IAT Markets, LLC (the “Company”) was organized on July 19, 2000 and is a registered broker-dealer subject to regulation by the Securities and Exchange Commission (SEC). The Company is also a member of the Financial Industry Regulatory Authority (FINRA).

The Company is authorized to act as an introducing broker in the trading of debt and equity securities on a “give-up” basis. The Company will not hold customer funds or safe keep customer securities.

The Company was engaged as a broker-dealer during the year ended December 31, 2009, but did not have any closed transaction activity for the year.

**2. Summary of Significant Accounting Policies**

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

**Cash Equivalents**

The Company considers all highly liquid investments with maturities of three months or less when purchased to be cash equivalents.

**Income Taxes**

As a limited liability company, the Company is not liable for federal or state income taxes. The member is responsible to report separately the distributive share of member income or loss to tax authorities.

**3. Capital Transactions**

The sole member, International Asset Transactions, LLC, intends to infuse sufficient working capital to meet operational shortfalls and continued compliance with minimum net capital requirements. During the year ended December 31, 2009, the sole member contributed \$22,052 of additional capital and received no distributions. (See Note 4)

**4. Related Party**

The Company entered into an expense sharing agreement with its sole member, International Asset Transactions, LLC. During 2009, goods and services were provided under the expense sharing agreement totaling \$18,052, which was contributed to member's equity. The sole member contributed capital to the Company in the amount of \$4,000 in addition to the goods and services provided under the expense sharing agreement.

**5. Net Capital Requirements**

The Company is subject to the net capital requirements of rule 15c3-1 of the Securities and Exchange Commission, which requires a broker-dealer to have at all times sufficient liquid assets to cover current indebtedness. In accordance with the rule, the Company is required to maintain minimum net capital of the greater of \$5,000 or 1/15 of aggregate indebtedness, as defined. At no time may the ratio of aggregate indebtedness to net capital exceed 15 to 1.

At December 31, 2009, the Company had net capital of \$10,117, which was \$5,117 in excess of its required net capital of \$5,000. The Company had aggregate indebtedness of \$10,831. Its ratio of aggregate indebtedness to net capital was 1.07 to 1.

**6. Off-Balance-Sheet Risk and Concentration of Credit Risk**

The Company, as an introducing broker, will clear all transactions with and for customers on a fully disclosed basis with a clearing broker and promptly transmits all customer funds and securities to the clearing broker who carries all of the accounts of such customers. These activities may expose the Company to off-balance-sheet risk in the event that the customer and/or clearing broker is unable to fulfill its obligations.

**7. Subsequent Events**

The Company has evaluated subsequent events through February 22, 2010, the date financial statements were available for issuance.
