INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of
The Northstar Group, Inc.
Greenwich, CT

We have audited the accompanying statement of financial condition of The Northstar Group, Inc. as of December 31, 2009, that you are filing pursuant to rule 17a-5 under the Securities Exchange Act 1934. This financial statement is the responsibility of management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards of the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition presents fairly, in all material respects, the financial position of The Northstar Group, Inc. at December 31, 2009 in conformity with generally accepted accounting principles of the United States of America.

THE NORTHSTAR GROUP, INC.
NOTES TO STATEMENT OF FINANCIAL CONDITION
DECEMBER 31, 2009

Note A – Organization and Significant Accounting Policies

Nature of Business

The Northstar Group, Inc., (the "Company"), is a securities broker-dealer which principally serves institutional investors.

The Company generates revenue principally by providing securities trading and brokerage services to institutional investors. Revenues for these services could vary based on the performance of financial markets around the world.

Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts and the disclosure of contingencies in the financial statements. Actual results could differ from the estimates included in the financial statements

Revenue Recognition

Securities transactions and related expenses are recorded on a trade date basis. The Company clears all securities transactions through Pershing, LLC on a fully disclosed basis.

Cash and Cash Equivalents

Cash and cash equivalents include investments in money market funds. Marketable securities are valued at market value with the resulting difference between cost and market included in income.

Property and Equipment

Property and equipment is stated at cost. Expenditures that materially increase useful lives are capitalized, while ordinary maintenance and repairs are expensed as incurred. Depreciation is computed using the straight-line method over the estimated useful lives of the respective assets, ranging generally from three to ten years. Amortization of leasehold improvements, included with depreciation, is computed using the straight-line method over the estimated useful life of the asset or the term of the lease, whichever is shorter.

Subsequent Events

Subsequent events were evaluated through February 22, 2010 which is the date the financial statements were available to be issued.

Note B – Commitment and Contingencies

The Company is obligated under a non-cancelable operating lease for office space, expiring in January 2012.

Minimum annual payments for rent under the terms of this lease are as follows:

December 31,	
2010	\$ 34,500
2011	<u>36,000</u>
	<u>\$ 70,500</u>

THE NORTHSTAR GROUP, INC.
NOTES TO STATEMENT OF FINANCIAL CONDITION
DECEMBER 31, 2009

Note B – Commitment and Contingencies (continued)

The Company uses Pershing, LLC to process its securities transactions and to provide custodial and other services. The Company pays a fee on a per transaction basis for securities transactions and interest on balances due to Pershing, LLC. At times, the Company has significant money balances on deposit with Pershing, LLC and with a commercial bank.

Non-interest bearing balances with the commercial bank are insured by the Federal Deposit Insurance Corporation through its Temporary Liquidity Guarantee Program, which is in place through December 31, 2009. A financial institution may opt out of the program. The FDIC will maintain and post on its website (www.fdic.gov) a list of eligible entities that opt out of the guarantee program. As of December 31, 2009, the Company's commercial bank was not on the FDIC's opt out list.

Note C – Subordinated Liabilities

The Company has borrowed \$205,945 from its stockholders under cash subordinated agreements maturing in 2014. The borrowings bear interest at 20%, payable annually.

The subordinated liabilities are covered by agreements approved by the Financial Industry Regulatory Authority ("FINRA") and are thus available in computing net capital under the Securities and Exchange Commission's Uniform Net Capital Rule (Rule 15c3-1). To the extent that such borrowings are required for the Company's continued compliance with minimum net capital requirements, they may not be repaid.

Note D – Net Capital Requirements

The Company is subject to the Securities and Exchange Commission's Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2009 the Company had net capital of \$500,773, which was \$400,773 in excess of its required net capital of \$100,000. The Company's net capital ratio was 0.05 to 1.

Note E – Fair Value of Financial Instruments

The carrying value of cash, receivables and accrued expenses approximates fair value due to the short maturity of these instruments. None of the financial instruments are held for trading purposes.

Note F – Employee Benefit Plans

The Company has established a defined benefit pension plan covering all eligible employees. The Company's defined benefit pension plan defines a targeted retirement benefit for participants, which is funded by a required annual contribution based on an actuarial formula within the plan.

