INDEPENDENT AUDITOR'S REPORT

Board of Directors
N.E.I. Energy Partners, Inc.

We have audited the accompanying statement of financial condition of N.E.I. Energy Partners, Inc., as of December 31, 2009, and the related statements of income, changes in stockholder's equity, changes in liabilities subordinated to claims of general creditors, and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of N.E.I. Energy Partners, Inc., as of December 31, 2009, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in the Schedules I and II is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

N.E.I. ENERGY PARTNERS, INC.
Notes to Financial Statements
December 31, 2009

Note 1 - Summary of Significant Accounting Policies

N.E.I. Energy Partners, Inc. (the "Company") is a direct participation broker-dealer in securities registered with the Securities and Exchange Commission under ("SEC") Rule 15c3-3(k)(2)(i). The Company is a member of the Financial Industry Regulatory Authority ("FINRA").

Income taxes are provided for the tax effects of transactions reported in the financial statements and consist of taxes currently due. Deferred taxes are also recognized for operation losses that are available to offset future taxable income, subject to a valuation allowance.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Note 2 - Net Capital Requirements

Pursuant to the net capital provisions of Rule 15c3-1 of the Securities Exchange Act of 1934, the Company is required to maintain a minimum net capital, as defined under such provisions. Net capital and the related net capital ratio may fluctuate on a daily basis.

At December 31, 2009, the Company had net capital of approximately \$6,448 and net capital requirements of \$5,000. Company's ratio of aggregate indebtedness to net capital was 0 to 1. The Securities and Exchange Commission permits a ratio of no greater than 15 to 1.

Note 3 - Possession or Control Requirements

The Company holds no customer funds or securities. There were no material inadequacies in the procedures followed in adhering to the exemptive provisions of (SEC) Rule 15c3-3(k)(2)(i).

N.E.I. ENERGY PARTNERS, INC.
Notes to Financial Statements
December 31, 2009

Note 4 - Income Taxes

On December 30, 2008, the Financial Accounting Standards Board (“FASB”) issued Staff Position (“FSP”) No. FIN 48-3 (FASB ASC 740), “*Effective Date of FASB Interpretation No. 48 for Certain Nonpublic Entities*,” which permitted the Company to defer the implementation of FASB Interpretation No. 48, “*Accounting for Uncertainty in Income Taxes*” (FASB ASC 740) until its fiscal year beginning January 1, 2009. FASB ASC 740 clarifies that management is expected to evaluate an income tax position taken, or expected to be taken, for likelihood of realization, before recording any amounts for such position in the financial statements. FASB ASC 740 also requires expanded disclosure with respect to income tax positions taken that are not certain to be realized. The Company adopted FASB ASC 740 for its year ended December 31, 2009. The adoption did not have a material impact on the Company’s financial statements.

At December 31, 2009, the Company has a net operating loss carryforward of approximately \$12,417 which may be offset against future taxable income. \$4,575 of the operating loss carryforward will expire in 2025, \$1,194 will expire in 2026 and \$6,648 will expire in 2029. The tax benefit of \$1,863 has not been reported in these financial statements because the Company believes there is at least a 50% chance that the carryforwards will expire unused. Accordingly, the tax benefit has been offset by a valuation allowance of the same amount. The valuation allowance was unchanged for the year ended December 31, 2009.

Note 5 - Related Party Transactions

The Company is provided administrative services from Nautilus Exploration, Inc. (“Nautilus”), an affiliate company. The Company and Nautilus are under common control and the existence of that control may create operating results and financial position significantly different than if the companies were autonomous.

The Company earns commissions from the sale of oil and gas “non operating undivided working interest participation programs.” Nautilus is manager and operator of the drilling programs. For the year ended December 31, 2009, the Company earned \$0 from the sale of such interests.

During the year ended December 31, 2009, all expenses incurred and all other direct expenses were paid by Nautilus. The Company is economically dependent on Nautilus.

N.E.I. ENERGY PARTNERS, INC.
Notes to Financial Statements
December 31, 2009

Note 6 - Concentration of Risks

The Company develops and implements financing for the sale of oil and gas “non operating undivided working interest participation programs” for Nautilus. These programs require specialized investment banking and advisory services through the private placement of securities. These programs are generally located in Texas.

Note 7 - Recent Pronouncements

The FASB issued Statement No. 168, *The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles* (“SFAS 168”) (FASB ASC 105-10). SFAS 168 replaces all previously issued accounting standards and establishes the *FASB Accounting Standards Codification* (“FASB ASC” or the “Codification”) as the source of authoritative accounting principles recognized by the FASB to be applied by nongovernmental entities in the preparation of financial statements in conformity with U.S. GAAP. SFAS 168 is effective for all annual periods ending after September 15, 2009. The FASB ASC is not intended to change existing U.S. GAAP. The adoption of this pronouncement only resulted in changes to the Company’s financial statement disclosure references. As such, the adoption of this pronouncement had no effect on the Company’s financial statements.

In May 2009, the FASB issued Statement No. 165, *Subsequent Events* (“SFAS 165”), included in the Codification under FASB ASC 855, which establishes general standards of accounting for and disclosure of events occurring after the balance sheet date, but before the financial statements are issued or available to be issued. SFAS 165 also requires entities to disclose the date through which it has evaluated subsequent events and the basis for that date. The Company adopted SFAS 165 for its year ended December 31, 2009. The adoption did not have a material impact on the Company’s financial statements.

See Note 8 for more information regarding the Company’s evaluation of subsequent events.

Note 8 - Subsequent Events

The Company is seeking a buyer and will continue to remain registered as a broker/dealer. Management intends to leave enough capital in the Company to meet net capital requirements.

N.E.I. ENERGY PARTNERS, INC.
Notes to Financial Statements
December 31, 2009

Note 8 - Subsequent Events, continued

In preparing the accompanying financial statements, in accordance with FASB ASC 855, "Subsequent Events", the Company has reviewed events that have occurred after December 31, 2009, through February 19, 2010, the date the financial statements were available to be issued. During this period, the Company did not have any material subsequent events.

EXEMPTIVE PROVISIONS

The Company has claimed an exemption from Rule 15c3-3 under section (k)(2)(i), in which the Company is a direct participation broker-dealer.

Independent Auditor's Report

On Internal Control

Required By SEC Rule 17a-5

Year Ended December 31, 2009

CF & Co., L.L.P.

CERTIFIED PUBLIC ACCOUNTANTS
& CONSULTANTS

INDEPENDENT AUDITOR'S REPORT ON INTERNAL
CONTROL REQUIRED BY SEC RULE 17a-5

To the Board of Directors of
N.E.I. Energy Partners, Inc.

In planning and performing our audit of the financial statements and supplemental information of N.E.I. Energy Partners, Inc. (the "Company"), as of and for the year ended December 31, 2009 in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with

management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2009, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the Financial Industry Regulatory Authority, and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
