. 157, "Fair Value Measurements." Using the provisions within SFAS No. 157, the Company has characterized its investments in securities, based on the priority of inputs used to value the investments, into a three-level fair value hierarchy. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1), and the lowest priority to unobservable inputs (Level 3). If the inputs used to measure the investments fall within different levels of the hierarchy, the categorization is based on the lowest level of input that is significant to the fair value measurement of the investment.

Investments recorded in the Balance Sheets based on the inputs to valuation techniques as follows:

**THRASHER & COMPANY, INC.  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2009 AND 2008**

**NOTE 5: INVESTMENTS – CONTINUED**

Level 1- These are investments where values are based on unadjusted quoted prices for identical assets in an active market the Company has the ability to access. These investments are exchange-traded mutual funds.

Level 2- These are investments where values are based on quoted prices in markets that are not active or model inputs that are observable either directly or indirectly for substantially the full term of the investments.

Level 3- These are investments where values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. These inputs reflect assumptions of management about assumptions market participants would use in pricing the investments.

The following table presents the Company's hierarchy for the investments measured at fair value on a recurring basis as of December 31, 2009:

	Quoted Market Prices in Active Markets (Level 1)	Other Observable Inputs (Level 2)	Unobservable Inputs (Level 3)
<u>Available-for-sale securities</u>			
Exchange traded mutual funds	\$ 31,428	\$ -	\$ -

**NOTE 6: RETIREMENT PLAN**

The Corporation adopted a SIMPLE IRA plan for all employees who meet the eligibility requirements. The Corporation made contributions in the amount of \$3,994 and \$4,735 for the years ending December 31, 2009 and 2008, respectively.

**NOTE 7: COMMITMENTS**

The Corporation entered into a lease agreement for its office facilities with a term of five years. The following is a schedule by years of future minimum rentals under the lease at December 31, 2009:

2010	\$18,600
2011	18,600
2012	18,600

**NOTE 8: ADDITIONAL CASH FLOW INFORMATION**

The net increase in the unrealized holding gain (loss) on available for sale securities was \$5,081 and (\$8,741), respectively, for the years ended December 31, 2009 and 2008.

**THRASHER & COMPANY, INC.**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2009 AND 2008**

**NOTE 9: DISCLOSURES ABOUT THE FAIR VALUE OF FINANCIAL INSTRUMENTS**

Disclosure of the estimated fair value of financial instruments is required under the provisions of Statement of Financial Accounting Standards (SFAS) No. 107, "Disclosures About Fair Value of Financial Instruments". Management believes that the carrying amounts of the Company's financial instruments at December 31, 2009, which include cash and cash equivalents, commission's receivable, certificate of deposit and payables, are reasonable estimates of their fair value.

**NOTE 10: NET CAPITAL**

There are no differences between net capital as computed in Thrasher and Company, Inc.'s Part IIA of Form X-17A-5 filed for the period ended December 31, 2009, and the net capital as computed on Page 13.

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL STRUCTURE REQUIRED BY SEC RULE 17a-5

Board of Directors  
**Thrasher & Company, Inc.**  
Bentonville, Arkansas

In planning and performing our audit of the financial statements and supplemental schedules of **Thrasher & Company, Inc.** (the "Company") for the year ended December 31, 2009, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications and comparisons and recordation of differences required by Rule 17a-13.
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.
3. Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customer as required by Rule 15c3-3.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with

management's authorization and recorded properly to permit preparation of financial statements in conformity with accounting principles generally accepted

in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that errors or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purpose in accordance with the Securities Exchange Act of 1934 and related regulations and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2009, to meet the SEC's objectives.

This report is intended solely for the information and use of management, the Securities and Exchange Commission and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers and is not intended to be and should not be used by anyone other than these specified parties.
