FINANCIAL TECHNOLOGY SECURITIES, LLC

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Business

Financial Technology Securities, LLC (the Company) is a broker-dealer registered with the Securities and Exchange Commission (SEC) and FINRA. The Company is a Georgia limited liability company (LLC).

Basis of Presentation

The Company is engaged in a single line of business as a securities broker-dealer, which comprises several classes of services.

Commissions

Commissions and related clearing expenses are recorded on a trade-date basis as securities transactions occur. The transactions recorded on a settlement-date basis will not be materially different from the trade-date basis.

Income Taxes

The Company is a limited liability company taxed as a partnership for income tax reporting purposes and, as such, is not subject to income tax. Accordingly, no provision for income taxes is provided in the financial statements.

Depreciation and Amortization

Depreciation is computed on the same basis that the Company uses for its partnership income tax returns, on a tax basis. This basis encompasses using the modified accelerated cost recovery system (MACRS) using useful lives of five to seven years. The difference between the tax basis used and depreciation in accordance with generally accepted accounting principles was deemed immaterial.

Estimates

The presentation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Company defines cash equivalents as highly liquid investments with original maturities of less than ninety days that are not held for sale in the ordinary course of business.

Concentration of Credit Risk

The Company maintains its cash in bank deposit accounts, which at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk for cash.

2. COMMISSIONS RECEIVABLE

Commission revenue is derived as the Company acting as an agent buying and selling securities on behalf of its customers. In return for such services, the Company charges a commission. Each time a customer enters into a buy or sell transaction a commission is earned by the Company for its selling and administrative efforts. For securities purchased, the commission is recorded as a receivable from customers. Commissions receivable for the year ended December 31, 2009 was \$465,046.

3. DEFERRED REVENUE

Certain customers have prepaid commissions. These payments are recognized as revenue on a pro rata basis when the commission is actually earned by the Company. The prepayments are reflected as deferred revenue. Deferred revenue for the year ended December 31, 2009 was \$465,691.

4. NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule of the "applicable" exchange also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1). At December 31, 2009, the Company had net capital of \$467,657, which was \$434,813 in excess of its required net capital of \$32,844. The Company's percentage of aggregate indebtedness to net capital was 105.35%.

5. COMMITMENTS

The Company has an obligation for its office under an operating lease effective July 1, 2007 with an initial non-cancellable term of five years ending June 30, 2012. Aggregate annual rent is listed below:

<u>Year-ending December 31:</u>		
	2010 \$	22,356
	2011	23,027
	2012	11,683

7. EXEMPTIVE PROVISION

REPORT ON INTERNAL CONTROL

REQUIRED BY

SECURITIES EXCHANGE COMMISSION (SEC) RULE 17A-5
FOR A BROKER-DEALER CLAIMING AN EXEMPTION FROM
(SEC) RULE 15C3-3

Board of Directors

FINANCIAL TECHNOLOGY SECURITIES, LLC

In planning and performing our audit of the financial statements and supplementary schedule of Financial Technology Securities, LLC (the "Company"), as of and for the year ended December 31, 2009, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission ("SEC"), we have made a study of the practices and procedures followed by the Company, including tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons
2. Recordation of differences required by Rule 17a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

See Independent Auditors' Report and
Notes to Financial Statements.

WBOWDEN@VOLCPA.COM

Because of inherent limitations in any internal control or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control, including control activities for safeguarding securities that we consider to be material weakness as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate as of December 31, 2009 to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers and is not intended to be used by anyone other than these specified parties.
