## INDEPENDENT AUDITORS' REPORT

The Board of Directors  
SRM Securities, Inc.  
Los Angeles, California

We have audited the accompanying statement of financial condition of SRM Securities, Inc. as of December 31, 2009, and the related statements of income (loss), changes in stockholders' equity, and cash flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of SRM Securities, Inc. as of December 31, 2009, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained on pages 10-13 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

A handwritten signature in black ink that reads "Goodrich Baron Goodyear, LLP". The signature is written in a cursive, flowing style.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2009

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations

SRM Securities, Inc. (the Company) is engaged in a single line of business as a securities broker/dealer which comprises several classes of services, including principal transactions, agency transactions, and investment advisory. The Company produces revenue by clearing those transactions on behalf of their customers through a clearing broker/dealer and charging commissions for those services. The Company was incorporated in California on April 29, 1983 as a C corporation. The Company's customers are primarily individuals located throughout Southern California.

The Company operates under the provisions of paragraph (k)(2)(ii) of Rule 15c3-3 of the Securities and Exchange Commission and, accordingly, is exempt from the remaining provisions of that Rule. Essentially, the requirements of paragraph (k)(2)(ii) provide that the Company clear all transactions on behalf of customers on a fully disclosed basis with a clearing broker/dealer, and promptly transmit all customer funds and securities to the clearing broker/dealer. The clearing broker/dealer carries all of the accounts of the customers of the Company and maintains and preserves all related books and records as are customarily kept by a clearing broker/dealer.

Securities Transactions

Securities transactions, commission revenue and related expenses are recorded on a trade date basis. Amounts receivable and payable for securities transactions that have not reached their contractual settlement date are recorded net on the statement of financial condition as due from broker.

Firm trading securities held for resale including securities owned, and securities sold and not yet purchased, are valued at market and unrealized gains and losses are reflected in revenues from principal transactions. Unrealized loss of \$33,171 was included in operations for the year ended December 31, 2009.

Fair Value

As required by the Fair Value Measurements and Disclosures Topic of Financial Accounting Standards Board *Accounting Standards Codification* (FASB ASC), the Company is required to use a three-tiered fair value hierarchy in determining the fair value of its marketable securities. FASB ASC defines fair value, thereby eliminating inconsistencies in guidance found in various prior accounting pronouncements, and increases disclosures surrounding fair value calculations. It also establishes a three-tiered fair value hierarchy that prioritizes inputs to valuation techniques used in fair value calculations. The three levels of inputs are defined as follows:

Level 1 - Valuations based on unadjusted quoted prices for identical assets or liabilities in active markets accessible by the Company at the measurement date.

Level 2 - Valuations based on inputs that are observable in the marketplace other than those inputs classified as Level 1.

Level 3 - Valuations based on inputs that are unobservable in the marketplace and significant to the valuation.

FASB ASC also requires the Company to maximize the use of observable inputs and minimize the use of unobservable inputs. If a financial instrument uses inputs that fall in different levels of hierarchy, the instrument will be categorized based upon the lowest level of input that is significant to their fair value calculation.

**SRM SECURITIES, INC.**  
**NOTES TO FINANCIAL STATEMENTS, CONTINUED**

DECEMBER 31, 2009

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Property and Equipment

Property and equipment are stated at cost. Depreciation of property and equipment is provided over their estimated useful lives ranging from five to seven years using either the straight-line method or declining balance. Leasehold improvements are amortized using the straight-line method over the term of the lease or estimated useful life, whichever is shorter. Expenditures for maintenance and repairs are charged to operations as incurred. Major renewals and betterments are capitalized.

Income Taxes

Income taxes are provided for the tax effects of transactions reported in the financial statements and consist of taxes currently due.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Concentrations of Credit Risk

Financial instruments that potentially subject the Company to concentrations of credit risk consist principally of uninsured cash and cash equivalent balances and the Due from Broker Account. The Company places its cash and cash equivalents and the Due from Broker Account with high-credit quality financial institutions. At times, balances in the Company's accounts may exceed the Federal Deposit Insurance Corporation (FDIC) limit of \$250,000 or the Securities Investor Protection Corporation (SIPC) limit of \$500,000.

Off-Balance Sheet Risk

The clearing broker/dealer carries all of the accounts of the customers of the Company and is responsible for execution, receipt, and delivery of securities relative to customer transactions. All customers' securities transactions are fully disclosed by the Company to its clearing broker/dealer. Off-balance sheet risk exists due to the possibility that the customers may fail to meet their contractual commitments wherein the clearing broker/dealer may charge any losses it incurs to the Company. The Company seeks to minimize this risk through procedures designed to monitor the creditworthiness of its customers and proper execution of customers' transactions by the clearing broker/dealer.

(2) SECURITIES OWNED AND SECURITIES SOLD, NOT YET PURCHASED

The securities owned and securities sold, not yet purchased at December 31, 2009, consist principally of readily marketable equity securities with a fair value of \$201,089 and a cost totaling \$234,191.

