NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2009

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and Nature of Business

The Company is a broker-dealer registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority, Inc. (FINRA). The Company provides investment, financial planning and advisory services as well as broker-dealer services for its clients.

Revenue Recognition

The Company's primary source of revenue is derived from fee income based on total assets under management. Fee income on these assets is recorded as revenue in the period it is earned. Customers' securities transactions are recorded on the settlement date basis. The related commission income and expense are also recorded on the settlement date basis.

Marketable Securities

Investments are valued at market, cost is determined on the specific identification method; realized and unrealized gains and losses for trading securities are reflected in revenue. At December 31, 2009 there were no securities classified as trading securities.

Investments held longer than one year are classified as available-for-sale. Unrealized holding gains and losses are included in other comprehensive income. For the year ended December 31, 2009 there was an unrealized loss of \$ 2,685.

Property and Equipment

Property and equipment are recorded at cost. The cost of maintenance and repairs is charged to operations as incurred. Major improvements to property and equipment are capitalized. Depreciation is computed using either the straight line method or accelerated methods over the estimated useful lives of the asset, ranging from 5 to 40 years.

Advertising

Advertising costs are expensed as they are incurred. Advertising expense for the year ended December 31, 2009 was \$4,301.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Income Taxes

The Company operates as an S Corporation. As such, the Corporation's income or loss and credits are passed through to the stockholder, and reported on his individual income tax returns. The State of New Hampshire does not recognize the Subchapter S provisions of the Internal Revenue Code. Accordingly, the Company pays a Business Profits Tax (BPT) based on its taxable income. New Hampshire also imposes a Business Enterprise Tax (BET), based on its compensation, interest expense and dividends paid. The Company provides for state income taxes at 8.5% of taxable income. If the BET is greater than the BPT, the excess is included in payroll and related taxes. Because the BET exceeded the BPT, there was no current provision for BPT taxes in 2009.

The State of Colorado recognizes the Subchapter S provision of the Internal Revenue Code. Accordingly, the Company is required to file an information return with Colorado and the stockholder is taxed on his proportionate share of the Company's taxable income earned in that state. The Company has elected to file a composite nonresident income tax return on behalf of the stockholder, and a provision for state income taxes has been included in the financial statements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in these financial statements and accompanying notes. Actual results could differ from these estimates.

NOTE 2 - NET CAPITAL

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital, and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule of the "applicable" exchange also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1). At December 31, 2009 the Company had net capital of \$50,045 which was \$45,045 in excess of its required net capital of \$5,000. The Company's net capital ratio was 1.33 to 1.

NOTES TO FINANCIAL STATEMENTS

NOTE 3 - PROPERTY AND EQUIPMENT

Property and equipment consisted of the following at December 31, 2008:

Leasehold improvements	\$101,417
Furniture and fixtures	<u>138,240</u>
	239,657
Less Accumulated Depreciation	<u>128,189</u>
Property and equipment, net	<u>\$111,468</u>

Depreciation expense for 2009 was \$14,201

NOTE 4 - CONCENTRATIONS OF CREDIT RISK

The Company is engaged in various trading and brokerage activities whose counterparties include the general public. In the event counterparties do not fulfill their obligations the Company may be exposed to risk. The risk of default depends on the credit worthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty with which it conducts business.

NOTE 5 - CONCENTRATIONS

At December 31, 2009, 94% of commissions receivable were due from one company. Approximately 83% of 2009 revenue was earned from this company.

NOTE 6 - EMPLOYEE BENEFITS

The Company has a 401(k) retirement plan covering substantially all employees. Under the plan the Company contributes an amount equal to 3% of the employee's gross annual wages. Employees may defer up to 15% of their wages, not to exceed \$16,500. The Company also has a profit sharing component under the plan. All profit sharing contributions are at the discretion of management. The Company's total contribution to the plan was \$16,716 for the year ended December 31, 2009.

SECURE PLANNING, INC.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2009

NOTE 7- RELATED PARTY TRANSACTIONS

The Company leases office space in Portsmouth, New Hampshire from its sole stockholder. Under the terms of the lease, the required monthly payment is \$5,500. The Company is also responsible for the payment of property taxes, utilities, insurance, maintenance and improvements related to the building. The lease is scheduled to expire in September 2011. Total rent expense paid under this lease for 2009 was \$66,000. There are no amounts due to the stockholder at December 31, 2009.

Because this is a related party lease, operating results or financial position of the Company could differ significantly from those that would have been obtained if this was an arms length transaction.

NOTE 8 – OPERATING LEASES

The Company entered into a lease in June 2006 for office space in Denver, Colorado. The terms of the lease require monthly payments of \$2,114. The Company is also responsible for the payment of property taxes, utilities, insurance, maintenance and improvements related to the building. The lease is scheduled to expire in September 2011. Total rent expense paid for 2009 was \$25,409.

The terms of the renewed lease for 2009 required monthly payments of \$824 from January 2009 through December 2009. The Company is also responsible for the payment of property taxes, utilities, insurance, maintenance and improvements related to the condominium. The Company renewed its lease in December 2009. The terms of the renewed lease require monthly payments of \$840 from January 2010 through December 2010. Total rent expense paid under this lease for 2009 was \$9,993.

Total future payments on these leases are as follows:

NOTES TO FINANCIAL STATEMENTS

The state income tax credits were generated in the years 2004 through 2008. They are available for carryforward and will expire between 2010 and 2014 if not utilized. No allowance is considered necessary.

NOTE 10- CAPITAL LEASE

Independent Auditors' Report on Internal Control Required by SEC Rule 17a-5

To The Board of Directors of
Secure Planning, Inc.

In planning and performing our audit of the financial statements of Secure Planning, Inc. (the Company), as of and for the year ended December 31, 2009, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company, including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications and comparisons and recordations required by rule 17a-13.
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we considered to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe the Company's practices and procedures, as described in the second paragraph of the report, were adequate at December 31, 2009, to meet the SEC's objectives.

This report is intended solely for the information and use of management, the SEC, the Financial Industry Regulatory Authority, Inc., and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.
