## **INDEPENDENT AUDITOR'S REPORT**

Treasury Curve, LLC

We have audited the accompanying statement of financial condition of Treasury Curve, LLC as of December 31, 2009. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statement referred to above present fairly, in all material respects, the financial position of Treasury Curve, LLC at December 31, 2009 in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statement taken as a whole. The Supplemental Schedule, Computation of Net Capital, is presented for purposes of additional analysis and is not a required part of the basic financial statement, but is supplementary information required by Rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statement and, in our opinion, is fairly stated in all material respects in relation to the basic financial statement taken as a whole.

## Notes to Statement of Financial Condition

### 1. THE COMPANY AND ITS SIGNIFICANT ACCOUNTING POLICIES

**The Company.** Treasury Curve, LLC (the "Company") is a California limited liability company. The Company is a wholly owned subsidiary of Treasury Holdings, LLC.

**The Business.** The Company is a registered broker-dealer licensed by the United States Securities and Exchange Commission ("SEC") and is a member of the Financial Industry Regulatory Authority and the Securities Investor Protection Corporation. The Company retails mutual funds, consisting primarily of money market funds.

**Accounting Estimates.** The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

**Revenue Recognition.** Security transactions and the related commission revenue are recorded on a trade date basis. Insurance commissions are recognized when the related insurance policies are accepted by the underwriters and premiums are paid. Bonus commissions and other revenues that are contingent or not subject to reasonable estimation are recognized when collected. Other revenues are generally recognized as services are rendered.

**Fixed Assets.** Fixed assets are stated at cost less accumulated depreciation. Maintenance and repairs which do not extend asset lives are expensed as incurred. Depreciation is provided on the straight-line method over the estimated useful lives of the assets, generally 5-7 years.

**Intangible assets.** Intangible assets are amortized using the straight-line method over 15 years.

**Income Taxes.** Income taxes, if any, are the liability of the individual member except for minimum state and local taxes.

**Concentration of Credit Risk.** The company maintains a cash balance with a financial institution. Management performs periodic evaluations of the relative credit standing of the institution. The Company has not sustained any material credit losses from this instrument.

**Financial Instruments.** The carrying values reflected in the statement of financial condition at December 31, 2009 reasonably approximate the fair values for financial instruments. In making such assessment, the Company has utilized discounted cash flow analyses, estimates, and quoted market prices as appropriate. No allowance for potential credit losses was considered necessary at December 31, 2009.

### 2. COMMITMENTS AND CONTINGENCIES

**Operating Leases.** The Company leases office space on a month-to-month basis.

**3. NET CAPITAL REQUIREMENTS**

Under Rule 15c3-1 of the Securities Exchange Act of 1934, the Company is required to maintain a minimum net capital (as defined) and a ratio of aggregate indebtedness to net capital (as defined) not exceeding 15 to 1.

The Company's ratio at December 31, 2009 was 0.48 to 1. The basic concept of the Rule is liquidity, its object being to require a broker-dealer in securities to have at all times sufficient liquid assets to cover its current indebtedness. At December 31, 2009, the Company's net capital of \$201,325 was \$194,827 in excess of the amount required by the SEC.

**4. INFORMATION RELATING TO POSSESSION OR CONTROL REQUIREMENTS FOR BROKER DEALERS PURSUANT TO RULE 15c3-3**

The Company is exempt from Rule 15c3-3 under the exemptive provisions of paragraph (k)(2)(i) and, accordingly, has no possession or control requirements.

**5. COMPUTATION OF DETERMINATION OF RESERVE REQUIREMENTS FOR BROKER DEALERS PURSUANT TO RULE 15c3-3**

Because the Company does not hold funds or securities for the account of any customers, as defined by Securities and Exchange Commission Rule 15c3-3, no reserve is required. Consequently, a reserve requirement was not calculated and a reconciliation to that calculation is not included herein.

## Supplemental Schedule Computation of Net Capital Pursuant to Rule 15c3-1

December 31, 2009

Total member's equity	\$266,018
Less non-allowable assets	
Commissions receivable	4,386
Fixed assets	5,422
Intangible assets	28,445
Prepaid and other assets	<u>22,253</u>
Net capital before charges on security positions	205,512
Less charges on security positions	<u>4,187</u>
Net capital	201,325
Minimum net capital required	<u>6,498</u>
Excess net capital	<u>\$194,827</u>
Total aggregate indebtedness	<u>\$ 97,474</u>
Ratio of aggregate indebtedness to net capital	<u>0.48</u>

*Note: There are no differences between the net capital reported above and the net capital reported on Form FOCUS X-17A-5 Part IIA at December 31, 2009.*

**INDEPENDENT AUDITOR'S REPORT**  
**ON INTERNAL CONTROL STRUCTURE**

Treasury Curve, LLC:

In planning and performing our audit of the financial statements and supplementary schedules of Treasury Curve, LLC (“the Company”) for the year ended December 31, 2009, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control. Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons.
2. Recordation of differences required by rule 17a-13.
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC’s above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management’s authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that errors or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the control environment and accounting system and their operation that we consider to be a material weakness as defined above.

We understand that the practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2009, to meet the SEC's objectives.

This report is intended solely for the use of management, the Securities and Exchange Commission, the Financial Industry Regulatory Authority, and other regulatory agencies which rely on rule 17a-5(g) under the Securities Exchange Act of 1934 and should not be used by anyone other than these specified parties.
