INDEPENDENT AUDITORS' REPORT

Ms. Dixie Butler, President
U.S. Investors, Inc.:

We have audited the accompanying statement of financial condition of U.S. Investors, Inc. (the Company) as of December 31, 2009. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the financial position of U.S. Investors, Inc. at December 31, 2008, in conformity with accounting principles generally accepted in the United States of America.

William Batdorf & Company, P.C.

U.S. INVESTORS, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009

NOTE 1 - ORGANIZATION

U.S. Investors, Inc. (Company) is a securities broker-dealer registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA).

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting and reporting policies of the Company are in accordance with accounting principles generally accepted in the United States of America and conform to general practices within the brokerage industry.

Revenue Recognition

Securities transactions and related commissions are recorded on a trade date basis.

Use of Estimates

The preparation of financial statements in conformity with general accepted accounting principles requires management to make estimates and assumptions. This will affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reported period. Actual results could differ from these estimates.

Cash and Cash Equivalents

Cash and cash equivalents consisted of cash on deposit with established federally insured financial institutions. For purposes of the statement of cash flows, the Company considers all highly liquid instruments with original maturities of three months or less to be cash equivalents.

NOTE 3 - INCOME TAXES

The Company has elected to file income tax returns as a subchapter S Corporation as defined in the Internal Revenue Code. Generally, a S Corporation is not subject to income taxes but rather, items of income, loss, deduction and credit pass through to stockholders in determining their individual income tax liability.

(Continued)

U.S. INVESTORS, INC.

NOTES TO FINANCIAL STATEMENTS (Continued)

DECEMBER 31, 2009

NOTE 4 - NET CAPITAL REQUIREMENTS

As a broker-dealer, the Company is subject to the net capital rule adopted and administered by the Financial Industry Regulatory Authority and the Securities and Exchange Commission. This rule is designed to require a broker-dealer to maintain a minimum amount of net capital, as defined, and a minimum ratio of aggregate indebtedness, as defined, to net capital. Under this rule, the ratio of aggregate indebtedness to net capital cannot exceed 15 to 1. The Company's aggregate indebtedness to net capital as of December 31, 2009, was .90 to 1. At December 31, 2009, the Company had net capital of \$11,132 which was \$6,132 in excess of its required net capital of \$5,000.

NOTE 5 - OTHER REGULATORY REQUIREMENTS

The firm limits its business activities to the purchase, sale and redemption of shares of registered investment companies. Securities of customers were not accepted for safekeeping. The company does not routinely accept customer's funds and any funds sent to the company, which consisted solely of checks payable to registered investment companies, were promptly remitted. The company is therefore exempt from the customer reserve requirements of SEC rule 15c3-3 under section (k)(1).

SUPPLEMENTARY REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS
ON INTERNAL ACCOUNTING CONTROL

Board of Directors
U.S. Investors, Inc.

SEC
Mail Processing
Section

MAR 02 2010

Washington, DC

122

In planning and performing our audit of the financial statements of U.S. Investors, Inc. for the year ended December 31, 2009, we considered its internal control structure, including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission(SEC) we made a study of the practices and procedures followed by The Company including test of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and the procedures for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons
2. Recordation of differences required by rule 17-a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with

reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are recorded in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2009 to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

WASHINGTON, DC 20006

To the Board of Directors of
US Investors, Inc.
Alexandria, VA

In accordance with rule 17a-5(e)(4) of the Securities and Exchange Commission, we have performed the following procedures with respect to Form SIPC-7T of Securities Investor Protection Corporation assessments and payments of Broker/Dealer, Inc. for the period ended December 31, 2009. Our procedures were performed solely to assist you in complying with rule 17a-5(e)(4), and our report is not to be used for any other purpose. The procedures we performed are as follows:

1. Compared listed assessment payments with respective cash disbursement records entries;
2. Compared amounts reported on the audited Form X-17A-5 for the period April 1, 2009 to December 31, 2009 with the amounts reported in the General Assessment Reconciliation (Form SIPC-7T);
3. Compared any adjustments reported in Form SIPC-7T with supporting schedules and working papers;
4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7T and in the related schedules and working papers supporting adjustments; and
5. Compared the amount of any overpayment applied with the Form SIPC-7T on which it was computed.

Because the above procedures do not constitute an audit made in accordance with generally accepted auditing standards, we do not express an opinion on the form referred to above. In connection with the procedures referred to above, nothing came to our attention that caused us to believe that the amounts shown on Form SIPC-7T were not determined in accordance with applicable instructions and forms. This report relates only to the form referred to above and does not extend to any financial statements of U.S. Investors, Inc. taken as a whole.

William Batdorf & Company, P.C.