The Company also has a 401(k) plan that covers substantially all employees. Participating employees may elect to contribute, on a tax-deferred basis, a portion of their compensation in accordance with Section 401(k) of the Internal Revenue Code. The Company is under no obligation to make contributions to the plan.

The Company has a "Section 125" employee benefits plan, which is also referred to as a "Flexible Benefit" plan. The Company pays 100% of all employees' health insurance and medical costs.

THE NORTHSTAR GROUP, INC.
NOTES TO STATEMENT OF FINANCIAL CONDITION
DECEMBER 31, 2009

Note G - Related Party

The Company leases office space in Towson, MD under a month-to-month lease, from a shareholder of the Company.

Note H - Uncertain Tax Positions

The Company adopted the new accounting for uncertainty in income taxes guidance on January 1, 2009. The adoption of that guidance resulted in no change.

As of December 31, 2009, the Company believes it is reasonably possible the balance of the gross unrecognized tax benefits is zero and will continue to be zero in the next twelve months based on conservative income tax positions and the expiration of statute of limitations. The Company continually evaluates expiring statutes of limitations, audits, proposed settlements, changes in tax law, and new authoritative rulings.

The Company's policy is to recognize accrued interest and penalties associated with uncertain tax positions as part of the income tax provision. As of January 1, 2009, accrued interest and penalties associated with uncertain tax positions is zero. For the year ended December 31, 2009, accrued interest and penalties associated with uncertain tax positions is zero.

The Company files income tax returns in the U.S. Federal jurisdiction and the State jurisdictions of Connecticut and Maryland. None of these taxing jurisdictions have active examinations of Company income tax returns. The Company has timely filed all required income tax returns, and its Federal and State income tax returns prior to calendar year 2007 will be closed by statute on April 15, 2010.

The Northstar Group, Inc.
34 East Putnam Avenue
Greenwich, CT 06830

Dear Sirs:

In planning and performing our audit of the financial statements of The Northstar Group, Inc. (the "Company"), as of and for the year ended December 31, 2009, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting ("internal control") as a basis for designing our auditing procedures for the purpose of expressing an opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications and comparisons and recordation of differences required by Rule 17a-13.
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process or report financial data reliably in accordance with accounting principles generally accepted in the United States of America such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control. A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. However, we identified the following deficiencies in internal control that we consider to be material weaknesses, as defined above. These conditions were considered in determining the nature, timing, and extent of the procedures performed in our audit of the financial statements of The Northstar Group, Inc. as of and for the year ended December 31, 2009, and this report does not affect our report thereon dated February 22, 2010.

The size of the business and resultant limited number of employees imposes practical limitations on the effectiveness of those control policies and procedures that depend on the segregation of duties. Because this condition is inherent in the size of the Company, the specific weaknesses are not described herein and no corrective action has been taken or proposed by the Company.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures as described in the preceding paragraph were adequate at December 31, 2009 to meet the SEC's objectives.

This report is intended solely for the information and use of management, the Securities and Exchange Commission, the Financial Industry Regulatory Authority and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

To the Board of Directors of
The Northstar Group, Inc.

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying Schedule of Assessment and Payments [Transitional Assessment Reconciliation (Form SIPC-7T)] to the Securities Investor Protection Corporation (SIPC) for the period from April 1, 2009 to December 31, 2009, which were agreed to by The Northstar Group, Inc. and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc. and SIPC, solely to assist you and the other specified parties in evaluating The Northstar Group, Inc.'s compliance with the applicable instructions of the Transitional Assessment Reconciliation (Form SIPC-7T). The Northstar Group, Inc.'s management is responsible for the The Northstar Group, Inc.'s compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

1. Compared the listed assessment payments in Form SIPC-7T with respective cash disbursement records entries noting no differences;
2. Compared the total revenue amounts of the audited Form X-17A-5 for the year ended December 31, 2009 less revenues reported on the FOCUS reports for the period from April 1, 2009 to December 31, 2009 noting no differences;
3. Compared any adjustments reported in Form SIPC-7T with supporting schedules and working papers noting no differences;
4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7T and in the related schedules and working papers supporting the adjustments noting no differences; and
5. Compared the amount of any overpayment applied to the current assessment with the Form SIPC-7T on which it was originally computed noting no differences.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.