Market value is established using Level 1 valuations in the hierarchy established by FASB ASC as the securities are on national exchanges and the fair value is determined based on published market prices.

**SRM SECURITIES, INC.**  
**NOTES TO FINANCIAL STATEMENTS, CONTINUED**

DECEMBER 31, 2009

**(3) PROPERTY AND EQUIPMENT**

Property and equipment is comprised of:

Office equipment	\$ 272,015
Leasehold improvements	<u>32,137</u>
	304,152
Less accumulated depreciation	<u>(292,976)</u>
Net property and equipment	<u>\$ 11,176</u>

Depreciation expense for the year ended December 31, 2009, was \$4,352.

**(4) INCOME TAXES**

Income taxes consist of the following:

	<u>Federal</u>	<u>State</u>	<u>Total</u>
Current	\$ -	800	800
Deferred	<u>-</u>	<u>-</u>	<u>-</u>
	<u>\$ -</u>	<u>800</u>	<u>800</u>

As required by the Income Taxes Topic of FASB ASC, the Company is required to account for deferred taxes using an asset and liability approach in recognizing timing differences. This approach requires the recognition of deferred tax assets and liabilities for the expected future tax consequences of temporary differences between the carrying amounts and the tax bases of other assets and liabilities. The tax effect of timing differences was not material at December 31, 2009.

**(5) RELATED PARTY TRANSACTIONS**

The Company shares office space with and provides certain administrative functions to an affiliated company related by common ownership. Administrative expenses charged to this affiliated company were \$138,000 which is included in "Other income" in the accompanying Statement of Income.

**(6) BUY/SELL AGREEMENT**

Under terms of the Shareholders' Agreement, each shareholder is entitled to the first right of refusal to purchase shares of the Company upon the occurrence of disability, termination, death, and certain events related to other shareholders at an amount based on a mutually-agreed value or arbitration process.

**SRM SECURITIES, INC.**  
NOTES TO FINANCIAL STATEMENTS, CONTINUED

DECEMBER 31, 2009

**(7) DEPOSIT HELD IN AN ESCROW ACCOUNT**

A deposit of \$40,000 at December 31, 2009, is held in an escrow account by the Company's clearing agent, National Financial Services LLC (NFS). The Company has no access to the \$40,000 at any time during its contracted period with NFS. The amount that eventually will transfer to the Company will be determined upon the termination of the contract with NFS. As such, the \$40,000 is not reflected in the Company's financial statements.

**(8) OPERATING LEASES**

The Company leases its office space under a non-cancelable operating lease which expires in March 2011.

Minimum future rental payments under the lease agreement as of December 31, 2009, are as follows:

<u>Year Ended December 31,</u>	<u>Amount</u>
2010	\$ 121,371
2011	<u>30,643</u>
Total minimum future rental payments	\$ <u>152,014</u>

Rent expense for the year was \$119,531.

**(9) EXEMPTION**

The Company is exempt from Rule 15c3-3 of the Securities and Exchange Commission. Therefore, the Company is not required to make the periodic computations of reserve requirements for the exclusive benefit of customers.

**(10) SUBSEQUENT EVENTS**

Management has evaluated subsequent events and transactions occurring after year-end through the date that the financial statements were available for issuance which was February 17, 2010. No transactions or events were found that were material enough to require recognition in the financial statements.

**(11) NET CAPITAL**

The Company is subject to a \$100,000 minimum net capital requirement under SEC Rule 15c3-1 which requires that the ratio of aggregate indebtedness to net capital shall not exceed 15 to 1. Net capital and the related net capital ratio fluctuate on a daily basis; however, as of December 31, 2009, the net capital ratio was 1.29 to 1 and net capital was \$351,723 which exceeded the required minimum capital by \$251,723.

## REPORT ON INTERNAL CONTROL REQUIRED BY SEC RULE 17a-5(g)(1)

The Board of Directors  
SRM Securities, Inc.  
Los Angeles, California

In planning and performing our audit of the financial statements of SRM Securities, Inc. (the Company), as of and for the year ended December 31, 2009, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Company's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2009, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

Dear Board Members:

In accordance with Rule 17a-5(e)(4) of the Securities and Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying Schedule of Assessment and Payments to the Securities Investor Protection Corporation (SIPC) for the period ended December 31, 2009, which were agreed to by SRM Securities, Inc and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc., and SIPC solely to assist you in evaluating SRM Securities, Inc's compliance with Rule 17a-5(e)(4). SRM Securities, Inc's management is responsible for their compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below, either for the purpose for which this report has been requested or for any other purpose. The procedures we performed are as follows:

1. Compared the listed assessment payments with respective cash disbursement record entries, noting no exceptions;
2. Compared amounts reported on the audited Form X-17A-5 for the period ended December 31, 2009, with the amounts reported in the Transitional Assessment Reconciliation (Form SIPC-7T) for the period ended December 31, 2009, noting no material exceptions;
3. Compared any adjustments reported in Form SIPC-7T with supporting schedules and working papers, noting no material exceptions;
4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7T and in the related schedules and working papers supporting adjustments, noting no material exceptions.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.
