REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors of
Wang Investment Associates, Inc.

We have audited the accompanying balance sheet of Wang Investment Associates, Inc. as of December 31, 2009, and the related statements of operations, changes in stockholder's equity, and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Wang Investment Associates, Inc. at December 31, 2009, and the results of its operations, changes in stockholder's equity, and cash flows for the year then ended in conformity with U.S. generally accepted accounting principles.

The accompanying financial statements have been prepared assuming the Company will continue as a going concern. As discussed in Note 5 to the financial statements, the Company has had recurring net operating losses and few substantial assets. These conditions raise substantial doubt about its ability to continue as a going concern. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information contained on page 9 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the examination of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

WANG INVESTMENT ASSOCIATES, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009

1. ORGANIZATION AND NATURE OF BUSINESS

Wang Investment Associates, Inc. (Company) was formed March 27, 1986 in the State of South Carolina as a broker-dealer in securities transactions under the Securities Exchange Act of 1934. The Company is registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA). The Company has adopted December 31 as its year end.

The Company is engaged in a single line of business as a securities broker-dealer, which comprises several classes of services, including aging and riskless principal transactions.

The Company clears all of its transactions through security clearing brokers. The Company acts as a broker-dealer and is exempt from Securities and Exchange Commission Rule 15c3-3 under paragraph k(2)(ii) since it uses other security firms for clearing.

Pursuant to agreements between the Company and Southwest Securities Inc. (SSI), all securities transactions of the Company are cleared and its customers are introduced and cleared on a fully disclosed basis. The Company is exempt from provisions of Rule 15c3-3 and is not responsible for compliance with Section 4(c) of Regulation T of the Board of Governors of the Federal Reserve System, as all customers' accounts, as defined by such rules, are carried by SSI.

2. SIGNIFICANT ACCOUNTING POLICIES

Revenues

The Company's financial statements are prepared using the accrual method of accounting.

The Company earns its revenues from commissions for agency transactions and for risk-less principal transactions; income is earned from mark-ups and mark downs. The transactions are recorded on a trade date basis, which is not materially different than recording transactions on a settlement date basis.

Receivable from Clearing Broker

Receivable from clearing broker consists of money due from the Company's clearing firm, Southwest Securities Inc., for income earned on securities transactions. Management has determined that no allowance for doubtful accounts is necessary at December 31, 2009.

Clearing Deposit

The Company clears its transactions through SSI; there is \$25,044 clearing deposit at December 31, 2009.

WANG INVESTMENT ASSOCIATES, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009

Furniture and Equipment

Depreciation on property and equipment is provided using accelerated methods over their estimated useful lives of 5 to 7 years. The difference between book and tax depreciation for the year ending December 31, 2009 was immaterial.

Use of Estimates

The financial statements are presented in accordance with generally accepted accounting principles and prevailing industry practices, both of which require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at December 31, 2009, as well as the reported amounts of revenues and expenses during the year then ended. Estimates, by their nature, are based on judgment and available information. Management believes that the estimates utilized in the preparation of the financial statements are prudent and reasonable. Actual results could differ from those estimates.

3. NET CAPITAL REQUIREMENTS

The Company is a member of the FINRA and subject to the Securities and Exchange Commission's Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital of \$5,000 and requires the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2009 the Company had net capital of \$22,209, which was \$17,209 in excess of the FINRA minimum capital requirement.

4. CONTINGENCIES

In the normal course of business, the Company is engaged in various trading and brokerage activities on a principal and agency basis through a clearing broker.

In connection with these activities, a customer's unsettled transactions may expose the Company to off-balance-sheet risk in the event the customer is unable to fulfill its contractual obligations.

Significant credit exposure may result in the event that the Company's clearing broker is unable to fulfill their contractual obligation.

5. GOING CONCERN

The Company has few substantial assets and had an accumulated deficit of \$122,124 as of December 31, 2009. The capital resources needed have been provided by the sole shareholder. There can be no assurance that the shareholder will be successful in raising capital in sufficient amounts to fund the Company until such time as it is able to sustain itself. These reasons raise substantial doubt about its ability to continue as a going concern.

WANG INVESTMENT ASSOCIATES, INC
COMPUTATION OF NET CAPITAL UNDER RULE 15c3-1 OF THE
SECURITIES AND EXCHANGE COMMISSION
DECEMBER 31, 2009

NET CAPITAL:	
Total stockholder's equity	\$ 60,235
Deductions and/or charges:	
Non-allowable assets:	
Due from employee	(33,691)
Furniture and equipment	(2,249)
Security deposits	<u>(2,086)</u>
Net capital before haircuts on securities positions	<u>22,209</u>
Haircuts on securities positions	<u>-</u>
Net Capital	\$ <u><u>22,209</u></u>
AGGREGATE INDEBTEDNESS:	
Items included in the statement of financial condition:	
Accounts payable and accrued expenses	\$ <u><u>13,675</u></u>
COMPUTATION OF BASIC NET CAPITAL REQUIREMENT:	
Minimum net capital required	\$ <u><u>5,000</u></u>
Excess net capital	\$ <u><u>17,209</u></u>
Excess net capital at 1,000%	\$ <u><u>20,841</u></u>
Ratio: Aggregate indebtedness to net capital is	<u><u>62%</u></u>

The above computation agrees with the December 31, 2009 computation of net capital filed electronically by the company on FOCUS Form X-17A-5 Part IIA.

**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM
ON INTERNAL ACCOUNTING CONTROL REQUIRED BY SEC RULE 17a-5**

To the Board of Directors of
Wang Investment Associates, Inc.

In planning and performing our audit of the financial statements and supplementary information of Wang Investment Associates, Inc. (the "Company") for the year ended December 31, 2009, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities Exchange Commission (the "Commission"), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following: 1) Making quarterly securities examinations, counts, verifications and comparisons; 2) Recordation of differences required by Rule 17a-13, or, 3) Complying with the requirements for prompt payment for securities under Section 8 of Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining a system of internal accounting control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Registered with the Public Company Accounting Oversight Board
Member of the American Institute of Certified Public Accountants

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate. Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2009, to meet the Commission's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the Securities and Exchange Commission, the Financial Industry Regulatory Authority (FINRA), and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
